Liam is the boy, lying in the hospital, in grave condition, a bullet lodged in his head. Otto is his father, a commercial artist whose marriage has collapsed in the wake of the disaster. Paul Griner’s brave novel taps directly into the vein of a uniquely American tragedy: the school shooting. We know these grotesque and sorrowful events too well. Thankfully, the characters in this drama are finely drawn human beings—those who gain our empathy, those who commit the unspeakable acts, and those conspiracy fanatics who launch a concerted campaign to convince the world that the shooting was a hoax. The Book of Otto and Liam is a suspenseful, edge-of-your-seat read and, at the same time, it is a meditation on the forms evil can take, from the irredeemable act of the shooter himself, to the anger and devastation it causes in the victims’ families. Griner has managed to make an amazing, incredibly powerful book, one that is like no other.

Dirtshine: The Complete Series

Lisa Genova meets Z3andMe in this exploration of the genetic and emotional ties that bind, as debut author Julie Clark delivers a compelling read about a young boy desperate to find his place in this world, a mother coming to terms with her own past, and the healing power of forgiveness. The powerful forces of science and family collide when geneticist Paige Robson finds her world in upheaval: Her eight-year-old son Miles is struggling to fit in at his new school and begins asking questions about his biological father that Paige can ' t answer—until fate thrusts the anonymous donor she used into their lives. Paige ' s carefully constructed life begins to unravel as the truth of Miles ' s paternity threatens to destroy everything she has grown to cherish. As Paige slowly opens herself up—by befriending an eccentric mother, confronting her own deeply buried vulnerabilities, and trying to make sense of her absent father ' s unexpected return—she realizes breakthroughs aren ' t only for the lab. But when tragedy strikes, Paige must face the consequences of sharing a secret only she knows. With grace and humor, Julie Clark shows that while the science is fascinating, solving these intimate mysteries of who we are and where we come from unleashes emotions more complex than the strands of DNA that shape us.

Liam learns the importance of accepting responsibility for his actions and apologizing when he makes a mistake that hurts or annoys someone.

The Barrier Lands Book 1: The Unwilling Book 2: The Broken Tower

"Full of double and triple-crosses . . . Northern Heist ' s deeds and details seem as real as a smashed kneecap, while its stopwatch tension, heightened by present-tense voice, is reminiscent of such classic caper films as 'Riffifi' and 'The Asphalt Jungle.'"—The Wall Street Journal A fast-paced, suspenseful thriller based on one of the biggest (and still unsolved) bank-robberies in history, written by a former IRA bank robber. Nobody robs banks in Belfast without the IRA getting a cut -- not even former Provo James 'Ructions' O'Hare. But when word gets around O'Hare may be up to something, the pressure from the IRA begins. Ructions' trusts his crack squad of former paramilitary compadres, and has full confidence in his audacious plan: To literally empty the biggest bank in Belfast by kidnapping the families of two employees - known as a "tiger" kidnapping -- in order to force them to help Ructions and his crew get into the bank's vault. But keeping the plan -- and the money -- from the IRA is another plan entirely, one requiring all Ruction's cunning and skill. In this stunning debut novel, as audacious and well-executed as Ructions' plan to rob the National Bank itself, Richard O'Rawe -- a former IRA bank robber himself - unleashes a story that will shock, surprise and thrill as he takes you on a white-knuckle ride through Belfast's criminal underbelly. Enter the deadly world of tiger kidnappings, kangaroo courts, money laundering, drug deals and double-crosses.

It's a simple enough transaction. Marisol needs the money, and I need a nice girl to parade in front of the cameras. No feelings. No strings. No falling for anyone. I've been clean for months, but my record company's not satisfied. Apparently it isn't enough to only kick a heroin addiction - they're insisting that I find a girlfriend as well. If I don't, they pull Dirtshine's massive record deal. It's supposed to show that I've changed my ways, that I've turned over a new leaf, all that rubbish. But I've had it with suit-wearing wankers telling me what I'm to do, so I'm on the verge of telling them to go f*ck themselves. And then she shows up. Marisol locks me out of my own concert by accident. She's wearing a suit at a rock show, searching for her lost law school textbook, has no idea who I am... ..and for the first time in years, I'm hooked. She's smart, driven, and utterly gorgeous. The sort of girl who earnestly believes in following the rules and hates when others don't. I'm a huge rock star, recovering addict, and general f*ckup. Our relationship is for show, and that's all. But with every smile, every laugh, and every breathtaking glance at her curves, I want her more. Two months is all we agreed to. But it's never going to be enough. Finn... Wounded Warrior, that's what they call me. But that's not who I am. I'm broken, physically and mentally, beyond repair. And I'm no warrior. The only thing I'm good for is sharing my story when the mood strikes me and ignoring the pitying looks when storytime is over. Why, then, can't I ignore the searing stare of the blonde beauty? I try but she is a perfect representation of my old life, my pre-war life. A life I took for granted. Even worse, she keeps dangling a very tempting carrot in front of me and tearing down walls that I carefully built to protect myself. Isabelle... It's not easy being the twin of an MC president but it's a position I've accepted and learned to embrace. I grew up knowing that our club would always be my home, my North Star in a demented world. I never dreamed I would find another place, another family that would give me even more purpose in life. Working with veterans feeds my soul in ways the club can't. Then he shows up and rocks my foundation. He's the very best of both worlds, but he doesn't see it. Within minutes of first laying eyes on him, I vow to do whatever it takes to help him figure out how to bridge the divide. There's a giant flaw in my plan though. I'm the one who ends up needing him. I'm the one who may not survive without his help. And I'm not entirely certain he's capable of giving it.
