***It's not every day you wake up to a stranger getting into your bed. Only, he isn't a stranger at all, he's my best friend's hot older brother...and apparently my new roommate. Having him in my space, driving me crazy, isn't a problem at all. Nope. All I need to do is keep control of the situation... But that's easier said than done. Shawn Lassiter is the kind of distraction I don't need. Those muscles and tattoos, wearing nothing but a towel, making me coffee in the morning. It's more than any girl can resist. Right? But Shawn is off-limits, even if his eyes are saying differently. Years ago, back when I still had my crush, he destroyed friendships with his reckless playboy antics. There's no way I'm touching those perfectly formed abs now. I don't care how nice and responsible he's acting. I'm the smart girl—the glasses-wearing, book-reading workaholic. I can totally do this. After all, it's only for two and a half months. I'll be on my best behavior...even if Shawn isn't. Each book in the Accidental Love series is STANDALONE: \* Wrong Bed,***

In college, there's a surprise around every corner. Luckily, *The Naked Roommate* has you covered!

Jan Wong, a Canadian of Chinese descent, went to China as a starry-eyed Maoist in 1972 at the height of the Cultural Revolution. A true believer--and one of only two Westerners permitted to enroll at Beijing University--her education included wielding a pneumatic drill at the Number One Machine Tool Factory. In the name of the Revolution, she renounced rock & roll, hauled pig manure in the paddy fields, and turned in a fellow student who sought her help in getting to the United States. She also met and married the only American draft dodger from the Vietnam War to seek asylum in China. *Red China Blues* is Wong's startling--and ironic--memoir of her rocky six-year romance with Maoism (which crumbled as she became aware of the harsh realities of Chinese communism); her dramatic firsthand account of the

devastating Tiananmen Square uprising; and her engaging portrait of the individuals and events she covered as a correspondent in China during the tumultuous era of capitalist reform under Deng Xiaoping. In a frank, captivating, deeply personal narrative she relates the horrors that led to her disillusionment with the "worker's paradise." And through the stories of the people--an unhappy young woman who was sold into marriage, China's most famous dissident, a doctor who lengthens penises--Wong reveals long-hidden dimensions of the world's most populous nation. In setting out to show readers in the Western world what life is like in China, and why we should care, she reacquaints herself with the old friends--and enemies of her radical past, and comes to terms with the legacy of her ancestral homeland.

Because of his trust in God, Jesus engaged culture in a very intentional way, and we can do likewise. *All ancient civilizations knew this because it happened in their time. Their legend and lore tell of the exploits of these heavenly beings and their offspring. The Christian Bible and the Jewish Talmud in the book of Genesis call these extraterrestrial warriors various names in different translations. They are referred to as heavenly beings, sons of God, giants on the earth, and of course sons of heaven. But all translations of the Bible narrate the same simple story. After the fall, the sons of heaven saw that earthly women were beautiful, and they took them for their wives. These daughters of earth were beautiful both to the eye and mind. These daughters of earth carried in them the seeds of our civilization, compassion, cooperation and understanding. The product of this union became not only our hybrid species but the heroes and great men and women throughout recorded and unrecorded history. We are them. Rico is the last remaining son of heaven on earth who fell here in ancient times to father our civilization. Lost, alone, and broken, he grieves the mortality of his hybrid species. They do not share his impossibly long lifespan. Living among them is constant loss, pain, and grief. Rico also grieves his hybrid species? dark side. Some offspring retain the unquenchable hunger for flesh of their earth ancestors and the long lifespan of the sons of heaven. The ugly head of Tarquez periodically scars the history of humankind with death, destruction, and sorrow. Tarquez is one of those hybrids born of the first generation of the union who retained both the unquenchable hunger for flesh and the long life span of the sons of heaven.*

From roommate disputes to family arguments, trouble is inevitable in interpersonal relationships. In *Everyday Troubles*, Robert M. Emerson explores the beginnings and development of the conflicts that occur in our relationships with the people we regularly encounter—family members, intimate partners, coworkers, and others—and the common responses to such troubles. To examine these issues, Emerson draws on interviews with college roommates, diaries documenting a wide range of irritation with others, conversations with people caring for family members suffering from Alzheimer's, studies of family interactions, neighborly disputes, and other personal accounts. He considers how people respond to everyday troubles: in non-confrontational fashion, by making low-visibility, often secretive, changes in the relationship; more openly by directly complaining to the other person; or by involving a third party, such as friends or family. He then examines how some relational troubles escalate toward extreme and even violent responses, in some cases leading to the involvement of outside authorities like the police or mental health specialists. By calling attention to the range of possible reactions to conflicts in interpersonal relationships, Emerson also reminds us that extreme, even criminal actions often result when people fail to find ways to deal with trouble in moderate, non-confrontational ways. Innovative and insightful, *Everyday Troubles* is an illuminating look at how we deal with discord in our relationships. Clara Wheaton is suffering the plight of the average millennial woman. She's overeducated, underemployed, and single. When her childhood crush invites her to move into his spare bedroom, the offer sounds irresistible but unfortunately, it's

too good to be true. After a bait-and-switch, Clara finds herself sharing a lease with charming, handsome stranger Josh. He seems to perfect for her liking, until she googles him, and the internet reveals his profession. Will living with him turn into a scandal? Or will pooling their resources help them - and others - get lucky for a change.

When I find a half-naked guy standing in my dormitory at my new boarding school, I assume he's my roommate's boyfriend. He introduces himself as Alex and I introduce myself as Lottie. When he tells me he's Sasha and was expecting Elliott, I see what happened. Someone knew I was a girl or he was a guy, and made some glaringly incorrect assumptions about the other one, meaning we were assigned as roommates. The new dorm mistress tells us we're stuck with each other, at least for the short-term. What starts out as playful ribbing between my studious self and the ripped jock becomes something a little more friendly as his friends take me in as one of their own. Soon, I'm their ticket to the ways of the female heart. But not my heart. Because, I mean, no one falls in love just because of a roommate mistake. For those Keeping Up Appearances and Accidentally Perfect fans, here's a return to that style and vein. You'll find this story is a bit of a combination of the two - there's a bit more swearing than KUA, but it's a little cleaner than AP. Like both, it's about growing up, finding and accepting yourself, being with people who bring out the best in you, and getting the guy that you might not think you want but that you need and, more importantly, needs you. Hope you enjoy. Please be aware that this story is set in Australia and therefore uses Australian English spelling and syntax. Not recommended for younger readers due to mature content.
