In the first part of the book, Young uses real-life examples tointroduce you to the businesspeople—or "micromavens"—who are living their dreams and earning money doingwhat they love. The second part of the book reveals thenuts-and-bolts strategies and tactics you can use to emulate theirsuccess and achieve your goal of "microdominating." Includes inspirational case studies and practical advice onstarting a micro-business based on your talent or expertise Features actionable guidance on using content marketing andsocial media to grow your brand and business Written by a leading thinker in the fields of public relations,marketing, and communications If you're stuck in a dead-end job or just dream of turning yourhobby into a business, microDomination gives you a provenplan for turning your passion into prosperity.

How on earth did "with bells on" come to express enthusiasm? What do chips on shoulders have to do with inferiority complexes? And who is the face that launched a thousand ships? Did you know that 'the rule of thumb' refers to the use of the thumb to make measurements, as the first joint of the average adult thumb measures one inch? Spilling the Beans on the Cat's Pjamas provides us with the meanings of these well-worn and much-loved phrases by putting these linguistic quirks in context, and explaining how and why they were first used. Absorbing, diverting and fascinating - Spilling the Beans really is the bee's knees!
Computational modeling and simulation has developed and expanded into a diverse range of fields such as digital signal processing, image processing, robotics, systems biology, and many more; enhancing the need for a diversifying problem solving applications in this area. Efficiency and Scalability Methods for Computational Intellect presents various theories and methods for approaching the problem of modeling and simulating intellect in order to target computation efficiency and scalability of proposed methods. Researchers, instructors, and graduate students will benefit from this current research and will in turn be able to apply the knowledge in an effective manner to gain an understanding of how to improve this field.

Why Americans are paying much more for Internet access, and getting much less

This special re-print edition of Victor Woodfield's book "The Show Homer: Its Management and Exhibition" contains all the information a person needs to master the basics of breeding and raising Show Homing Pigeons, for backyard pleasure. Written in England in 1892, this famous booklet has hard to find details on raising and flying these two well known breeds of pigeon. The text offers a fascinating look at how these pigeons bred was bred in 19th Century England. Note: This edition is a perfect facsimile of the original edition and is not set in a modern typeface. As a result, some type characters and images might suffer from slight imperfections or minor shadows in the page background.

The Instant-Series Presents "Instant Genius" How to Think Like a Genius to Be One Instantly! When you hear the word "genius" - what immediately pops into your mind? Perhaps, people like Albert Einstein, Isaac Newton, Leonardo da Vinci, and Thomas Edison just to name a few. What did all these folks have? What was the common factor that made them a genius? And is possible for you to also be like them? Now what is a genius? Geniuses are, first and foremost, extraordinary individuals... They are always somewhat ahead of their time, and their contributions to the world have shaped society into what we know it as today with all the remarkable fleets of advanced achievements unheard of in the past - just look at how far we have come with modern medicine, science, technologies, etc. And geniuses have helped mankind evolved into more intelligent beings - pushing us to all strive for even greater possibilities. So how to become a genius? The widely-accepted notion is...you're either born with a genius IQ or not; however, being a genius has less to do with your level of intelligence. Everybody has their own form of genius. The key is how to unlock that inner genius of yours. Within "Instant Genius":
* How to easily create a custom "genius trigger button" step-by-step, so you can activate it to turn on your full-intellectual mental capacity at will, at anywhere, and at anytime.
* How to channel your inner genius through the power of your subconscious mind, by doing the "subconscious self-session" technique to open doors to new ways of thinking.
* How to use personalized "visual mental imprints" as your sources of inspirations and motivations to spark your creative genius to generate unlimited innovative ideas.
* How to develop genius reflexes to handle any complex problem and come up with ingenious solution to have people look up to you, always wanting to hear what you have to say.
* How to optimize your mind to work in relentless genius mode with full concentration and inexhaustible energy where obstacles no longer exist, through an in-depth "4-stages process" you can implement whenever you want.
* Plus, custom practical "how-to" strategies, techniques, applications and exercises on how to think like a genius...and much more. All of us has the potential to be our own geniuses. You just only need to be guided on how to unleash that genius brain power within you - to finally realize what you're truly capable of. You will be amazed and even surprised yourself.

The Book of Life

Free Roll

Sybil: a name that conjures up enduring fascination for legions of obsessed fans who followed the nonfiction blockbuster from 1973 and the TV movie based on it—starring Sally Field and Joanne Woodward—about a woman named Sybil with sixteen different personalities. Sybil became both a pop phenomenon and a revolutionary force in the psychotherapy industry. The book rocketed multiple personality disorder (MPD) into public consciousness and played a major role in having the diagnosis added to the psychiatric bible, Diagnostic and Statistical Manual of Mental Disorders. But what do we really know about how Sybil came to be? In her news-breaking book Sybil Exposed, journalist Debbie Nathan gives proof that the allegedly true story was largely fabricated. The actual identity of Sybil (Shirley Mason) has been available for some years, as has the idea that the book might have been exaggerated. But in Sybil Exposed, Nathan reveals what really powered the legend: a trio of women—the willing patient, her ambitious shrink, and the imaginative journalist who spun their story into bestseller gold. From horrendously irresponsible therapeutic practices—Sybil’s psychiatrist often brought an electroshock machine to Sybil’s apartment and climbed into bed with her while administering the treatment—to calculated business decisions (under an entity they named Sybil, Inc., the women signed a contract designating a three-way split of profits from the book and its spin-offs, including board games, tee shirts, and dolls), the story Nathan unfolds is full of over-the-top behavior. Sybil’s psychiatrist, driven by undisciplined idealism and galloping professional ambition, subjected the young woman to years of antipsychotics, psychedelics, uppers, and downers, including an untold number of injections with Pentolal, once known as “truth serum” but now widely recognized to provoke fantasies. It was during these “treatments” that Sybil produced rambling, garbled, and probably “false-memory”-based narratives of the hideous child abuse that her psychiatrist said caused her MPD. Sybil Exposed uses investigative journalism to tell a fascinating tale that reads like fiction but is fact. Nathan has followed an enormous trail of papers, records, photos, and tapes to unearth the lives and passions of these three women. The Sybil archive became available to the public only recently, and Nathan examined all of it and provides proof that the story was an elaborate fraud—albeit one that the perpetrators may have half-believed. Before Sybil was published, there had been fewer than 200 known cases of MPD; within just a few years after, more than 40,000 people would be diagnosed with it. Set across the twentieth century and rooted in a time when few professional roles were available to women, this is a story of corrosive sexism, unchecked ambition, and shaky theories of psychoanalysis exuberantly and drastically practiced. It is the story of how one modest young woman’s life turned psychiatry on its head and radically changed the course of therapy, and our culture, as well.

Jay, your average stoner from Portland Oregon, finds out when he's twenty-one that he is Jesus, the son of God. This may have been a good thing if it weren't for the fact that he had been molested early in life by a Catholic Priest. It is a comic and tragic tale of reincarnated Disciples, and a difficult choice on whether the world is worth saving. Jay grows up thinking he's a normal kid. Through a series of hilarious and heartbreaking adventures, he finally learns of his true identity, long after he was supposed to. His reincarnated disciples are a mixture of lovable and misunderstood characters that join Jay on a journey across the Country that leads them to Elvis, Oprah, jail, and near death experiences. And when Jay becomes too big for the Church to control, they confront a situation that could very well destroy the world.

The Tyler family had the perfect life - until sixteen-year-old Leah decided she didn't want to be perfect anymore.While Leah's parents fight to save their daughter from destroying her brilliant future, Leah's younger sister, Justine, must cope with the damage her out-of-control sibling leaves in her wake. Will this family survive? What happens when love just isn't enough?Jodi Picoult fans will love In Leah's Wake - a heartbreaking, ultimately redemptive story about family, connection and our responsibility to those we love.

Carol Tyler has been a professional (and highly acclaimed) cartoonist for over 20 years, appearing in such venues as Weirdo, Wimmen's Comix, and Drawn & Quarterly magazine. But over the years her status as a working mother has drastically curtailed her ability to set aside time for her cartooning. Thus each rare new story from her pen has been greeted with hurrahsas well they should be, because she's one of the most skillful, caustic, and emphatic cartoon storytellers of her generation. This new book presents the biggest, richest and most delightful collection of her unpublished works.

This book evaluates the experience of official torture of France in Algeria, as well as recently, the United States since 9/11, Israel against Palestinians, and Argentina during its "Dirty War" from 1972 to 1983. While evaluating what information was gained from torture, the book also shows the costs of undertaking this approach to interrogating suspected terrorists.

Annie has many unanswered questions! Will she find her one and true love or will she be destined to stay single all her life and do a work for God?

Consumer behaviour is more than buying things; it also embraces the study of how having (or not having) things affects our lives and how possessions influence the way we feel about ourselves and each other - our state of being. The 3rd edition of Consumer Behaviour is presented in a contemporary framework based around the buying, having and being model and in an Australasian context. Students will be engaged and excited by the most current research, real-world examples, global coverage, managerial applications and ethical examples to cover all facets of consumer behaviour. With new coverage of Personality and incorporating real consumer data, Consumer Behaviour is fresh, relevant and up-to-date. It provides students with the best possible introduction to this fascinating discipline.

REVISED & EXPANDED 2ND EDITION The Queen Chronology is a comprehensive account of the studio and live recording and release history of Freddie Mercury, Brian May, John Deacon and Roger Taylor, who joined forces in 1971 as the classic line-up of the rock band Queen. Years of extensive research have gone into the creation of the Chronology, which covers the very beginnings of band members? careers, their earliest songwriting efforts and recording sessions, through the recording and releasing of Queen's 15 original studio albums with their classic line-up, to the present-day solo careers of Brian May and Roger Taylor. All of this information is presented date by date in chronological order, with detailed descriptions of each song version, including those both released and known to be unreleased. Every Queen and solo album, single, non-album track, edit, remix and extended version is examined, as are known demos or outtakes, pre-Queen recordings and guest appearances.

This lush book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals-especially those that are endangered. His powerful message, conveyed with humor, compassion, and art- to know these animals is to save them.Sartore intends to photograph every animal in captivity in the world. He is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those facing extinction. He has photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits- from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the eloquent prose of veteran wildlife writer Douglas Chadwick, this book presents a thought-provoking argument for saving all the species of our planet.

Daily Guideposts, America's bestselling annual devotional, is a 365-day devotional from the Editors of Guideposts that will help readers grow in their faith every day of the year. In the past forty years, it has sold more than twenty million copies.

Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures.

This collection of 19 new essays by 21 authors from the United States, the UK, Canada, Australia and India focusses on contemporary film and television (1989 to the present) from those countries as well as from China, Korea, Thailand and France. The essays are divided into two parts. The first includes critical readings of narrative film and television. The second includes contributions on documentaries, biopics and autobiographically-informed films. The book as a whole is designed to be accessible to readers new to disability studies while also contributing significantly to the field. An introduction gives background on disability studies and appendices provide a filmography and a list of suggested reading.

U2: A Diary

The Britannica Book of the Year 2011 provides a valuable viewpoint on the people and events that shaped the year. In addition to keeping the Encyclopaedia Britannica updated, it serves as a great reference source for the latest news on the ever-changing populations, governments, and economies throughout the world.

This new and updated edition of U2 A Diary brings U2s story up to date with information about the band's ground-breaking film, U2 3D, recording sessions for No Line on the Horizon and the story of how the album was leaked online twice before its official release, the U2 360 world tour and Bono's back injury that forced an entire leg to be postponed and the band's struggles to decide how to follow No Line on the Horizon and the 360 Tour with new material. Here is the complete history of U2 told exactly as it happened in day-by-day diary format. As well as following the mid-1970's birth of the band to the present day in journal form, U2: A Diary also includes new revelations and fresh insights into key moments of U2's development. Through interviews and extensive research, author Matt McGee sheds light on stories. Fully illustrated with pictures spanning the bands career, this is a fanatically detailed account of a legendary group's life!

In Leah's Wake

Family Law

One morning, Emma decided she simply did not want to be a kid anymore. She didn't want an early bedtime or have to sit in the back seat of the car, or be interrupted for dinner while playing hide-and-seek with her friends, or be told that unless she ate her vegetables, she would never grow up. But what happens when Emma starts to be a grownup and do grownup things?
* Great book, great story, great lesson. My kids ages 6 and 9 enjoyed the story. It made them realize that being a kid is fun" -- Daniel.
*A wonderful lesson in living in the NOW and not growing up before it is time. This was such a delight to read and the way Ms Alony put it together was perfectGreat book with beautiful illustrations, and my little niece gave it five stars!-- Author Joyce L. Mitchel.
"Excellent vocabulary" -- Kindle Costumer.
Maria Alony creates high-quality, illustrated children's books that are not only fun and entertaining, but also contain an educational message and important values. As a mom herself, Maria reads picture books every night so that bedtime stories become part of her child's routine. She believes that reading children's books every day, for kids ages 4-8, is essential for developing language, fostering imagination, and promoting self-expression. When it comes to children, Maria knows that books are vital. Join Emma in the new edition of the children's book series "Emma and Everything" on her journey of self-discovery. As she learns to appreciate and love her life as it is, she discovers the beauty of being a kid. Scroll back up and grab your copy now! This fully-illustrated picture book is a great read aloud for preschool children and is highly recommended as a self-read book for beginner readers as well.

Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fie" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

Shows how Fox News' appeal is based on its populist presentational style, not its conservative ideological bias.
