2012 Standard Catalog of World Coins 1901-2000

In a coin market that is always changing it's good to have a reference catalog that not only helps you survive the changes, but also helps your coin collection thrive. That's what 2012 Standard Catalog of World Coins 1901-2000 does, and does well. This top-selling coin guide contains nearly 1

million values for coins minted around the world, between 1901 and 2000. With few exceptions, the values stated in this new 39th edition have risen from those of previous cases, and in some cases, the values have increased substantially - based on market demands. In addition to current values, this book also contains 60,000 actual-size illustrations of coins - including the front and back (obverse and reverse). These illustrations are great for helping to accurately identify coins - which is an essential part of grading and pricing your coins. With listings for gold, platinum,

palladium and silver coins, this book also helps you chart a course of success in today's turbulent precious metals market by providing you with: Total coin weight Fineness Actual precious metal Trusted by everyone from researchers and collectors to dealers and historians, this book is the one coin guide you need.

The only book on the market focusing on world coins released from 2001 to date, the 2020 Standard Catalog of World Coins, 2001-Date, features current and completely vetted values for the most recent coins produced and sold by today's World Mints, Central Banks and their distributors. Thanks to

the invaluable insight and expertise of 150 coins experts worldwide, the new edition of the Standard Catalog of World Coins, 2001-Date, bulges with new issue coinage and value revisions reflecting the growing market for modern commemorative precious metal coins in their myriad of permutations.

More than 25,000 actual-size illustrations provide collectors, dealers and enthusiasts with vital visual information to this rapidly growing collecting area. As the only reference focusing on modern world coins, this invaluable catalog features current and completely vetted values for the most recent coins produced and sold by today's World Mints, Central Banks and their distributors. Inside you'll discover: • Current market values for coins in at least five grades, all determined by international panel of coin experts. • Each coin listing providing up-to-date values listed by date,

variety and grade, universal KM reference number, detailed descriptions of obverse and reverse designs. • Coins struck in gold, platinum and silver detailed with total coin weight, fineness and actual precious metal weight. AUTHORS: Market analyst Thomas Michael has served as director of world coin values at Krause Publications for 30 years, playing a critical role in more than 100 leading references. Tracy L. Schmidt has an extensive numismatic editorial background and serves as the lead editor for a number of critically important catalogues. 25,000 b/w illustrations

This essential volume is the only reference collectors of 19th century coins will need. In this updated and expanded edition, collectors and dealers will find identification and accurate dollar pricing for every known 19th century coin, in five grades of condition. All prices have been analyzed and updated to reflect the most recent shifts in today's market. Heavily illustrated with over 25,000 photos, most actual size, this guide makes identification of any coin listed a simple task. It also includes up-to-date figures for all foreign exchange rates and precious metals

values. This catalogue's easy-to-use format is alphabetical according to country of issue. Collectors of all levels will easily navigate through the volumes of information with the user's guide and helpful charts.
