The Blue Planet: Environmental Studies is a series of five books for Classes 1 to 5. The series is planned to meet the vision of NCF(National Curriculum Framework), by the National Council of Educational Research and Training(NCERT). Salient features of the series
· Each chapter is developed with well graded topics closely linked with the daily experiences of the children from their surroundings.
· Concepts or topics are presented using simple language, illustrated with vibrant colourful pictures.
· All the text are given in a logical manner for better understanding.
· Each chapter is introduced with an interesting and interactive warm-up exercise as a Starter.
· Many interesting facts related to each chapter are placed under Factopedia to develop the natural curiosity in young minds and become a useful tool for extended learning.
· In-text exercises and some hands-on activities are provided in Pause to Do section to sharpen the concepts thoroughly.
· Application and analysis based questions are put in Hots to develop logical thinking skills in children.
· Pair and Share section provides some interesting topics which are to be discussed and shared with the friends and elders.
· Classroom or project based activities are given in Activity time.
· A variety of questions are provided in Let's Revise section at the end of each chapter, which encourage children to recall, compare and analyse different concepts and phenomena learnt in each chapter.
· Various outdoor activities are also incorporated to make learning more interesting.
· Life skill based questions, are designed to inculcate moral values and skills needed for betterment of life from the very young age.
· Suggestive guidelimes for teachers are given in

Teacher's Note to enhance the teaching learning process.
· Two test papers are provided for Half Yearly Examination and Annual Examination in each book.
Goyal Brothers Prakashan

While their parents went to parties at Delhi's Roshanara Club, the children of the Das family brought themselves up, reading Byron, listening to the gramophone, and watching over sad, alcoholic Mira masi. Many years later, the youngest, Tara—now a mother of two—has returned from America to the scene of her unusual, lonesome childhood. Here, as always, is her sister Bim, doggedly single college-lecturer and caretaker of all.

In her presence, Tara sinks into the blissful torpor of home, at once her dreamy old self but careful as ever around her older sister. For at the heart of this reunion are numerous tensions: Tara feels the persistent guilt of having, like the others, abandoned Bim; their autistic brother Baba is increasingly unquiet; and Bim has not spoken to their other brother, Raja, for years and refuses to go to his daughter's wedding. Clear Light of Day is vintage Anita Desai, a novel as wonderfully contemplative as a cup of afternoon tea.

Annual Report

Environmental Studies: Understanding the World Around Us is a series of five books for classes 1 to 5 on Environmental Studies. The series strictly follows the new NCERT syllabus and the vision of the National Curriculum Framework (NCF) 2005. The series introduces young learners to their environment. They also learn how to preserve it while reading the books. The books have been written in a child-friendly language and are supported by lively illustrations. The concepts have been explained in a simple, clear and logical manner for better understanding.

Young Ramchand rushes through the dusty streets of Amritsar, once again late for work. Chastised by his boss, he takes his place among the cottons and silks of the sari shop, selling yards of cloth to the wealthy and fashionable women of the town. Offered a glimpse of a more opulent world, Ramchand is seduced by the idea that he might somehow better himself. But making dreams real will come at a price that a poor shop assistant might not be able to pay ... Funny, compelling and unflinchingly honest, The Sari Shop is a heartbreaking story of a young man's struggle to be someone else and a brilliantly clear-sighted debut.

The series, Awareness Social Sciences for classes VI, VII and VIII is based on the syllabus as specified by NCERT for the latest sessions. The syllabus has tried to link the academic curriculum with real life and, thus, dwelled on connecting the students' understanding with the real world around them. Accordingly, this book has incorporated real life examples , case studies, story lines and narratives which could be immensely helpful in assimilation and to inculcate interests among the students significantly.

**The Little Fir**

**Gulliver's Travels**

**Chuskit goes to School**

**The Blue Planet — Environmental Studies Course Book for class 5**

“I wonder How The Fabric Of My Life Came Apart So Quickly. It Was A Rich Fabric, Something I’d Taken Great Pains And Over Three Decades To Weave. We Might Each Recover Individually, But The Richness Of The Fabric Is Gone.”
Javed Sharif Returns Home To Srinagar For His Father’s Eighty-Fourth Birthday. He Returns With A Sense Of Well-Being, Despite Troubles, The Violence And The Bitterly Cold Weather. Unexpectedly, His Dreams Of Retiring And Settling In Kashmir Again Are Shattered By A Knock On The Door On The Day Of The Birthday Party And, As He Watches His Life Unravel, His World Will Never Be The Same Again. The Homecoming Is The Story Of One Family, But Also Of The Many Families In Kashmir Whose Lives Have Been Destroyed By Decades Of Violence And Uncertainty. Deeply Moving And Disturbingly Honest, This Is A Haunting Tale That Is Political Yet Profoundly Personal, And Tells Of The Pain And Suffering That Is A Result Of The Cruelty;And Ultimately The Indifference;Of The State.

The new edition of the book "Child Development & Pedagogy for CTET & STET" has been updated with past CTET papers uptil 2016 (September). Further some past papers of various State TETs have also been added. The book provides an exclusive treatment to the subject with special emphasis upon Child Development, Inclusive Education, Learning and the Pedagogical Issues. The book has been divided into 10 chapters. For each chapter an exhaustive theory has been provided which covers the complete syllabus as prescribed by the CBSE/ NCERT/ NCF 2005. This is followed by 2 set of exercises. The exercise 1 contains a set of MCQs from the PREVIOUS YEAR Question Papers of CTET and various STET's. The exercise 2, "TEST YOURSELF" provides carefully selected MCQs for practice. The book is a must for all the candidates appearing in the Paper 1 and 2 of the CTET and all State TETs.

The Giving Tree

The Children's Story

**Once upon a time, a young farmer had a dream. He bought a small farm in the country at the edge of town, surrounded by fields and acres of land. His house was nestled between a wooded area where he planted a small group of trees, and a large clearing where he planted the Little Fir. As the seasons changed, the trees grew taller and stronger. All of the trees except Little Fir. He was growing too, but it was much slower than the others and they all began to notice. Once their teasing started, the questions never stopped. Will Little Fir ever know his purpose? Is he important, or is he just a mistake? Read along as Little Fir finds the answers to these questions, while showing the other trees that everyone is unique and special in their own way!**

**Developed by Professionals and Experienced Teachers from top schools across the country, the book has been divided into four sections namely Mathematical Reasoning, Logical Reasoning, Achievers section, and Model Papers. Mathematical concepts have been cleared through Solved Examples, Illustrations, and Diagrams. To enhance the problem solving skills of candidates, Multiple Choice Questions (MCQs) with detailed solutions have been provided in each chapter. Two Mock Test Papers have been included for practice purpose. A CD containing Study Chart for systematic preparation, Tips & Tricks to crack Maths Olympiad, Pattern of Exam, and links of Previous Years Papers is accompanied with this book. The book is recommended for various school level and competitive exams. #v&spublishers**

**It was a simple incident in the life of James Clavell—a talk with his young daughter just home from school—that inspired this chilling tale of what could happen in twenty-five quietly devastating minutes. He writes, "The Children's Story came into being that day. It was then that I really realized how vulnerable my child's mind was—any mind, for that matter—under controlled circumstances. Normally I write and rewrite and re-rewrite, but this story came quickly—almost by itself. Barely three words were changed. It pleases me greatly because I kept asking the questions... Questions like, What's the use of 'I pledge allegiance' without understanding? Like Why is it so easy to divert thoughts? Like What is freedom? and Why is so hard to explain? The Children's Story keeps asking me all sorts of questions I cannot answer. Perhaps you can—then your child will...."**

*In winning a medal she is no longer there to receive, a tight-lipped little Polish girl teaches her classmates a lesson. Includes a note from the author's daughter, Helena Estes.*

*As The Giving Tree turns fifty, this timeless classic is available for the first time ever in ebook format. This digital edition allows young readers and lifelong fans to continue the legacy and love of a classic that will now reach an even wider audience. "Once there was a tree...and she loved a little boy." So begins a story of unforgettable perception, beautifully written and illustrated by the gifted and versatile Shel Silverstein. This moving parable for all ages offers a touching interpretation of the gift of giving and a serene acceptance of another's capacity to love in return. Every day the boy would come to the tree to eat her apples, swing from her branches, or slide down her trunk...and the tree was happy. But as the boy grew older he began to want more from the tree, and the tree gave and gave and gave. This is a tender story, touched with sadness, aglow with consolation. Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with Lafcadio, the Lion Who Shot Back. He is also the creator of picture books including A Giraffe and a Half, Who Wants a Cheap Rhinoceros?, The Missing Piece, The Missing Piece Meets the Big O, and the perennial favorite The Giving Tree, and of classic poetry collections such as Where the Sidewalk Ends, A Light in the Attic, Falling Up, Every Thing On It, Don't Bump the Glump!, and Runny Babbit. And don't miss the other Shel Silverstein ebooks, Where the Sidewalk Ends and A Light in the Attic!*

*Children are naturally inquisitive and eager to explore and learn about the world around them. It is important for their guardians, both Parents and Teachers, to satisfy their queries, and that too, in such a way that the children are able to understand and comprehend the concepts as well as learn from them. Also, there exists a gap in the level of information and knowledge provided to the children by the Parents vs. that provided by their Teachers. Discrepancies might also exist in the methodology(ies) through which the information and knowledge is relayed. This increases the possibility that the children might either not understand the concept clearly or become confused about the correct interpretation of the concepts. With these objectives in mind, and to build connectivity between the teaching methodologies by Parents and Teachers, we at Oswaal Books, have come up with this Manual for Teachers and Parents. Some benefits of using this manual are:*

- It aims to aid the Teachers and Parents in simplifying the concepts studied by children as a part of their curriculum
- It equips the parents and teachers to enable the children to understand the subjects, and also evaluate their measure of understanding and creativity.
- It includes Learning and Understanding Aids along with a Lesson Plan for each Chapter
- It demonstrates Effective Teaching Techniques
- It also gives various Propositions for Step-wise Learning and Building up of Concepts

**IMPORTANT FEATURES OF THE BOOK:**
*Strictly based on latest NCERT Textbook The manual is based on the latest NCERT Textbook 6 Exploratory Learning objectives These provide explicit instructions to parents and teachers to teach their wards Effective Teaching Techniques The manual has tried and tested teaching techniques for higher success rate WHAT THIS BOOK HAS FOR YOU: Lesson Plan for each Chapter This provides clarity and direction to the users Tabulated and Categorised information This helps in creating and effectively executing the lesson plan 5Es of Learning This Manual is based on the 5 Es of Learning: Engage, Explore, Explain, Elaborate & Evaluate About Oswaal Books: We feel extremely happy to announce that Oswaal Books has been awarded as ‘The Most Promising Brand 2019’ by The Economic Times. This has been possible only because of your trust and love for us. Oswaal Books strongly believes in Making Learning Simple. **Lakhmir Singh's Science is a series of books which conforms to the NCERT syllabus. The main aim of writing this series is to help students understand difficult scientific concepts in a simple manner in easy language. The ebook version does not contain CD.**

**The Workbook series as the name suggests has been designed by Arihant with an aim of helping students practice the concepts using hundreds of practice questions of all types which have been or may be asked in the upcoming CBSE Examinations. It is a practice book aimed at mastering the concepts and acquiring comprehensive knowledge about the varied types of questions asked in CBSE Class1st Mathematics Examination. The present workbook for CBSE Class 1stMathematics Examination has been divided into 13 chapters namely Shapes & Space, Numbers from One to Nine, Addition, Subtraction, Numbers from Ten to Twenty, Time,**

Measurement, Numbers from Twenty-one to Fifty, Data Handling, Patterns, Numbers, Money and How Many, each containing ample number of practice questions which have been designed on the lines of questions asked in previous years' CBSE Class 1st Mathematics Examination. Each chapter in the book contains ample number of practice questions which have been designed on the lines of questions asked in previous years' CBSE Class 1st Mathematics Examination. The varied types of practice questions will make sure that the students get an insight into the kind of questions asked in the CBSE Class 1st Mathematics Examination. This book is strictly based on NCERT and complements it by providing practice to help reinforce the material given in each chapter of NCERT. As the book contains ample number of examination pattern based practice questions, it for sure will act as perfect practice workbook for the upcoming CBSE Class 1st Mathematics Examination. The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

This report presents the conceptual foundations of the OECD Programme for International Student Assessment (PISA), now in its seventh cycle of comprehensive and rigorous international surveys of student knowledge, skills and well-being. Like previous cycles, the 2018 assessment covered reading, mathematics and science, with the major focus this cycle on reading literacy, plus an evaluation of students' global competence – their ability to understand and appreciate the perspectives and world views of others. Financial literacy was also offered as an optional assessment.

Bella is a happy and inquisitive five-year old girl who loves to play with her friends, go to school, and spend time with her family. Everyone tells her how beautiful she is, but she doesn't feel as beautiful as the faces she sees on TV and in the magazines. Join Bella as she navigates a very important life lesson and learns to love the skin she is in. This captivating story for young children provides a message of empowerment and acceptance that readers of all ages can understand and enjoy.

Friends of the Earth is a carefully graded Environmental Studies series for classes 1 to 5. The series adheres to the National Curriculum Framework 2005 and the books have been designed in accordance with the latest guidelines laid down by the NCERT.
