He's noble. notorious. And takes no prisoners... Strong as a Viking. Handsome as Adonis. Rich as Midas. Collin "Cole" Talmage, Duke of Trewyth, is the stuff that legends are made of. He's the English Empire's golden son--until fate has its way with him. Cole's family is killed and his closest comrade betrays him on the battlefield, leaving him gravely injured. But Cole is not one to dwell on misfortune. He is a man of duty, honor--and desire. And now he's ready for the fight of his lifetime... Imogen Pritchard is a beautiful lass who works in a hospital by day and as a serving maid at night. Years ago, when she was young and penniless, she ended up spending a scandalous night with Cole, whose tormented soul was matched only by his earth-shattering passion. Imogen entered a marriage of convenience--one that left her a wealthy widow--but she never forgot Cole. Now that her long-lost lover has turned up in her hospital, injured and with no memory of her, Imogen is torn: Is it a blessing or a curse that their past remains a secret to Cole, even as his new passion for her leaves him wanting to protect and possess her...at all costs, inThe Duke,the nextVictorian Rebelsnovel by Kerrigan Byrne.

India at Her Best

19.000 Kilometer

Motociclismo Ed. 287

Nesta edição, o maior número de motos avaliadas em uma só revista! É legal avaliar produtos, e esse é o fulcro de nossas pautas. As avaliações servem ao leitor como definidoras de suas escolhas e mais que isso, como subsídio para suas conversas entre grupos de amigos motociclistas, coisa que você certamente sabe muito bem o que é. A principal tendência no mercado de motos premiums da atualidade é a ascensão das motos de aventura, definidas em dois grupos básicos: as big trail e as crossovers. No primeiro grupo figuram os modelos que têm maior aptidão para o fora de estrada, mesmo que não seja muita... Nós tomamos como marco para essa definição o uso de pneus de uso misto em aros dianteiros de 21 polegadas de diâmetro, ou, no mínimo, 19 polegadas. Aí desfilam as grandes Honda Africa Twin, BMW R 1250 GS, ambas reformuladas, e a recém- -lançada Triumph Scrambler 1200, que supera em muito a proposta de uma scrambler como eram nos anos 60 e 70, para apresentar um

desempenho digno de uma supertrail como as citadas acima. Já quando as motos aventureiras trazem a postura típica de uma trail, com as costas eretas, braços relaxados e calcanhares alinhados com joelhos e cintura, ergonomia capaz de permitir longas permanências, mas escolher privilegiar a pilotagem no asfalto, adotando ambas as rodas de 17 polegadas, nós as chamamos de crossovers. As rivais Kawasaki Versys e Yamaha Tracer 900 GT são alguns dos melhores exemplos dessa tendência. Bom, há muito mais, leia e divirta-se. A gente se encontra em alguma estrada. Boa sorte!

Als Corey raus aus dem Flughafen und rein in die grelle Wintersonne Frankfurts trat, hatte er mehr Im Koffer, als nur seine einzigen drei Paar Unterhosen und einige löchrige Socken. Nie hatte er damit gerechnet, wieder zurück nach Deutschland zu kommen. Denn alles was er sich vor dem Antritt seiner Reise nach Australien wünschte, war ein letzter geiler Urlaub, um danach seinen Depressionen ein Ende zu setzen. Ein für alle Male. Stattdessen erzählt er nun unglaubliche Geschichten über haiverseuchte Gewässer, der schönsten Frau Australiens und Unbekannten, die sich als Freunde fürs Leben entlarvten. Unterwegs traf er auf wütende Ehemänner, gefährliche Barbekanntschaften, die flauschigste Katze der Welt, und andere Depressive, die ihm jeden Tag aufs Neue zeigten, wie kostbar das eigene Leben tatsächlich ist. 19.000 Kilometer ist ein offenherzig geschriebener Reise-Roman über Coreys Kampf gegen seine Depressionen, wilde Partys und eine Serie dummer Entscheidungen, die ihm das Leben aus einem anderen Blickwinkel betrachten ließen. Außerdem finden zukünftige Backpacker hier 36 essenzielle Tipps, rund ums Thema Reisen in Australien: - Welches Visum brauche ich? - Wie melde ich meinen Führerschein um? - Wie bekomme ich mein Geld am günstigsten nach Australien? - Was brauche ich, um Arbeiten zu dürfen? - Wie lasse ich mein Fahrzeug zu? - Was, wenn ich einsam werde? - Wie verhalte ich mich, wenn ich einer Schlange, Spinne oder einem Hai begegne? - Welche Apps benötige ich? In anderen Worten ist 19.000 Kilometer ein etwas anderer Reiseführer, der die herzerreißende Geschichte eines einsamen Backpackers aus Deutschland erzählt.

In addition to market entry strategies, the cases provide readers, educators and students with insights into target market strategies, timing strategies, allocation strategies and coordination strategies of well-known companies.

Kerrigan Byrne returns to her captivating Victorian Rebels series with the USA Today bestselling The Duke with the Dragon Tattoo. The bravest of heroes. The brashest of rebels. The boldest of lovers. These are the men who risk their hearts and their souls—for the passionate women who dare to love them... He is known only as The Rook. A man with no name, no past, no memories. He awakens in a mass grave, a magnificent dragon tattoo on his muscled forearm the sole clue to his mysterious origins. His only hope for survival—and salvation—lies in the deep, fiery eyes of the beautiful stranger who finds him. Who nurses him back to health. And who calms the restless demons in his soul... A LEGENDARY LOVE Lorelai will never forget the night she rescued the broken dark angel in the woods, a devilishly handsome man who haunts her dreams to this day. Crippled as a child, she devoted herself to healing the poor tortured man. And when he left, he took a piece of her heart with him. Now, after all these years, The Rook has returned. Like a phantom, he sweeps back into her life and avenges those who wronged her. But can she trust a man who's been branded a rebel, a thief, and a killer? And can she

trust herself to resist him when he takes her in his arms? “Byrne is a force in the genre.”—RT Book Reviews

Product strategy is the key driver of business strategy and corporate success. This book brings out several important aspects of product strategy, drawing upon examples from the Indian automobile industry, which is verily the bellwether of the Indian economy. The automobile industry is not only a strategic industry economically but also an instructive industry intellectually. The industry is the cradle of modern management and is a synthesis of various functional strategies. The growth of the automobile industry or, for that matter, any consumer-facing industry lies in its ability to maintain a continuous pipeline of new and innovative products, substantive in functionality and stylistic in appearance. The automobile industry

provides the perfect backdrop for discussing products as the core of the corporate business strategy. The global automobile industry, including the Indian automobile industry, is at an inflection point with portends of an unprecedented transformation. The drivers of this transformation are already seen in terms of connected vehicles, autonomous mobility, electric vehicles and digital technologies. The book, through its eighty chapters, demonstrates the synergistic interplay between technology and business, strategy and execution, innovation and inventiveness, enterprise and regulation, indigenization and globalization, structure and process, resourcing and spend, and leadership and management. This interplay would determine India's ability to become a major player in this transformation. This book will be of interest to industry professionals, policy makers, the academic community and the general public.

For many marketing professionals, "science" is a four-letter word. They see brand-building as an unteachable art guided by their intuition and experience. But at its core, marketing aims to seed ideas into people's minds, make them feel a certain way, and, ultimately, get them to act. In Brand Seduction, Daryl reveals the latest psychological and neuroscientific discoveries about how our minds process brand information and make decisions, and the important roles our emotions and unconscious play in our selections. Welcome to the new world of neuromarketing. Through simple language, engaging stories, and real-world examples, Brand Seduction shows you how to decode, build, and use these hidden brand fantasies to grow your brand and business. You'll learn: The surprising unconscious side of brands. The biggest myths about consumer psychology. The real role of emotions in building brands. Practical tools to use neuroscience to inspire better marketing. Everyone seems to have a different idea of what brands are,

how they work, and how they are built. Brand Seduction digs deeper into the nature of brands, how they exist and behave in the mind, and how marketers and business leaders can use this understanding to "seduce" customers and grow their businesses.

Presented at a symposium held in 1990 to celebrate the Getty Museum's acquisition of the only known illuminated copy of The Visions of Tondal, twenty essays address the celebrated bibliophilic activity of Margaret of York; the career of Simon Marmion, a favorite artist of the Burgundian court; and The Visions of Tondal in relation to illustrated visions of the Middle Ages. Contributors include Maryan Ainsworth, Wim Blockmans, Walter Cahn, Albert Derolez, Peter Dinzelbacher, Rainald Grosshans, Sandra Hindman, Martin Lowry, Nigel Morgan, and Nigel Palmer.

About the book: We all have gone through the phase of wondering what we should do with our life and always decide by thinking about what society will say. The 'rig-ma-roll' of making a career and settling down and making a family has always kept the pressure on us humans and we have all forgotten about LIFE....technically we are all breathing and living but none of us are Alive...we just live our daily routines and finally wither out and disappear. The same was the story of mine until one day i decided to stand up and forget about what will people and society say or think and just decided to Live LIFE to its fullest and make every single day count and feel Alive in every breath i take...this is my journey from a regular guy to becoming totally different, from following the norms of society to braking them About the author: A chef turned biker who follows his heart and is going against the regular norms laid down by society and starts to enjoy and live life on his own terms by exploring the world on a motorcycle. The author writes his personal experiences in this book while traversing the vast geography of his birth country India. From his first experience of riding the motorcycle to him actually transforming into a professional biker over a period of time doing all this while enjoying life's journey to the fullest and living each moment of it.

Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input

experience and no mechanical knowledge, and her journey turned out to be a harder task than she could have imagined. The Only Way Out Is Through is a story of the highs and lows of solo motorcycle travel, of overcoming obstacles, and of the people that one meets on the way.
