Revised and updated flashcards, from an award-winning medical educator, will help candidates answer the most common question tested on the USMLE Steps 2 & 3: "What is the most likely diagnosis?" This valuable resource features 200 high-yield questions, test-specific questions and answers, and more.

This new addition to the Step-Up series uses a case-based format to parallel the manner in which interns learn and the thought processes interns employ when seeing a patient. Each case presentation includes a work-up, diagnosis, and treatment. Each case presentation also includes a discussion of the multiple medical problems possible and the reason why they are or are not a component of the final diagnosis. The content focuses on subjects most commonly tested on the USMLE Step 3. Quick Hits, buzzwords, mnemonics, acronyms, and lists are used throughout the text. A companion Website will offer the fully searchable text and color photographs.
