Multiple award winning, #1 New York Times bestselling author Neil Gaiman returns to dazzle, captivate, haunt, and entertain with this third collection of short fiction following *Smoke and Mirrors* and *Fragile Things*—which includes a never-before published *American Gods* story, “Black Dog,” written exclusively for this volume. In this new anthology, Neil Gaiman pierces the veil of reality to reveal the enigmatic,

shadowy world that lies beneath. Trigger Warning includes previously published pieces of short fiction—stories, verse, and a very special Doctor Who story that was written for the fiftieth anniversary of the beloved series in 2013—as well “Black Dog,” a new tale that revisits the world of American Gods, exclusive to this collection. Trigger Warning explores the masks we all wear and the people we are beneath them to reveal our vulnerabilities and our truest selves. Here is a rich cornucopia of horror and ghosts stories, science fiction and fairy tales, fabulism and poetry that explore the realm of experience and emotion. In Adventure Story—a thematic companion to The Ocean at the End of the Lane—Gaiman ponders death and the way people take their stories with them when they die. His social media experience A Calendar of Tales are short takes inspired by replies to fan tweets about the months of the year—stories of pirates and the March winds, an igloo made of books, and a Mother’s Day card that portends disturbances in the universe. Gaiman offers his own ingenious spin on Sherlock Holmes in his award-nominated mystery tale The Case of Death and Honey. And Click-Clack the Rattlebag explains the creaks and clatter we hear when we’re all alone in the darkness. A sophisticated writer whose creative genius is unparalleled, Gaiman entrances with his literary alchemy, transporting us deep into the realm of imagination, where the fantastical becomes real and the everyday incandescent. Full of wonder and terror, surprises and amusements, Trigger Warning is a treasury of delights that engage the mind,

stir the heart, and shake the soul from one of the most unique and popular literary artists of our day.

“With the smarts of Nancy Drew and the charm of Eloise, Agatha is an exciting addition to the girl-detective canon.” —School Library Journal A rare species of white giraffe, worshipped by the Masai tribe, has disappeared from the savannah. *launched the career of a leading Latin American poet. Both experimental and traditional, Azul... blends Darío's concern over the sustainability of modern life with his abiding interest in the myths and magic of ancient cultures. Infused with classical symbolism, inspired by the myth and philosophy of Ancient Greece, Rubén Darío's Azul... bridges the gap between ancient and modern. Rather than focus on the differences between the two, he envisions the past as a living entity, allowing history and fantasy to coincide with the social realities of his time. In these poems and stories, fairies from the plays of Shakespeare appear alongside the working men and women of Latin America. Dreams coincide with a reality mired in poverty, labor, and passionless social climbing. Poets and port workers sing and die in a city of ghostly beauty. Azul... is less a book than it is an experience, and nearly a century and a half after its publication it remains one worth the taking. With a beautifully designed cover and professionally typeset manuscript, this edition of Rubén Darío's Azul... is a classic of Nicaraguan literature reimagined for modern readers.*
