The mysterious civilizations of Lemuria

and Atlantis become reality as Shirley Andrews, the author of Atlantis: Insights From a Lost Civilization combines details from scholars, scientists and the respected psychic Edgar Cayce. Her sober portrayal of disturbing parallels between the spiritual decay of Atlantis and our

Thyme and Sareya Orion have their
own soul memories of Lemuria and
created this book in partnership with
Lemurian Elders. The Lemurian
Elders, many of whom may be
Ascended Masters, are a loving and

gentle group of souls who advise and teach human beings the essential nature of the universe from their perspective in the spirit world. The Elders describe the harmonious life they experienced in Lemuria as a guidepost for human civilization today. They elaborate on the ease of Universal Laws and Wisdom as

Where To Download Learn Lemurian Healing A Journey Home To The Motherland

they lived it, knowledge as old as humanity. Pieces of knowledge have been explored extensively throughout time in myths, legends, archetypes, philosophy, world religions, and mystic thought. Information has issued forth from countless shamans, prophets, mystics, philosophers, poets, psychics,

Where To Download Learn Lemurian Healing A Journey Home To The Motherland

and recently by transpersonal psychologists, scientists, and physicists. However, the Elders' intention is to complete our education: to present the entire body of knowledge, kept secret for ages, to prepare for the leap in planetary evolution. To accomplish that, they stimulate deep soul memories by

presenting details of their society that encompass the order, logic, and harmony of the universe. They remind us to allow recognition, knowledge residing in individual souls, to just happen. They encourage us, not just to understand with our intellects, but to feel the wisdom in our bodies. Most

Importantly, the Elders quietly remind us that Universal Laws and Wisdom were initiated and put into motion by a loving Creator Source, so that everyone can live one's essential nature of peace, harmony, love, and joy.

- From the world's leading forest ecologist who forever changed how people view trees and their connections to one another and to other living things in the forest—a moving, deeply personal journey of

discovery Suzanne Simard is a pioneer on the frontier of plant communication and intelligence; her TED talks have been viewed by more than 10 million people worldwide. In this, her first book, now available in paperback, Simard

Where To Download Learn Lemurian Healing A Journey Home To The Motherland

brings us into her world, the intimate world of the trees, in which she brilliantly illuminates the fascinating and vital truths--that trees are not simply the source of timber or pulp, but are a complicated, interdependent circle

Where To Download Learn Lemurian Healing A Journey Home To The Motherland

of life; that forests are social, cooperative creatures connected through underground networks by which trees communicate their vitality and vulnerabilities with communal lives not that different from our own. Simard writes--in

Where To Download Learn Lemurian Healing A Journey Home To The Motherland

inspiring, illuminating, and accessible ways—how trees, living side by side for hundreds of years, have evolved, how they learn and adapt their behaviors, recognize neighbors, compete and cooperate with one another with

sophistication, characteristics ascribed to human intelligence, traits that are the essence of civil societies--and at the center of it all, the Mother Trees: the mysterious, powerful forces that connect and sustain the others that surround

them. And Simard writes of her own life, born and raised into a logging world in the rainforests of British Columbia, of her days as a child spent cataloging the trees from the forest and how she came to love and respect them. And as she

writes of her scientific quest, she writes of her own journey, making us understand how deeply human scientific inquiry exists beyond data and technology, that it is about understanding who we are and our place in the world.

Growing up in the 40s and 50s spiritual or hands-on healing wasn't discussed within a family, and not much was written about this practice. Because my father had been able to heal I suppose it wasn't alien to me. In fact it seemed

quite normal. Alas dear Dad passed to spirit age 26, but I am sure he stayed on this earth long enough to see me on my spiritual journey. What a journey! Losing my Dad at the age of 2 years is painful enough, but to go through

doesn't make it any easier, but you do feel that at some point in your life 'things' must even themselves out. Of course I now know why I had to experience the pain and the negative; it's to get me where I am now. How could I possibly have

empathy and understanding if I hadn't been there and done that? This is what has made me the person I am today, caring and compassionate. I have had the most incredible journey, especially the last 20 years. To be introduced
