humanity has ever faced? Making Contact presents multiple perspectives on what no longer can be denied: UFOs and their occupants are visiting our world. The book answers questions which remain in the wake of the recent Pentagon's disclosures as to who and why these beings are here. The volume contains original writings by the leading experts of the phenomena such as: Linda Moulton Howe, Earthfiles reporter, Whitley Strieber best-selling author of Communion, Professor John E. contributes and curates the collection with 30 years of experience with the subject. The Foreword by George Noory of Coast to Coast AM kicks off the volume with his veteran overview of the need to wake up to the “new realities of extraterrestrial existence.” At this critical juncture in the government’s official acknowledgement of the reality of UFOs/UAPs, scientists, politicians and mainstream news outlets have no idea what to make of these startling revelations or the outpouring of sightings and “contact” experiences currently being reported on a global scale.

The book stands as the most comprehensive clarification to date on the intent and intelligence behind the phenomena. The variety of viewpoints expressed in the volume provide a solid foundation for the “preparation” of the greatest challenge to ever face humankind. Making Contact stands as the essential handbook for embracing the most exalted moment in history: Meeting the cosmic others.

It's a puzzle to the extreme, and to this day there is no answer why most of DNA seems to have no symmetry or codes of any kind. But Kryon now gives us a full revelation of the twelve layers, or energies of DNA. Could it be that our entire Akashic record is carried in our DNA? What else might be represented? It starts to make sense, and the most recent discoveries of quantum physics only

While Robotic Process Automation (RPA) has been around for about 20 years, it has hit an inflection point because of the convergence of cloud computing, big data and AI. This book shows you how to leverage RPA effectively in your company to automate repetitive and rules-based processes, such as scheduling, inputting/transferring data, cut and paste, filling out forms, and search. Using practical

aspects of implementing the technology (based on case studies and industry best practices), you'll see how companies have been able to realize substantial ROI (Return On Investment) with their implementations, such as by lessening the need for hiring or outsourcing. By understanding the core concepts of RPA, you'll also see that the technology significantly increases compliance - leading to fewer issues with regulations - and minimizes costly errors. RPA software revenues have

Humanity has lost itself. Both as individuals and as a world culture, we have forgotten our true nature. In I Am the Word, writer and medium Paul Selig has recorded an extraordinary program for self-realization, as dispensed through beings of higher intelligence, sometimes called Guides or Ascended Masters. These figures seek, as they have in the past, to assist men and women in discovering the higher, purposeful nature—or "Christed Self"—that lies dormant within us all. In a series of

enticing, irresistibly practical dialogues, the Guides of I Am the Word identify the emotional "boulders" that displace our authentic selves and consume our potential. The Guides provide to-the-point psychological and existential insights, along with self-developing exercises and affirmations, which begin to strip away residues of fear, self-doubt, and self-suffocating habits.

After our schooling is completed on this planet, we will journey onward to discover new worlds to explore. The memories of these soul journeys are recorded in our subconscious, and in *Legacy from the Stars* hypnotherapist Dolores Cannon shows that they can be retrieved through regressive hypnosis. She reports dramatic cases where the subjects relived other lifetimes in strange environments -- inhabitants of other planets. Tuning In

From the National Book Critics Circle Award-winning author comes the gripping true story of a sensational religious forgery and the scandal that shook Harvard. In 2012, Dr. Karen King, a star religion professor at Harvard, announced a breathtaking discovery just steps from the Vatican: she'd found an ancient scrap of papyrus in which Jesus calls Mary Magdalene "my wife." The mysterious manuscript, which

King provocatively titled “The Gospel of Jesus’s Wife,” had the power to topple the Roman Catholic Church. It threatened not just the all-male priesthood, but centuries of sacred teachings on marriage, sex, and women’s leadership, much of it premised on the hallowed tradition of a celibate Jesus. Award-winning journalist Ariel Sabar covered King’s announcement in Rome but left with a question that no one seemed able to answer: Where in the world did this history-making papyrus come from? Sabar’s dogged sleuthing led from the halls of

Harvard Divinity School to the former headquarters of the East German Stasi before landing on the trail of a Florida man with an unbelievable past. Could a motorcycle-riding pornographer with a fake Egyptology degree and a prophetess wife have set in motion one of the greatest hoaxes of the century? A propulsive tale laced with twists and trapdoors, Veritas is an exhilarating, globe-straddling detective story about an Ivy League historian and a college dropout—and how they worked together to pass off an audacious forgery

as a long-lost piece of the Bible.

More channeled works in the Kryon Series, offered in love-metaphysical in content.

In a quest for spiritual discovery and greater meaning in his life, journalist and filmmaker David Thomas stumbled upon channeling, a practice dating back to antiquity wherein an individual, usually in a trance state, makes a psychic connection with a spirit being. He was so taken with his first encounter that he arranged for in-depth interviews with six of the most prominent trance

channelers practicing today and made a documentary about them, the critically acclaimed film Tuning In. In the book Tuning In, Thomas takes us behind the scenes as he and his cameraman Matthiew Klinck travel across the country, sharing their adventures and experiences meeting and interviewing these six remarkable men and women. We not only get to know both the filmmakers and the channelers as people but also to watch as Thomas transforms from skeptical journalist to true believer. Written in an engaging and

accessible style, Tuning In shows how this channeled material answers many of life's most basic yet elusive questions in profound ways: Why are we here? And, how can we create fulfilling lives for ourselves? This is a book about real people, real lives, with real advice for us all. Tuning In features Lee Carroll (Kryon), Darryl Anka (Bashar), Geoffrey Hoppe (Tobias), Wendy Kennedy (a Pleidian Collective), John Cali (Chief Joseph), and Shawn Randall (Torah). The Great Shift is a progress report from the field and the

messages are positive. "You don't have to logically do anything but 'show up' with spiritual intent, and the DNA quantum field is activated in your body," Kryon says. He tells us to expect changes and peace we may have never thought to see in our lifetimes, even in the Middle East. He says, "God is not a controlling force. Look for the love." Tom Kenyon channeling the Hathors, a group consciousness entity, reminds us, "It is your attention to an event that makes it conscious." Kenyon also explains what channeled

material is, which is important in understanding how we co-create our own world: "From the standpoint of neuropsychology, channeled information is just another expression of our brain/mind potential . . . a movement into the unknown territory of one's own psyche to see what emerges in terms of contact (with other intelligences) and information." The Hathors message for what is now and what is to come: "It is so simple, it is forgotten. . . . Find a way to live your life in joy and happiness." Mary Magdalen, through Tom

Kenyon, makes it clear that restoring the balance between male and female energies will mean good things for men as well as women and will reignite our creative potency. Patricia Cori channeling the High Council of Sirius reminds us that the future is never predetermined and the past is an illusion - different for each of us. Lee Carroll has been channeling Kryon for many years and is the author of Kryon books, most recently Lifting the Veil: The New Energy Apocalypse. Marciniak, Bringers of the Dawn imparts to us the wisdom of the Pleiadians, a group of enlightened beings who have come to Earth to help us discover how to reach a new stage of evolution. Master storytellers and humorists, they advise us to become media free, to work in teams, and to eliminate the words "should" and "try" from our vocabularies. We learn how to go beyond fear, how the original human was a magnificent being with twelve strands of DNA and twelve chakra centers, and who our "gods" are. Startling, intense, intelligent, and controversial, these teachings offer essential reading for anyone questioning their existence on this planet and the direction of our collective conscious--and unconscious. By remembering that we are Family of Light, that we share an

'The Indigo Children Oh yeah ... I know about them! Wasn't there a movie about that? They're those special kids who do psychic things and who have dark blue auras, right?'" If that's your take on the Indigos, then you really need to read this book. The Indigo Children aren't super-psychic kids with dark blue auras. In fact, the Indigo moniker has nothing to do with auras or being psychic. Some of these teenagers are actually the ones who are strapping on bombs and bringing guns to school, so you can see that the subject here is far more profound than the sensational hype that often accompanies it. This book is all about the children of our planet, what really

After all this time, what do some in higher education say about these kids? What do industry leaders say? Humanity is evolving, so you should definitely be aware of these individuals' opinions. Spiritual seekers everywhere know it: the world is changing rapidly. The old rules don't apply. The more open we

are to guidance the more guidance will come to us. The guidance in this book teaches us how to recognize the interdimensional energies in our 3D world. As governments shift, economies are pruned, and systems fail, here are hopeful instructions for how celebrate the failure of the old as it makes way for the new, how to balance our energy and that of the planet, and how to meet the future which is now.

*By now, tens of thousands of readers have enjoyed our book *The Indigo Children*. The book not only stirred the interest of many people throughout the world with respect to the profound change in consciousness being manifest in these special kids, but it also taught parents, teachers,*

and caregivers how to interact with these very special Indigo children. So, what do you do with thousands of letters and comments from parents and others about their Indigo experiences? Well . . . you write another book! An Indigo Celebration is a group of stories, articles, and additional insights into the Indigo child phenomenon. Although we will undoubtedly be writing more academically oriented Indigo books down the line, we wanted to stop for a moment and celebrate these kids—how they think, how they act, and what they're bringing to our lives. This book is not only meant to entertain, but also to inspire, teach, and provide meaningful insights. Indigo children are part of the positive transformation

and shift of the new millennium—and this celebration of them is one we hope you will share in.

Reveals the Mayan calendar to be a spiritual device that describes the evolution of human consciousness from ancient times into the future • Shows the connection between cosmic evolution and actual human history • Provides a new science of time that explains why time not only seems to be speeding up in the modern world but is actually getting faster • Explains how the end of the Mayan calendar is not the end of the world, but a path toward enlightenment The prophetic Mayan calendar is not keyed to the movement of planetary bodies. Instead, it functions as a metaphysical map of the evolution of

consciousness and records how spiritual time flows--providing a new science of time. The calendar is associated with nine creation cycles, which represent nine levels of consciousness or Underworlds on the Mayan cosmic pyramid. Through empirical research Calleman shows how this pyramidal structure of the development of consciousness can explain things as disparate as the common origin of world religions and the modern complaint that time seems to be moving faster. Time, in fact, is speeding up as we transition from the materialist Planetary Underworld of time that governs us today to a new and higher frequency of consciousness--the Galactic Underworld--in preparation for the

final Universal level of conscious enlightenment. Calleman reveals how the Mayan calendar is a spiritual device that enables a greater understanding of the nature of conscious evolution throughout human history and the concrete steps we can take to align ourselves with this growth toward enlightenment. this seventh Kryon book of the bestselling Kryon series is the last channelled one before the turn of the century. It deals with exactly that subject: channelled good news from a very loving entity that gets us ready for the "New Jerusalem."
