These interrelated stories follow a series of characters on a journey through life in Minecraft. Relatable characters, thrilling action, and colorful illustrations will suck in readers and leave them excited to read the next adventure! Secrets await! Solve the puzzle, uncover secrets! The Blacksmith and The Apprentice: Issue 1 The ancient art of blacksmithing is a thing of beauty. A lot of hard work goes into the process. It's very complicated, really. Stoking the flames to many small, contained fires—making lumps of metal into differently shaped items of metal—hitting said lumps of metal with hammers to turn them into different weapons. You can shape metals into whatever item you want. Okay, it might not be a very interesting job, but apprenticing with the best blacksmith in the kingdom is a huge opportunity. Blacksmiths make the tools everyone needs to get about in their day-to-day lives. It's a very prestigious and impressive position, although this honor is lost when the position is held by Dane, a youthful boy who dreams of greater adventure! Luckily, Dane has a skilled master to reign in his daydreaming. Viegar has quite an interesting past. From his years on the Royal Guard to his close relationship with the previous king, he's quite a friend to have on your side. There is one other apprentice, Snip, who is much more passionate about his duties than Dane. Between the three of them, they churn out powerful weapons and protective armor, usually with no thanks to Dane. Of course, no cast of characters would be complete without the big man in charge—in this case, a king. By almost anyone's account, he's a good and fair ruler, but there is no one in power without enemies. Though Viegar and his workers only want to help their wonderful king, there are still plenty who wish to do him harm. But Dane can only imagine such things. It's not as if he'd ever be in the position to really make any sort of difference or be in any place of power. Right? And though his apprenticeship is mundane and boring, the young man gets a few moments of excitement. Every once in a while, his master Viegar lets him venture out past the village to visit the caravan, where he can trade and buy supplies. It's the most excitement Dane ever gets in his line of work. Sometimes, he gets to meet interesting people. Sometimes, he hears interesting things. And maybe, just maybe, he sometimes hears of a new opportunity for himself. But who would want to give up such a life as an esteemed apprentice? But of course, destiny and desire are not always what you expect . . .

Zetta journeys to her eccentric aunt's workshop outside town to search for an answer and finds a lot more than she bargained for. A mysterious egg hatches into a scaly creature with purple eyes, black wings, and poisonous breath. It can't possibly be the mythical ender dragon . . . can it? And if it is, can Zetta raise it to be the savior her village needs? The threat of the illagers is growing fast, and Zetta's accidental dragon is growing even faster. With the help of her two best friends and her daydreaming little cousin, Zetta must train the scariest (and scaliest) baby in the Overworld. Getting there is half the fun, and the group treks through the jungle, where they find a rare temple filled with treasure! But getting the treasure isn't easy, and they have to fight fierce battles to continue their journey. After their exhilarating and rewarding journey to the contest, they finally make their way onto the island and meet the judges, as well as the other four contestants, whose egos are as big as the houses they are building. Steve builds his dream house to impress the judges, but just as they begin judging, the island is overrun with Endermen. Mushroom islands are known for not having hostile mobs, so everyone knows it's the work of a griefer. Is it one of the contestants? Nobody knows, but they all have to work together to battle this invasion of the Endermen. Will they be able to defeat the Endermen and find out who the griefer is? And who will win the building contest? Find out in this thrilling third installment of the Minecraft Gamer's Adventure series! Everyone knows that Jodi, the youngest member of the team, loves animals in the real world and in Minecraft. She is also fiercely loyal to her friend the Evoker King, who has, very unfortunately, been shattered into six different hostile mobs. When the third piece of the Evoker King takes the form of a Minecraft witch and sends Jodi and her friends on a quest to bring back an extremely rare animal mob, Jodi is determined to make sure that the mob stays safe no matter what! Meanwhile, in the real world, she also learns that taking care of other living creatures is a much bigger responsibility than she ever imagined. Find out if Jodi and her friends have what takes to outwit a powerful witch and keep a bunch of unruly pets on the leash in this exciting new Minecraft adventure.
