The Union Child's Belief: Being a Series of Letters Upon the Creed

From reviews of volume five: The appearance of a volume of the Pilgrim Edition of Dickens's letters is an event of great moment in the world of English literary scholarship.... Indispensable to the scholar and of absorbing interest to the general reader.--English Studies. Any true admirer of Dickens ought to be left both stunned and delighted by the wealth of material in this fifth volume of the monumental Pilgrim Letters.--The Dickensian. Generous in scope, diverse in subject matter, rich in annotation, the work is a central resource not simply for devotees of Dickens but for students of virtually every aspect of 19th-century civilization.--Nineteenth-Century Fiction. The sixth volume features 1,592 letters--668 of them previously unpublished--covering 1850 to 1852, years of great creativity in which Dickens finished David Copperfield, and began work on Bleak House.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

The Child Catchers

Volume 2

It is a "How to" book for parents to help them to know what they "Should do" and what they "Should NOT do" in their efforts to help their child to know how to avoid becoming a target of bullies. We can't always be there to protect our kids as they make their way in the world. What we can do is equip them with the tools they need to ensure they have a positive social experience.

Based on many years' experience counselling bullies and targets, Stella O' Malley offers concrete strategies to empower children and teenagers to deal confidently with bullying and dominant characters. She identifies effective ways for families to cope when bullying occurs, including approaching the school authorities, communicating with the bully's parents and tips to tackle cyberbullying. Stella's common-sense approach will help your child, tween or teen to develop their emotional intelligence and will provide relief for families navigating the rapidly changing social environment, both online and in school.
