Info: www.divinewill.eu - St. Hannibal of Francia, Luisa's extraordinary confessor affirms that her method is a "totally new approach," and she was the first to introduce this way of contemplating the Lord's passion: "This solitary soul is a most pure virgin, wholly of God, who appears to be the object of singular predilection of Jesus, Divine Redeemer. It seems that Our Lord, who century after century increases the wonders of His Love more and more, wanted to make of this virgin with no education, whom He calls the littlest one that He found on earth, the instrument of a mission so sublime that no other can be compared to it - that is, the triumph of the Divine Will upon the whole earth, in conformity with what is said in the 'Our Father': Fiat Voluntas Tua sicut in Coelo et in terra." Ecclesiastical seals of approval of the original Italian editions of this book First edition Revisione arcivescovile, Naples, February 20, 1915 She's a college professor with a prim demeanor, and he's a carpenter with a foul mouth and violent streak. Betty has a history of promiscuity that Bobby won't let her forget, and from their first taunting exchanges there are intimations also of the history between them. Yet on the night when Betty urgently needs help to empty her cabin in the woods--the cabin she's been renting to a male student--she calls on Bobby. In this exhilarating play of secrets and sibling rivalry, which had its premiere in London's West End in 2011, Neil LaBute unflinchingly explores the dark territory beyond, as Bobby sneeringly says, "the lies you tell yourself to get by."

In this gripping, funny addition to the bestselling Lemonade War series, both Jessie and her brother Evan find themselves unexpectedly cast as outsiders. How they find their way forward makes for a timeless story about the power of courage and kindness. Evan and Jessie Treski have waged a lemonade war, sought justice in a class trial, unmasked a bell thief, and created a professional magic show. Yet for all their skills and talents, both find them themselves being singled out this summer for reasons beyond their control. Natural-born leader Evan, who is always good at making new friends, discovers he is at the mercy of a bully on the summer school playground, and is pressured to act in a way he never has before. Science-loving Jessie just wants to construct the best bridge she can for the competition next month, yet she is stuck in the wrong summer camp, surrounded by kids who believe fairies are more real than physics and a group of girls who tortured her back in second grade. Suddenly, she, too finds herself acting in ways that puzzle her. Bestselling author Jacqueline Davies once again shows how well she understands her readers in this timely story of how being true to ourselves can help us remember how to treat others.

The third installment of the popular Lemonade War series finds siblings Evan and Jessie Treski at their grandmother's Vermont house for the holidays, solving another mystery. Everything about this trip to Grandma's house was different: First, because of the fire, Mrs. Treski, Evan, and Jessie had driven up to Grandma's two days after Christmas instead of the day before, missing Christmas with Grandma entirely. Second, the fire had left a hole in the back kitchen wall big enough to drive a car through! And with Grandma in the hospital and not in her house, everything felt off. Third, someone had climbed the long, slow slope of Lovell Hill to the top and had stolen the old iron bell hanging on its heavy wooden crossbeam. Who on earth would steal the New Year's Bell? And how could Grandma, Mrs. Treski, Evan, Jessie, and their neighbors ring in the New Year without it? Like a modern-day Beverly Cleary, Ms. Davies writes with heart, humor, and honesty about the inevitability of profound change and reveals just how well she understands the complex emotions of the children. This fascinating picture book biography from beloved author of the Lemonade War series Jacqueline Davies and Caldecott honor-winning illustrator Melissa Sweet chronicles the life of scientist John James Audubon, who pioneered a technique essential to our understanding of birds thanks to his lifelong love for the species. If there was one thing James loved to do more than anything else, it was to be in the great outdoors watching his beloved feathered friends. In the fall of 1804, he was determined to find out if the birds nesting near his Pennsylvania home would really return the following spring. Through careful observation, James laid the foundation for all that we know about migration patterns today. Capturing the early passion of this bird-obsessed young man as well as the meticulous study and scientific methods behind his research, this lively, gorgeously illustrated biography will leave young readers listening intently for the call of birds large and small near their own home.

From top to bottom, Wayside is packed with quirky and hilarious characters who are all brought to life in this new edition with delightful illustrations by Aleksei Bitskoff throughout.
