

First published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

El volumen 9 de la LEFIS Series celebra el 25 aniversario de BILETA (British & Irish Law, Education and Technology Association). En él, estudiosos internacionales pioneros en Informática y Derecho procedentes de universidades australianas, británicas, estadounidenses, holandesas, noruegas y españolas analizan los éxitos y desafíos en la aplicación de las tecnologías de información al Derecho y a la práctica legal.

Learning Legal Rules A Students' Guide to Legal Method and Reasoning Oxford University Press

Yale Law Journal: Volume 124, Number 8 - June 2015

ACCJR Supplement ii

Learning Legal Rules

Learning Legal Skills and Reasoning

Employment Law in Practice

This book explores the main areas of social work law, including children, mental health and community care. By investigating the meaning of law and some of its underlying value assumptions, it encourages practitioners to reflect on their actions and beliefs, helping them to avoid being a mere 'technician', and instead, become a competent practitioner. This new text supports busy social workers studying for Post-Qualifying Awards. Each chapter begins with an overview of the rationale for the teaching material provided and sets out clear learning objectives. Case studies, exercises and recommendations for further reading can be found throughout the book.

Designed specifically for students new to the study of business, this book explores the global range of environments within which business operates. Wetherly and Otter encourage critical thinking via a unique 'themes and issues' approach, which reflects the integrated, dynamic reality of businesses today.

Legal Writing guides students comprehensively through this vital legal skill and addresses a range of assessment methods from exam questions to final essays and problem answers. It considers how to deconstruct essay and problem questions and how to conduct and apply legal research to answer set questions. Lisa Webley explains how to reference others' work clearly and correctly, making this book a useful tool for students concerned about issues of plagiarism. It also focuses on how to develop critical thinking and communicate legal arguments, with both good and bad examples of written work considered and discussed in the text. Legal Writing is particularly useful for undergraduate students, especially at the beginning of degree studies, and for GDL and CPE students too. This fully revised fourth edition includes: Guidance on the avoidance of plagiarism including examples of poor practice and best practice. Worked examples throughout the text, including guidance on deciphering essay questions in exams and coursework Clearly written and easy to use, Legal Writing enables students to fully engage with essay and exam writing as a vital foundation to their undergraduate degree.

A Very Short Introduction

Stories About Violence and Law in Late Victorian England

The English Legal System

The Periodical Literature of the United States of America

The British National Bibliography

This edition has been updated and revised to take into account recent developments in the English legal process. Many recent Court of Appeal and High Court case law developments are incorporated, as are important pronouncements by the House of Lords.

How is the English legal system structured and who takes part in it? Does the system ever get it wrong? This new textbook provides a clear and accessible guide to the workings of the English legal system.

Features such as 'thinking points', 'key debates', and 'talking points' help you to engage with the key areas of debate and controversy, giving you an excellent grounding for the rest of your studies. Online Resource Centre: An Online Resource Centre provides:- 150 multiple choice questions with answers and feedback- Regular updates- Practical examples of essay questions and answers

Public health activity, and the state's public health responsibilities to assure the conditions in which people can be healthy, can only be achieved through different means of social coordination. This places law and regulation at the heart of public health. They are fundamental both to methods of achieving public health goals and to constraints that may be put on public health activity. As such, trainees, practitioners, and leaders in public health need to understand the breadth and nature of wide-ranging legal and regulatory approaches and the place of ethics in public health. Public Health Law, written by three leading scholars in the field, defines and examines this crucial area of study and practice. It advances an agenda whose scope extends far beyond that covered in traditional medical law and health care law texts.

The authors provide an account of the scale of contemporary public health policy and practice and explain its philosophical depths and implications and its long legislative and regulatory history. They advance a definition of the field and explore how different legal approaches may serve and advance or constrain and delimit public health agendas. This ground-breaking book presents the field of public health ethics and law and goes on to examine the impact within the UK of private law, criminal law, public law, EU and international law, and 'softer' regulatory approaches. It is a primary point of reference for scholars, practitioners, and leaders working in public health, particularly those with an interest in law, policy, and ethics.

Getting Into Law

Law and the Social Work Practitioner

Themes and Issues in a Globalizing World

Clear, complete, and contextualized; this guide to the English legal system provides the strongest foundation for students at the start of their studies.

Straightforward explanations of key topics are paired with learning features showcasing the law in its everyday context to give students a firm grasp on the fundamentals of the legal system.

Employment Law in Practice equips the reader with a thorough grounding in the substantive areas of employment law which are most frequently heard in employment tribunals, including unfair dismissal, breach of contract, discrimination, equal pay and family friendly provisions. This new edition has been fully revised and updated with all major legislative and case law developments affecting the topics covered within the manual, in particular, consideration is given to the impact of new age discrimination provisions on current anti-discrimination in employment laws. Containing a dedicated chapter specifically focusing on the regulations and procedural aspects of employment tribunals, Employment Law in Practice fully equips the reader with knowledge of the workings of employment tribunals which will be essential for success in practice. Adopting a highly pragmatic approach aimed at preparing the reader for practice in employment tribunals, the manual contains a specialist section guiding the reader through the completion of forms, highlighting how to deal with interlocutory stages, how to use special procedures and accurately record settlements which will strengthen their success in practice. Designed to accompany the employment law option on the Bar Vocational Course, this manual is also appropriate for anyone who might require practical and accessible guidance on conducting cases in

employment law tribunals.

Binding Men tells stories about men, violence and law in late Victorian England. It does so by focusing upon five important legal cases, all of which were binding not only upon the males involved but also upon future courts and the men who appeared before them. The subject matter of *Prince (1875)*, *Coney (1882)*, *Dudley and Stephens (1884)*, *Clarence (1888)* and *Jackson (1891)* ranged from child abduction, prize-fighting, murder and cannibalism to transmitting gonorrhoea and the capture and imprisonment of a wife by her husband. Each case has its own chapter, depicting the events which led the protagonists into the courtroom, the legal outcome and the judicial pronouncements made to justify this, as well as exploring the broader setting in which the proceedings took place. In so doing, *Binding Men* describes how a particular case can be seen as being a part of attempts to legally limit male behaviour. The book is essential reading for scholars and students of crime, criminal law, violence, and gender. It will be of interest to those working on the use of narrative in academic writing as well as legal methods. *Binding Men's* subject matter and accessible style also make it a must for those with a general interest in crime, history and, in particular, male criminality.

Legal Writing

Garner's Dictionary of Legal Usage

Michigan Law Review

D, Society. E, Geography. 1912

□□□□□□□□

"*Learning Legal Rules* brings together the theory, structure, and practice of legal reasoning in a readily accessible style. The book explains how to find and make use of legal materials, and offers an overview of the techniques of legal analysis and argument, and the operation of precedent and statutory interpretation. The authors also examine the permeating influence of EC Law and the legal method employed by Continental legal systems." "This fifth edition has been extensively rewritten and reorganized, with a new, clearer layout, to ensure that it continues to fit the needs of law students. It contains more guidance on interpreting statutes, an extended introductory chapter entitled 'What is Law?', and new material on the Human Rights Act."--BOOK JACKET.

Among the many new skills law students have to acquire, using legal materials and solving legal problems are possibly the most important. It was with this in mind that the authors wrote this book which could be used to support a course of study in legal method, or be used as a self-teaching guide to the subject.
