Lesley Cookman's bestselling series featuring amateur sleuth Libby Sarjeant is back for its eleventh instalment! A Jewelled Anglo-Saxon reliquary has mysteriously appeared on a website, apparently containing a relic of St Eldreda herself. The nuns at St Eldreda's Abbey are understandably curious, and invite Libby Sarjeant to look into the matter in more depth. Fascinated by the story, Libby's friend Peter obtains permission to mount 'Murder In The Manor', a play based on St Eldreda's story, excitingly set in the ruins of the original monastery. Unfortunately for Peter's plans, a real body is discovered, and Libby and her friend Fran find out that this is sadly not the first. Together, Libby and Fran dive into their investigations, to hopefully find the link between the relic, St Eldreda, and the pile of bodies.

Pantomime is coming to The Alexandria theatre in Nethergate. Among the cast is Clemency, an old acquaintance of Libby Sarjeant and Fran Wolfe. She is making her return to the professional stage, encouraged by her mother Dame Amanda Knight, whom Libby and Fran met on a previous adventure. Pamela Christie's sparkling historical mystery goes beyond the modest drawing rooms of Regency London in the company of the city's most esteemed and scandalous courtesan. . . . Since the age of sixteen, Arabella Beaumont has been happily employed as a highly paid woman of pleasure. True, respectable ladies of the ton would never deign to call at Lustings, her delightful home. Then again, Arabella has no desire to make dreary small talk and sip tea when she could be enjoying the company of amusing, intelligent, and extremely generous gentlemen. But while Arabella's admirers are legion, she also has enemies. A paper knife stolen during one of her salons was discovered near a former rival. Arabella was entertaining her wealthy benefactor on the night of the murder, but the engaged duke can't provide the alibi she desperately needs. It falls to Arabella and her resourceful sister, Belinda, to solve the crime and protect their own. 'Arabella Clarke Let me repeat myself, so we can be very clear. Women are not the enemy. We must protect them from themselves, just as much as we must protect ourselves. Imagine a world in which witchcraft is real. In which mothers hand down power to their daughters, power that is used harmlessly and peacefully. Then imagine that the US President is a populist demagogue who decides that all witches must be imprisoned for their own safety, as well as the safety of those around them - creating a world in which to be female is one step away from being criminal... As witches across the world are rounded up, one young woman discovers a power she did not know she had. It's a dangerous force and it puts her top of the list in a global witch hunt. But she - and the women around her - won't give in easily. Not while all of women's power is under threat. The Coven is a dazzling global thriller that pays homage to the power and potential of women everywhere.'
' A gripping and vividly drawn dystopian fantasy about the power and potential of women which feels easier to enjoy now Trump has gone. 'Heat 'Thought-provoking and powerful. A big, page-turning thriller.'
Paula Daly 'A real thrill ride.'

The basis for the cult-classic film The Warriors chronicles one New York City gang's nocturnal journey through the seedy, dangerous suburbs and city streets of the 1960s. Every gang in the city meets on a sweltering July 4 night in a Bronx park for a peace rally. The crowd of miscreants turns violent after a prominent gang leader is killed and chaos prevails over the attempt at aid. The Warriors follows the Dominators making their way back to their home territory without being killed. The police are prowling the city in search of anyone involved in the mayhem. An exhilarating novel that examines New York City teenagers, left behind by society, who form identity and personal strength through their affiliation with their "family."
The Warriors weaves together social commentary with ancient legends for a classic coming-of-age tale. This edition includes a new introduction by the author.

Max Tobin brings his all-male dance company to Steeple Martin with his new ballet Pendle, based on the infamous Pendle Witch Trials, due to be performed at the Oast Theatre. There have been unpleasant incidents during rehearsals in London, and Max asks Libby Sarjeant and her friend Fran Wolfe to look into them. To everyone's surprise, the seriousness of the incidents escalates until, rather unfortunately, someone is murdered. Pamela Christie's sparkling historical mystery goes beyond the modest drawing rooms of Regency London in the company of the city's most esteemed and scandalous courtesan. . . . Since the age of sixteen, Arabella Beaumont has been happily employed as a highly paid woman of pleasure. True, respectable ladies of the ton would never deign to call at Lustings, her delightful home. Then again, Arabella has no desire to make dreary small talk and sip tea when she could be enjoying the company of amusing, intelligent, and extremely generous gentlemen. But while Arabella's admirers are legion, she also has enemies. A paper knife stolen during one of her salons was discovered near a former rival. Arabella was entertaining her wealthy benefactor on the night of the murder, but the engaged duke can't provide the alibi she desperately needs. It falls to Arabella and her resourceful sister, Belinda, to solve the crime and protect their own. 'Arabella Clarke Let me repeat myself, so we can be very clear. Women are not the enemy. We must protect them from themselves, just as much as we must protect ourselves. Imagine a world in which witchcraft is real. In which mothers hand down power to their daughters, power that is used harmlessly and peacefully. Then imagine that the US President is a populist demagogue who decides that all witches must be imprisoned for their own safety, as well as the safety of those around them - creating a world in which to be female is one step away from being criminal... As witches across the world are rounded up, one young woman discovers a power she did not know she had. It's a dangerous force and it puts her top of the list in a global witch hunt. But she - and the women around her - won't give in easily. Not while all of women's power is under threat. The Coven is a dazzling global thriller that pays homage to the power and potential of women everywhere.'
