Woman's Home Companion

A lone Londoner maps the city, hearing beneath its surface the urgent whispers of the past. As he listens he grows convinced they are predicting London's future. Meepers, homeless and dishevelled, yet an enlightened and mystically knowing amateur archeologist, seeks to understand the destruction of London in the Dark Ages, hoping to predict the capital's future. Emery, a university historian, writes to his absent wife as he prepares for the start of term. He once rejected for publication a 'crackpot' article by Meepers, and is alarmed to find he has appeared at his first lecture. And now he seems to be following Emery everywhere he goes. In a dazzling mixture of contemporary life and period speech, London is illuminated through the voices of Neanderthal man, Saxon kings, anonymous invaders, the flea that spread the Black Death and the transsexual King Elizabeth.

Moshe Wisniak grew up malnourished and fatherless outside Warsaw at a time when Jews and Poles lived in poverty and violence. When Moshe's brothers emigrate to Paris in the 1930s, it means a new life for the whole family, who follow soon after. A decent job, a lovely young wife, and a hobby as an amateur boxer vastly improve Moshe's prospects until the day he is rounded up and sent to Auschwitz. There he is tortured, starved, and most shockingly, asked to entertain Nazi soldiers by boxing against dying prisoners. Moshe wants to survive without killing his comrades, but how? Based on the memoir of his family friend, Jean-Jacques Greif has taken the facts and turned them into a gripping novel about life and death in Auschwitz.

The Woman's Magazine

In a new compact edition, a luxurious celebration of the elegant craftsmanship behind the timeless French men's fashion and lifestyle labels.

Riffling through the wardrobes of years gone by, costume historian Lucy Adlington reveals the rich stories underlying the clothes we wear in this stylish tour of the most important developments in the history of fashion, from ancient times to the present day. Starting with underwear – did you know Elizabeth I owned just one pair of drawers, worn only after her death? – she moves garment by garment through Western attire, exploring both the items we still wear every day and those that have gone the way of the dodo (sugared petticoats, farthingales and spatterdashers to name but a few). Beautifully illustrated throughout, and crammed with fascinating and eminently quotable facts, Stitches in Time shows how the way we dress is inextricably bound up with considerations of aesthetics, sex, gender, class and lifestyle – and offers us the chance to truly appreciate the extraordinary qualities of these, our most ordinary possessions.
