This paper reviews economic developments in Suriname during 1994–96. In 1995, there was a major turnaround in Suriname's economic and financial situation following the expansionary fiscal and monetary policies pursued in the first half of the 1990s and the political and economic disruptions of the 1980s. The marked improvement was owing to the restoration of financial discipline, a strengthening of international bauxite prices, and the unification and subsequent stabilization of the exchange rate. The inflation fell further to less than 1 percent in 1996.

The definitive introduction to routing, demystifying routers by exploring the mechanics, routing protocols, network interfaces, and operating systems. The book teaches how routers can be used in today's networks, as well as how they will be used in the future.

Dead Petals - An Apocalypse

Althusser & Law is the first book specifically dedicated to the place of law in Louis Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well as theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called 'Ideological State Apparatuses', law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

Who was Robin Hood? Romantic legend casts him as outlaw, archer, and hero of the people, living in Sherwood Forest with Friar Tuck, Little John and Maid Marian, stealing from the rich to give to the poor - but there is no historical proof to back this up. The early ballads portray a quite different figure: impulsive, violent, vengeful, with no concern for the needy, no merry band, and no Maid Marian. Hodd provides a possible answer to this famous question, in the form of a medieval document rescued from a ruined church on the Somme, and translated from the original Latin. The testimony of an anonymous monk, it describes his time as a boy in the greenwood with a half-crazed bandit called Robert Hodd - who, following the

thirteenth-century principles of the 'heresy of the Free Spirit', believes himself above God and beyond sin. Hodd and his crimes would have been forgotten without the boy's minstrel skills, and it is the old monk's cruel fate to know that not only has he given himself up to apostasy and shame, but that his ballads were responsible for turning a murderous felon into the most popular outlaw hero and folk legend of England, Robin Hood. Written with his characteristic depth and subtlety, his sure understanding of folklore, his precise command of detail, Adam Thorpe's ninth novel is both a thrilling re-examination of myth and a moving reminder of how human innocence and frailty fix and harden into history. Offers a collection of true facts about animals, food, science, pop culture, outer space, geography, and weather.

A thousand years before the Winter War, Elgo, prince of the Vanadurin, killed the Dragon Sleeth and returned home with the fabulous wealth from the dead beast's lair. But there was more in the bounty than gems and gold, for the treasure was cursed, and in time it brought death to noble and peasant, war between Man and Dwarf, strife and destruction beyond reckoning. Now, generations later, as the conflict continues, the great Dragon Black Kalgath, in league with the Wizard Andrak, appears to avenge Sleeth's death and claim the Dragon-cursed hoard. Against this unholy alliance, two sworn enemies set forth to find a legendary long-lost weapon: a warhammer of incalculable power that may be the only hope of victory. But neither the Warrior Maiden Elyn nor the Dwarf Thork is prepared for the dangers awaiting them on this quest....

Natalie Shapero spars with apathy, nihilism, and mortality, while engaging the rich territory of the 30s and new motherhood

The rewards of carefully chosen alternative investments can be great. But many investors don't know enough about unfamiliar investments to make wise choices. For that reason, financial advisers Larry Swedroe and Jared Kizer designed this book to bring investors up to speed on the twenty most popular alternative investments: Real estate, Inflation-protected securities, Commodities, International equities, Fixed annuities, Stable-value funds, High-yield (junk) bonds, Private equity (venture capital), Covered calls, Socially responsible mutual funds, Precious metals equities, Preferred stocks, Convertible bonds, Emerging market bonds, Hedge funds, Leveraged buyouts, Variable annuities, Equity-indexed annuities, Structured investment products, Leveraged funds The authors describe how the investments work, the pros and cons of each, which to consider, which to avoid, and how to get started. Swedroe and Kizer evaluate each investment in terms of: Expected returns Volatility Distribution of returns Diversification potential Fees Trading and operating expenses Liquidity Tax efficiency Account location Role in an asset-allocation program Any investor who is considering or just curious about investment opportunities outside the traditional world of stocks, bonds, and bank certificates of deposit would be well-advised to read this book.

Now the youngest fans can learn their ABC's with Canada's favourite game! Two team Canadian animals, the Woodland Wapitis and the Forest Flyers, face off in an action-packed ABC hockey game. You'll be cheering for your favourite players as they illustrate the alphabet and the game, from A is for Arena to Z is for Zamboni machine! Find more fun ways to learn by identifying the odd versus even jersey numbers. This oversize board book is perfect for young learners -- and hockey fans of all ages!

"Cisco BGP-4 Command and Configuration Handbook is a clear, concise, and complete source of documentation for all Cisco IOS Software BGP-4 commands. If you are preparing for the CCIE written and lab exams, this book can be used as a laboratory guide to learn the purpose and proper use of every BGP command. If you are a network designer, this book can be used as a ready reference for any BGP command." "Cisco BGP-4 Command and Configuration Handbook provides example scenarios that demonstrate the proper use of every BGP-4 command, which can be implemented using a minimum number of routers. This book enables you to learn each command without requiring an extensive and expensive lab configuration. The scenarios are presented so that the purpose and use of each command can be demonstrated without clouding the issue. Some of the examples lead you into complex working situations in order to reinforce the understanding of the operation of the particular BGP command."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. What woman doesn't love cute shoes? Rhonda Rhea's not afraid to admit her obsession with them--or to use this "shallow" addiction as a basis for a book! High Heels in High Places is a biblical journey for women who want to go deeper in their spiritual lives, but also want to have your-high-heels laughter along the way. Using Colossians 1:9-12 as a springboard, Rhonda takes women on a fun adventure infused with practical spiritual truth about what it means to walk worthy before God. This unique and hilarious exploration is perfect for the "shoe-obsessed overachiever" in all of us. It makes a great gift for the woman who has it all (and just needs to have enough closet space to store it), or can be an enlightening small group resource.

Too bad these friends are a little wiggy! -- VIZ Media

Following the Pulitzer prize-winning collection Stag's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a

daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

*** Updated applications and revised end-of-chapter problems.**

This book presents more than 1,500 quotes from C. S. Lewis's writings, providing ready access to his thoughts on a variety of topics. An exhaustive index references key words and concepts, allowing readers to easily find quotes on any subject of interest.

Inventive, hilarious and joyously colorful, this fill-in journal was designed to help kids capture nearly everything that's uniquely rad about them. With design-savvy, yet completely kid-friendly illustrations, they're asked to draw or write about a bunch of interesting things -- like what their hair looks like, what their band name would be, what they'd bring to outer space, and how they feel about lightning, lizards and pickles. There may or may not be a place for super-secret stuff inside the book jacket. Whether kids complete their entire compendium on a rainy day, or finish it over a year, it'll become a treasure to look back on and smile. Ideal for the holidays, rainy days and happy occasions of all kinds, this is an imagination-building gift will engage kids for hours on end

Not just your garden-variety zombie apocalypse... It was a week ago when I heard the stomping on the front porch. It sounded like someone was drunk. I opened the door and it was my neighbor. She lunged at me. Dead Petals is a different species of zombie tale. Apocalypse, Rapture and the transformation of reality, all sprouting from the same seed.

Put an end to knee pain! An esteemed surgeon and a water therapy expert team up to tell you the essentials about your knees, how to get them back into shape, and how to prevent further pain and injury. Through careful explanation, they examine each part of the healing process—from basic function to long-term exercises—guiding you to a pain-free life. With detailed information on a variety of healing options, you will learn how to make the right decisions for your knees, understand when and why surgery is appropriate, and how simple exercise in your living room and in the pool can speed the post-surgical healing process. Can Leonardo battle ninja robots and keep his troublemaking brothers in line? Kids ages 2 to 5 will find out in this all-new, full-color book starring Nickelodeon's Teenage Mutant Ninja Turtles. This Nickelodeon Read-Along contains audio narration.

Discover everything you've ever wanted to know about marijuana all in one place with this authoritative A-to-Z guide to cannabis! What's a wake and bake? Who is Mitch Hedberg? What does Louisa May Alcott have to do with cannabis? And what exactly is the difference between a bong and a bubbler? Now you can "weed" all about it and find all the answers and more with this entertaining and updated edition of Weedopedia, your guide to everything marijuana—from the best movies to watch while high to cannabis slang and terminology. Whether you're interested in learning

more about all things marijuana, or if you want something entertaining to read while enjoying a toke, this book is the one-stop-shop for all your weed-related needs.

This is the ninth in the 300 series of circuit design books, again contains a wide range of circuits, tips and design ideas. The book has been divided into sections, making it easy to find related subjects in a single category. The book not only details DIY electronic circuits for home construction but also inspiring ideas for projects you may want to design from the ground up. Because software in general and microcontroller programming techniques in particular have become key aspects of modern electronics, a number of items in this book deal with these subjects only. Like its predecessors in the 300 series, "308 Circuits" covers the following disciplines and interest fields of modern electronics: test and measurement, radio and television, power supplies and battery chargers, general interest, computers and microprocessors, circuit ideas and audio and hi-fi. These fun faux matchsticks are printed with prompts and talking points that will get loved ones laughing, connecting, and playing together. A perfect way to liven up family gatherings and road trips, this colorful box of joy makes an extra-sweet gift for Mother's Day or Father's Day.

Examines different cities from all over the world and looks at their physical, economic, social, and political structure, as well as their relationships to each other and where future urbanization might be headed.
