Leadership the Eleanor Roosevelt Way Timeless Strategies from the First Lady of Courage Penguin

The Encyclopedia of Leadership brings together for the first time everything that is known and truly matters about leadership as part of the human experience. Developed by the award-winning editorial team at Berkshire Publishing Group, the Encyclopedia includes hundreds of articles, written by 280 leading scholars and experts from 17 countries, exploring leadership theories and leadership practice. Entries and sidebars show leadership in action - in corporations and state houses, schools, churches, small businesses, and nonprofit organizations.

In this engaging and highly accessible compendium for young readers and aspiring power brokers, Virginia Senator Janet Howell and her daughter-in-law Theresa Howell spotlight the careers of fifty American women in politics — and inspire readers to make a difference. Meet some of the most influential leaders in America, including Jeannette Rankin, who, in 1916, became the first woman elected to Congress; Shirley Chisholm, the first African-American woman elected to Congress; Sandra Day O'Connor, the first woman to sit on the Supreme Court; and Bella Abzug, who famously declared, “ This woman ’ s place is in the House . . . the House of Representatives! ” This engaging and wide-ranging collection of biographies highlights the actions, struggles, and accomplishments of more than fifty of the most influential leaders in American political history — leaders who have stood up, blazed trails, and led the way.

In this groundbreaking new account of their marriage, Rowley describes the remarkable courage and lack of convention--private and public--that kept Franklin and Eleanor Roosevelt together.

A biography profiling the life of Eleanor Roosevelt, first lady and human rights activist who worked for peace and justice and to help improve the lives of the underprivileged. Includes source notes and timeline.

This illustrated, first of its kind collection of excerpts from Eleanor Roosevelt's newspaper columns, radio talks, speeches, and correspondence speaks directly to the challenges we face today. Acclaimed for her roles in politics and diplomacy, first lady Eleanor Roosevelt was also a prolific author, journalist, lecturer, broadcaster, educator, and public personality. Using excerpts from her books, columns, articles, press conferences, speeches, radio talks, and correspondence, Eleanor Roosevelt: In Her Words tracks her contributions from the 1920s, when she entered journalism and public life; through the White House years, when she campaigned for racial justice, the labor movement, and "the forgotten woman;" to the postwar era, when she served at the United Nations and shaped the Universal Declaration of Human Rights. Selections touch on Roosevelt's early entries in women's magazines ("Ten Rules for Success in Marriage"), her insights on women in politics ("Women Must Learn to Play the Game As Men Do"), her commentary on World War II ("What We Are Fighting For"), her work for civil rights ("The Four Equalities"), her clash with Soviet delegates at the UN ("These Same Old Stale Charges"), and her advice literature ("If You Ask Me"). Surprises include her unique preparation for leadership, the skill with which she defied critics and grasped authority, her competitive stance as a professional, and the force of her political messages to modern readers. Scorning the "America First" mindset, Eleanor Roosevelt underlined the interdependence of people and of nations. Eleanor Roosevelt: In Her Words illuminates her achievement as a champion of civil rights, human rights, and democratic ideals.

Now an epic documentary event on the HISTORY Channel! The illuminating, bestselling exploration on leadership from Pulitzer Prize-winning author and presidential historian Doris Kearns Goodwin, and also the inspiration for the HISTORY Channel multipart series Abraham Lincoln and Theodore Roosevelt. “After five decades of magisterial output, Doris Kearns Goodwin leads the league of presidential historians” (USA TODAY). In her “inspiring” (The Christian Science Monitor) Leadership, Doris Kearns Goodwin draws upon the four presidents she has studied most closely—Abraham Lincoln, Theodore Roosevelt, Franklin D. Roosevelt, and Lyndon B. Johnson (in civil rights)—to show how they recognized leadership qualities within themselves and were recognized as leaders by others. By looking back to their first entries into public life, we encounter them at a time when their paths were filled with confusion, fear, and hope. Leadership tells the story of how they all collided with dramatic reversals that disrupted their lives and threatened to shatter forever their ambitions. Nonetheless, they all emerged fitted to confront the contours and dilemmas of their times. At their best, all four were guided by a sense of moral purpose. At moments of great challenge, they were able to summon their talents to enlarge the opportunities and lives of others. Does the leader make the times or do the times make the leader? “If ever our nation needed a short course on presidential leadership, it is now” (The Seattle Times). This seminal work provides an accessible and essential road map for aspiring and established leaders in every field. In today’s polarized world, these stories of authentic leadership in times of apprehension and fracture take on a singular urgency. “Goodwin’s volume deserves much praise—it is insightful, readable, compelling: Her book arrives just in time” (The Boston Globe).

A warm, intimate account of the love between Eleanor Roosevelt and reporter Lorena Hickok—a relationship that, over more than three decades, transformed both women's lives and empowered them to play significant roles in one of the most tumultuous periods in American history In 1932, as her husband assumed the presidency, Eleanor Roosevelt entered the claustrophobic, duty-bound existence of the First Lady with dread. By that time, she had put her deep disappointment in her marriage behind her and developed an independent life—now threatened by the public role

she would be forced to play. A lifeline came to her in the form of a feisty campaign reporter for the Associated Press: Lorena Hickok. Over the next thirty years, until Eleanor's death, the two women carried on an extraordinary relationship: They were, at different points, lovers, confidantes, professional advisors, and caring friends. They couldn't have been more different. Eleanor had been raised in one of the nation's most powerful political families and was introduced to society as a debutante before marrying her distant cousin, Franklin. Hick, as she was known, had grown up poor in rural South Dakota and worked as a servant girl after she escaped an abusive home, eventually becoming one of the most respected reporters at the AP. Her admiration drew the buttoned-up Eleanor out of her shell, and the two quickly fell in love. For the next thirteen years, Hick had her own room at the White House, next door to the First Lady. These fiercely compassionate women inspired each other to right the wrongs of the turbulent era in which they lived. During the Depression, Hick reported from the nation's poorest areas for the WPA, and Eleanor used these reports to lobby her husband for New Deal programs. Hick encouraged Eleanor to turn their frequent letters into her popular and long-lasting syndicated column "My Day," and to befriend the female journalists who became her champions. When Eleanor's tenure as First Lady ended with FDR's death, Hick pushed her to continue to use her popularity for good—advice Eleanor took by leading the UN's postwar Human Rights Commission. At every turn, the bond these women shared was grounded in their determination to better their troubled world. Deeply researched and told with great warmth, Eleanor and Hick is a vivid portrait of love and a revealing look at how an unlikely romance influenced some of the most consequential years in American history.

How Great Leaders are Made

The tragic and redeeming story of how one visionary woman built the biggest toy company in the world and created a global icon. Barbie and Ruth is the entwined story of two exceptional women. There's Barbie: the diminutive yet arrestingly voluptuous doll unveiled at the 1959 Toy Fair who became the treasure of 90 percent of American girls and their counterparts in 150 countries. She went on to compete as an Olympic athlete, serve as an air force pilot, work as a boutique owner, run as a presidential candidate, and ignite a cultural firestorm. And then there's Ruth Handler, Barbie's creator: the tenth child of Polish Jewish immigrants, a passionately competitive and creative business pioneer, and a mother and wife who wanted it all. After a business scandal that forced Ruth out of Mattel, the company she founded, she drew on her experience as a breast cancer survivor to start a business that changed women's lives. She was ultimately honored as a pioneer, humanitarian, and masterful entrepreneur. Based on original research, extensive interviews, and previously unavailable material, Barbie and Ruth tells the fascinating story of how two women forever changed American business and culture.

INSTANT NEW YORK TIMES BESTSELLER A powerful guide to the art of leadership from David Gergen—former White House adviser to four US presidents, CNN analyst, and founder of the Harvard Center for Public Leadership. As nations careen from one crisis to the next, there is a growing cry for fresh leadership. Those in charge have repeatedly fallen short, and trust in institutions has plummeted. So, what does great leadership look like? And how are great leaders made? David Gergen, a leader in the public arena for more than half a century, draws from his experiences as a White House adviser to four presidents, his decades as a trusted voice on national issues, and years of teaching and mentoring young people to offer a stirring playbook for the next generation of change-makers. To uncover the fundamental elements of effective leadership, Gergen traces the journeys of iconic leaders past and present, from pathbreakers like Ruth Bader Ginsburg, John Lewis, John McCain, and Harvey Milk to historic icons like Lincoln, John F. Kennedy, Winston Churchill, and Eleanor and Franklin Roosevelt, to contemporary game changers like Greta Thunberg, the Parkland students, and the Black Lives Matter movement. Leadership is a journey that starts from within, Gergen writes. A leader must become self-aware and then achieve self-mastery. You cannot lead others until you can lead yourself. As you start to leap into the world, you begin your outer journey, overcoming setbacks, persuading others, empowering them, and navigating crises—armed with a sense of history, humor, passion, and purpose. By linking lessons of the past with the ever-changing practice of leadership today, Gergen reveals the time-tested secrets of dynamic leadership. An indispensable manual, *Hearts Touched with Fire* distills experience and wisdom of the past into an invaluable guide for leaders of our future.

Available again in time for election season, Eleanor Roosevelt's most important book—a battle cry for civil rights as relevant and influential now as it was when first published in 1963, *Tomorrow Is Now* is Eleanor Roosevelt's manifesto and her final effort to move America toward the community she hoped it would become. In bold, blunt prose, one of the greatest First Ladies of American history traces her country's struggle to embrace democracy and presents her declaration against fear, timidity, complacency, and national arrogance. An open, unrestrained look into her mind and heart as well as a clarion call to action, *Tomorrow Is Now* is the work Eleanor Roosevelt willed herself to stay alive to finish writing. For this edition, former U.S. President Bill Clinton contributes a new foreword and Roosevelt historian Allida Black provides an authoritative introduction focusing on Eleanor Roosevelt's diplomatic career. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

In *Transforming Leadership*, Burns illuminates the evolution of leadership structures, from the chieftains of tribal African societies, through Europe's absolute monarchies, to the blossoming of the Enlightenment's ideals of liberty and happiness during the American Revolution. Along the way he looks at key breakthroughs in leadership and the towering leaders who attempted to transform

their worlds—Elizabeth I, Washington, Jefferson, Gandhi, Eleanor Roosevelt, Gorbachev, and others. Culminating in a bold and innovative plan to address the greatest global leadership challenge of the twenty-first century, the long-intractable problem of global poverty, Transforming Leadership will arouse discussion and controversy in classrooms and boardrooms throughout the country.

The Quotable Eleanor Roosevelt

Her Impact on the Civil Rights Movement, the White House, and the World

Presents a breakthrough portrait of America's longest-serving first lady that covers her major contributions throughout critical historical events and her essential role in advancing international human rights.

A collection of quotes by Eleanor Roosevelt.

"The urgent question of our time is whether we can make change our friend and not our enemy....To renew America, we must be bold...must revitalize our democracy....Together with our friends and allies, we will work to shape change, lest it engulf us." With those inaugural words, William Jefferson Clinton began his first term as President of the United States. Now, a Pulitzer Prize-winning historian and a former White House aide provide the first penetrating, thoughtful evaluation of President Clinton's leadership. Before he was voted into office, Bill Clinton told the authors in an interview that he wanted to be a transforming leader, a president who would fashion real and lasting change in peoples' lives, in the tradition of Franklin Delano Roosevelt. But how has this president, who has sought to lead from the center with his vice president, Al Gore, and the First Lady, Hillary Rodham Clinton, measured up against his own stated goals and the aspirations and performances of other presidents since World War II? From the health care debacle and the 1994 midterm elections that swept the Republicans to a majority in both houses of Congress to the effect of scandal and impeachment on his ability to govern, Dead Center examines the leadership style of Bill Clinton and offers a forceful challenge to the strategy of centrism. There is no more respected presidential historian than James MacGregor Burns, author of several acclaimed books on leadership and the Pulitzer Prize-winning study of Franklin D. Roosevelt. Georgia J. Sorenson adds her own insights as a political scientist and presidential scholar. Their combined efforts have resulted in an incisive, informative, authoritative work and an absorbing read.

Diversity in the workplace is a wonderful thing—but it also challenges many of today's business leaders. For managers and team-members alike, it can be difficult to navigate in a truly diverse workplace made up of people of different cultures, races, creeds, body types, hobbies, genders, religions, styles, and sexual orientations. But understanding our cultural and social differences is a major key to a high-performing, merit-based work environment. The Loudest Duck is a business guide that explores workplace diversity and presents new ideas for getting the most business and organizational benefit from it. In the Chinese children's parable, the loudest duck is the one that gets shot. In America, we like to say that the squeaky wheel gets the grease. Comparing the two, it's easy to see that our different cultures teach us different sets of values, and those values often translate into different ways of doing business that may subtly advantage

one culture at work and disadvantage another. In the global marketplace, it's more important than ever that we understand and are conscious of our differences to work together effectively. It is not enough to create Noah's Ark, bringing in two of each kind. We all bring our unconscious beliefs and personal narratives about who we are and who others are with us to work and, with diversity in place, we can no longer ignore them. Truly effective leaders can't pretend that we're all the same or that our preferences and preconceptions don't exist. The Loudest Duck offers a way to move beyond traditional diversity efforts that ignore our differences and toward modern diversity practices that embrace those differences—and profit from them. Diverse organizations require more sophisticated leadership, conscious awareness of diversity issues, new behavioral patterns, and effective tools for reaping the benefits of true diversity. This book will help you develop the skills you need and the tools you can use to go beyond what Grandma taught you to make diversity work in your business. More than just an enlightening tale about diversity, The Loudest Duck is a powerful resource for any manager, business owner, team leader, or employee who wants to meet the challenges of the modern heterogeneous workplace. It's not simply about accepting others—it's about ensuring a level playing field for everyone and building an organization that gets the best from all its people.

She was born before women had the right to vote yet went on to become one of America's most influential First Ladies. A Gallup poll named her one of the most admired people of the twentieth century and she remains well known as a role model for a life well lived. Roosevelt wrote You Learn by Living at the age of seventy-six, just two years before her death. The commonsense ideas and heartfelt ideals presented in this volume are as relevant today as they were five decades ago. Her keys to a fulfilling life? Some of her responses include: learning to learn, the art of maturity, and getting the best out of others.

*In 1983 Richard Normann published the world's first book presenting an integrated framework on the management of service producing companies. Now he provides a new approach to strategy: an original way to think about organisations and create a different future. In this demanding but rewarding book he shows that providing organisations are prepared to rethink the way they do business they can occupy the competitive high ground of the future. To do this they must transform concepts and frameworks into action. * Provides new business models. * Shows companies how to reframe their business and take advantage of the opportunities created in the space of "unbundling and rebundling".*

Transforming Leadership

From one of the world's most celebrated and admired public figures, Eleanor Roosevelt, a collection of her most treasured sayings—the perfect gift for Mother's Day, graduation, and a new generation of feminists. With a foreword by Speaker Nancy Pelosi No one can make you feel inferior without your consent. We've all heard this powerful Eleanor Roosevelt adage—it is, perhaps, one of her best known. A wise leader, she knew the power of words, and throughout her work as First Lady, a UN representative, and advocate for human rights, women, youth, minorities, and workers, she was a prolific writer and speaker. Eleanor's wise words on government, race and ethnicity, freedom, democracy, economics, women and gender, faith, children, war, peace, and our everyday lives leap off the page in memorable quotations such as: · One's philosophy is not best expressed in words; it is expressed in the choices one makes. · Progress is rarely achieved by indifference. · I am convinced that every effort must be made in childhood to teach the young to use their own minds. For one thing is sure: If they don't make up their minds, someone will do it for them. · Unless people are willing to face the unfamiliar they cannot be creative in any sense, for creativity always means the doing of the unfamiliar, the breaking of new ground. ...and these are just a few. At this politically and culturally divided moment in our nation's history, Eleanor Roosevelt's quotes have an even deeper resonance—as moving and insightful as they are timely. What Are We For? is a celebration of a cultural icon, and a powerful reminder of Eleanor Roosevelt's extraordinary contributions to our country, and the world.

Based on his highly popular Columbia Business School course "Personal Leadership & Success", Dr. Hitendra Wadhwa shares key principles for how to pursue success by letting your true self shine through in everything you do. In our pursuit of success, we often struggle to balance the world's demands with our own dreams. Some of us pursue Outer Success, wanting to be liked and loved, supported and promoted. But in our quest for worldly glory, we may ignore the subtle stirring of our spirit, waking up one day to realize just how far we have drifted from our personal ideals. Others among us seek Inner Success, wanting the freedom to pursue our own calling. But in our quest to be true to ourselves, we may end up hurting, disappointing, or antagonizing others, straining relationships and being sidelined. It seems that our drives for Outer and Inner Success are destined to clash. But perhaps that's only because we've been searching for success in the wrong places. We can pursue from the place where our greatest potential is held, our Inner Core, by activating Five Core Energies: Purpose, Wisdom, Growth, Love, and Self-Realization. Through extensive scientific research and masterful storytelling about exemplary figures like Mahatma Gandhi, Abraham Lincoln, Mother Theresa, Eleanor Roosevelt,

and Nelson Mandela—and everyday heroes drawn from Dr. Hitendra Wadhwa’s class at Columbia Business School and client workshops at Mentora Institute—readers arrive at timeless principles of success in life and leadership. Empowered by your Five Core Energies, you discover how to create outer impact from a place of inner mastery. With a PhD in Management Science from MIT and a lifelong study of the world’s mystic traditions, Wadhwa brings a mathematician’s rigor and a truth-seeker’s spirit to some of today’s most vexing questions about authenticity, success, leadership, and human potential. This book shows how by activating your Inner Core and expressing it in everything you do, you create the conditions where Inner Success and Outer Success can flourish in mutual harmony.

Rudolph Giuliani demonstrates how the leadership skills he practices can be employed successfully by anyone who has to run anything. Opens with a gripping account of Giuliani's immediate reaction to the September 11 attacks, including a narrow escape from the original crisis command headquarters, and closes with the efforts to address the aftermath during his remaining tenure.

It is a time of turmoil, with the nation mired in an unpopular war in Korea and with Senator Joseph McCarthy stirring up fear of a lurking Communist "menace." Racial discrimination is rampant. A woman's place is in the home. And when a shocking act of God eliminates the Democratic presidential nominee, the party throws its support to an unlikely standard bearer: former First Lady and goodwill ambassador to the world Eleanor Roosevelt. Captivating and fast-paced, Eleanor vs. Ike pits the unforgettable Eleanor against the enormously popular war hero Gen. Dwight David ("Ike") Eisenhower. But while the opponents promise "an honest campaign," their strategists mire the race in scandal and bitter innuendo. Suddenly Eleanor finds herself a target of powerful insiders who mean to destroy her good name—and Ku Klux Klan assassins dedicated to her death—as she gets caught up in a mad whirl of appearances and political maneuvering . . . and a chance encounter with a precocious five-year-old named Hillary Rodham.

Eleanor and Hick

A candid and insightful look at an era and a life through the eyes of one of the most remarkable Americans of the twentieth century, First Lady and humanitarian Eleanor Roosevelt. The daughter of one of New York’s most influential families, niece of Theodore Roosevelt, and wife of President Franklin Delano Roosevelt, Eleanor Roosevelt witnessed some of the most remarkable decades in modern history, as America transitioned from the Gilded Age, the Progressive Era, and the Depression to World War II and the Cold War. A champion of the downtrodden, Eleanor drew on her experience and used her role as First Lady to help those in need. Intimately involved in her husband’s political life, from the governorship of New York to the White House, Eleanor would eventually become a powerful force of her own, heading women’s organizations and youth movements, and battling for consumer rights, civil rights, and improved housing. In the years after FDR’s death, this inspiring, controversial, and outspoken leader would become a U.N. Delegate, chairman of the Commission on Human Rights, a newspaper columnist, Democratic party activist, world-traveler, and diplomat devoted to the ideas of liberty and human rights. This single volume biography brings her into focus through her own words, illuminating the vanished world she grew up, her life with her political husband, and the post-war years when she worked to broaden cooperation and understanding at home and abroad. The Autobiography of Eleanor Roosevelt includes 16 pages of black-and-white photos.

Experience the timeless wit and wisdom of Eleanor Roosevelt in this annotated collection of candid advice columns that she wrote for more than twenty years. In 1941, Eleanor Roosevelt embarked on a new career as an advice columnist. She had already transformed the role of first lady with her regular press conferences, her activism on behalf of women, minorities, and youth, her lecture tours, and her syndicated newspaper column. When Ladies Home Journal offered her an advice column, she embraced it as yet another way for her to connect with the public. “If You Ask Me” quickly became a lifeline for Americans of all ages. Over the twenty years that Eleanor wrote her advice column, no question was too trivial and no topic was out of bounds. Practical, warm-hearted, and often witty, Eleanor’s answers were so forthright her editors included a disclaimer that her views were not necessarily those of the magazines or the Roosevelt administration. Asked, for example, if she had any Republican friends, she replied, “I hope so.” Queried about whether or when she would retire, she said, “I never plan ahead.” As for the suggestion that federal or state governments build public bomb shelters, she considered the idea “nonsense.” Covering a wide variety of topics—everything from war, peace, and politics to love, marriage, religion, and popular culture—these columns reveal Eleanor Roosevelt’s warmth, humanity, and timeless relevance.

NATIONAL BOOK AWARD NOMINEE • The riveting history of how Pauli Murray—a brilliant writer-turned-activist—and First Lady Eleanor Roosevelt forged an enduring

friendship that helped to alter the course of race and racism in America. “A definitive biography of Murray, a trailblazing legal scholar and a tremendous influence on Mrs. Roosevelt.” —Essence In 1938, the twenty-eight-year-old Pauli Murray wrote a letter to the President and First Lady, Franklin and Eleanor Roosevelt, protesting racial segregation in the South. Eleanor wrote back. So began a friendship that would last for a quarter of a century, as Pauli became a lawyer, principal strategist in the fight to protect Title VII of the 1964 Civil Rights Act and a co-founder of the National Organization of Women, and Eleanor became a diplomat and first chair of the United Nations Commission on Human Rights.

Women and Leadership, edited by George R. Goethals and Crystal L. Hoyt of the Jepson School of Leadership Studies at the University of Richmond, is a compact collection of thoughtful essays by experts on leadership theory as well as women’s history. **Women and Leadership** has been designed to help students and citizens who want a more nuanced explanation of what we know about women as leaders, and about how they have led in different fields, in different parts of the world, and in past centuries. It includes twenty biographies of women leaders in many different domains—not only politics but also education, fashion, sports, and social and environmental movements.

The Words and Ideals of Eleanor Roosevelt

Franklin D. Roosevelt

The Three Roosevelts is the extraordinary political biography of the intertwining lives of Theodore, Franklin, and Eleanor Roosevelt, who emerged from the closed society of New York's Knickerbocker elite to become the most prominent American political family of the twentieth century. As Pulitzer Prize- and National Book Award-winning author James MacGregor Burns and acclaimed historian Susan Dunn follow the evolution of the Roosevelt political philosophy, they illuminate how Theodore's example of dynamic leadership would later inspire the careers of his distant cousin Franklin and his niece Eleanor, who together forged a progressive political legacy that reverberated throughout the world. Theodore, Franklin, and Eleanor Roosevelt led America through some of the most turbulent times in its history. The Three Roosevelts takes readers on an exhilarating voyage through these tumultuous decades of our nation's past, and these momentous events are seen through the Roosevelts' eyes, their actions, and their passions. Insightful and authoritative, this is a fascinating portrait of three of America's greatest leaders, whose legacy is as controversial today as their vigorous brand of forward-looking politics was in their own lifetimes. "A remarkable example of narrative and biographical history at its best." — Bruce Clayton, Pittsburgh Post-Gazette "No one has written more trenchantly about Franklin Roosevelt and American politics ... than James MacGregor Burns...." — H. W. Brands, The Raleigh News & Observer "A detailed study.... Written with impeccable scholarship." — Malinda Nash, Houston Chronicle

A portrait of Katharine Graham describes her childhood, takeover of "The Washington Post" after her husband's suicide, and controversial leadership decisions during her publication of the Pentagon Papers and coverage of Watergate.

The #1 New York Times Bestseller–Winner of the Pulitzer Prize and National Book Award In his extraordinary biography of the major political couple of the twentieth century, Joseph P. Lash reconstructs from Eleanor Roosevelt's personal papers her early life and four-decade marriage to the four-time president who brought America back from the Great Depression and helped to win World War II. The result is an intimate look at the vibrant private and public worlds of two incomparable people.

Eleanor Roosevelt, Fighter for Justice shows young readers how the former First Lady evolved from a poor little rich girl to a protector and advocate for those without a voice. Though now seen as a cultural icon, she was a woman deeply insecure about her looks and her role in the world. But by recognizing her fears and constantly striving to overcome her prejudices, she used her proximity to presidents and her own power to aid in the fight for Civil Rights and other important causes. This biography gives readers a fresh perspective on her extraordinary life. It includes a timeline, biography, index, and many historic photographs.

Eleanor

Eleanor Roosevelt's remarkable ability to confront and overcome hurdles—be they political, personal, or social—made her one of the greatest leaders of the last century, if not all time. In **Leadership**

the Eleanor Roosevelt Way, author and scholar Robin Gerber examines the values, tactics, and beliefs that enabled Eleanor Roosevelt to bring about tremendous change-in herself and in the world. Examining the former first lady's rise from a difficult childhood to her enormously productive and politically involved years in the White House, as a U.N. delegate and an honorary ambassador, an author, and beyond, Gerber offers women an inspiring road map to heroic living and an unparalleled model for personal achievement.

Eleanor Roosevelt's book on citizenship for young people now revised and updated for a contemporary audience. In the voice of one of the most iconic and beloved political figures of the twentieth century comes a book on citizenship for the future voters of the twenty-first century. Eleanor Roosevelt published the original edition of *When You Grow Up to Vote* in 1932, the same year her husband was elected president. The new edition has updated information and back matter as well as fresh, bold art from award-winning artist Grace Lin. Beginning with government workers like firefighters and garbage collectors, and moving up through local government to the national stage, this book explains that the people in government work the voter. Fresh, contemporary, and even fun, *When You Grow Up to Vote* is the book parents and teachers need to talk to children about how our government is designed to work.

A *Richmond Times-Dispatch* Best Book of the Year When Theodore Roosevelt became president in 1901, his beautiful and flamboyant daughter was transformed into "Princess Alice," arguably the century's first global celebrity. Thirty-two years later, Alice's first cousin Eleanor moved into the White House as First Lady. The two women had been born eight months and twenty blocks apart in New York City, spent much of their childhoods together, and were far more alike than most historians acknowledge. But their politics and personalities couldn't have been more distinct. Democratic icon Eleanor was committed to social justice and hated the limelight; Republican Alice was an opponent of big government who gained notoriety for her cutting remarks. The cousins liked to play up their rivalry—in the 1930s they even wrote opposing syndicated newspaper columns and embarked on competing nationwide speaking tours. When the family business is politics, winning trumps everything. Lively, intimate, and stylishly written, *Hissing Cousins* is a double biography of two extraordinary women whose entwined lives give us a sweeping look at the twentieth century in America.

In times of constant change, adaptive leadership is critical. This Harvard Business Review collection brings together the seminal ideas on how to adapt and thrive in challenging environments, from leading thinkers on the topic—most notably Ronald A. Heifetz of the Harvard Kennedy School and Cambridge Leadership Associates. The Heifetz Collection includes two classic books: *Leadership on the Line*, by Ron Heifetz and Marty Linsky, and *The Practice of Adaptive Leadership*, by Heifetz, Linsky, and Alexander Grashow. Also included is the popular Harvard Business Review article, "Leadership in a (Permanent) Crisis," written by all three authors. Available together for the first time, this collection includes full digital editions of each work. Adaptive leadership is a practical framework for dealing with today's mix of urgency, high stakes, and uncertainty. It has been used by individuals, organizations, businesses, and governments worldwide. In a world of challenging environments, adaptive leadership serves as a guide to distinguishing the essential from the expendable, beginning the meaningful process of adaptation, and changing the status quo. Ronald A. Heifetz is a cofounder of the international leadership and consulting practice Cambridge Leadership Associates (CLA) and the founding director of the Center for Public Leadership at the Harvard Kennedy School. He is renowned worldwide for his innovative work on the practice and teaching of leadership. Marty Linsky is a cofounder of CLA and has taught at the Kennedy School for more than twenty-five years. Alexander Grashow is a Senior Advisor to CLA, having previously held the position of CEO.

The Autobiography of Eleanor Roosevelt

Patrician Leaders Who Transformed America

Named a Best Book of the Year by The Washington Post and NPR "We come to see in FDR the magisterial, central figure in the greatest and richest political tapestry of our nation's entire history" —Nigel Hamilton, *Boston Globe* "Meticulously researched and authoritative" —Douglas Brinkley, *The Washington Post* "A workmanlike addition to the literature on Roosevelt." —David Nasaw, *The New York Times* "Dallek offers an FDR relevant to our sharply divided nation" —Michael Kazin "Will rank among the standard biographies of its subject" —Publishers Weekly A one-volume biography of Roosevelt by the #1 New York Times bestselling biographer of JFK, focusing on his career as an incomparable politician, uniter, and deal maker In an era of such great national divisiveness, there could be no more timely biography of one of our greatest presidents than one that focuses on his unparalleled political ability as a uniter and consensus maker. Robert Dallek's *Franklin D. Roosevelt: A Political Life* takes a fresh look at the many compelling questions that have attracted all his biographers: how did a man who came from so privileged a background become the greatest presidential champion of the country's needy? How did someone who never won recognition for his intellect foster revolutionary changes in the country's economic and social institutions? How did Roosevelt work such a profound change in the country's foreign relations? For FDR, politics was a far more interesting and fulfilling pursuit than the management of family fortunes or the indulgence of personal pleasure, and by the time he became president, he had commanded the love and affection of millions of people. While all Roosevelt's biographers agree that the onset of polio at the age of thirty-nine endowed him with a much greater sense of humanity, Dallek sees the affliction as an insufficient explanation for his transformation into a masterful politician who would win an

unprecedented four presidential terms, initiate landmark reforms that changed the American industrial system, and transform an isolationist country into an international superpower. Dallek attributes FDR's success to two remarkable political insights. First, unlike any other president, he understood that effectiveness in the American political system depended on building a national consensus and commanding stable long-term popular support. Second, he made the presidency the central, most influential institution in modern America's political system. In addressing the country's international and domestic problems, Roosevelt recognized the vital importance of remaining closely attentive to the full range of public sentiment around policy-making decisions—perhaps FDR's most enduring lesson in effective leadership.

"Eleanor Roosevelt never wanted her husband to run for president. When he won, she . . . went on a national tour to crusade on behalf of women. She wrote a regular newspaper column. She became a champion of women's rights and of civil rights. And she decided to write a book." -- Jill Lepore, from the Introduction "Women, whether subtly or vociferously, have always been a tremendous power in the destiny of the world," Eleanor Roosevelt wrote in *It's Up to the Women*, her book of advice to women of all ages on every aspect of life. Written at the height of the Great Depression, she called on women particularly to do their part -- cutting costs where needed, spending reasonably, and taking personal responsibility for keeping the economy going. Whether it's the recommendation that working women take time for themselves in order to fully enjoy time spent with their families, recipes for cheap but wholesome home-cooked meals, or America's obligation to women as they take a leading role in the new social order, many of the opinions expressed here are as fresh as if they were written today.

Unafraid to speak her mind and famously tenacious in her convictions, Eleanor Roosevelt was still mourning the death of FDR when she was asked by President Truman to lead a controversial commission, under the auspices of the newly formed United Nations, to forge the world's first international bill of rights. *A World Made New* is the dramatic and inspiring story of the remarkable group of men and women from around the world who participated in this historic achievement and gave us the founding document of the modern human rights movement. Spurred on by the horrors of the Second World War and working against the clock in the brief window of hope between the armistice and the Cold War, they grappled together to articulate a new vision of the rights that every man and woman in every country around the world should share, regardless of their culture or religion. A landmark work of narrative history based in part on diaries and letters to which Mary Ann Glendon, an award-winning professor of law at Harvard University, was given exclusive access, *A World Made New* is the first book devoted to this crucial turning point in Eleanor Roosevelt's life, and in world history. Finalist for the Robert F. Kennedy Book Award

Drawing on his groundbreaking work on intelligence and creativity, Harvard psychologist Howard Gardner, developer of the theory of Multiple Intelligences, offers fascinating revelations about the mind of the leader and his or her followers. He identifies six constant features of leadership as well as paradoxes that must be resolved for leadership to be effective using portraits of leaders from J. Robert Oppenheimer to Alfred P. Sloan, from Pope John XXIII to Mahatma Gandhi.
