Anna Karenina is a novel by the Russian writer Leo Tolstoy, published in serial installments from 1873 to 1877 in the periodical The Russian Messenger. Tolstoy clashed with editor Mikhail Katkov over political issues that arose in the final installment (Tolstoy's negative views of Russian volunteers going to fight in Serbia); therefore, the novel's first complete appearance was in book form in 1878. Widely regarded as a pinnacle in realist fiction, Tolstoy considered Anna Karenina his first

true novel, after he came to consider War and Peace to be more than a novel. Fyodor Dostoyevsky declared it "flawless as a work of art." His opinion was shared by Vladimir Nabokov, who especially admired "the flawless magic of Tolstoy's style," and by William Faulkner, who described the novel as "the best ever written." The novel remains popular, as demonstrated by a 2007 Time poll of 125 contemporary authors in which Anna Karenina was voted the "greatest book ever written." Anna Karenina is the tragic story of a married aristocrat/socialite and her affair with the affluent Count Vronsky. The story starts when she arrives in
