The knowledge of note reading, intervals, rhythm, music symbols and terms, and the ability to listen are essential to the development of a strong foundation for the piano student. This "Theory" book was written to help provide this foundation by giving students reinforcement of the concepts presented in the "Lessons" book of the David Carr Glover Method for Piano. As the students advance in their ability to play the piano, the "Theory" book will help give them a better understand

the music they are performing. The pages are designed to be interesting and fun for the students in order to spark their enthusiasm and increase their motivation.

DVD contains 8 video clips showing teaching assistants working with children in a variety of contexts.

This series is written by experienced tutors in line with the level 2 specification. This volume covers business and administration.
