The masterpiece of travel writing that revolutionized the genre and made its author famous overnight An exhilarating look at a place that still retains the exotic mystery of a far-off, unseen land, Bruce Chatwin's exquisite account of his journey through Patagonia teems with evocative descriptions, remarkable bits of history, and unforgettable anecdotes. Fueled by an unmistakable lust for life and adventure and a singular gift for storytelling, Chatwin treks through "the uttermost part of the earth"—that stretch of land at the southern tip of South America, where bandits were once made welcome—in search of almost-forgotten legends, the descendants of Welsh immigrants, and the log cabin built by Butch Cassidy. An instant classic upon publication in 1977, In Patagonia is a masterpiece that has cast a long shadow upon the literary world. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. La Sassonia è diventata la Solar Valley tedesca: lì viene prodotto il 20% delle celle fotovoltaiche mondiali. Nelle Marche è nata la casa a zero emissioni. In California i frigoriferi hanno battuto l'atomo: renderli più efficienti ha reso disponibile più elettricità di quella prodotta da un reattore nucleare... Vista dalla prospettiva della green economy la crisi fa meno paura. Anzi, per molti settori è il momento della riscossa. Entro dieci anni le fonti rinnovabili in Germania supereranno il settore automobilistico. In Cina, leader mondiale del solare, mezzo miliardo di persone utilizza l'energia pulita prodotta da piccoli impianti. Negli Stati Uniti quasi la metà della potenza elettrica installata negli ultimi due anni viene dal vento, in Europa nel 2011 le rinnovabili hanno fatto ancora meglio. È una svolta radicale: non più profitto contro benessere ma profitto dal benessere, e un nuovo modello di democrazia energetica in cui potere e vantaggi economici sono decentrati. - See more at: <http://www.edizioniambiente.it/ebook/416/la-corsa-della-green-economy/>

'A book grows rather like a snow crystal. One doesn't write it from start to finish but, in greater or less degree, all at the same time ... that is why my book is not in chronological order; for everything is of the present, held in the moment when thought captures it.' Kurt Diemberger's *Summits and Secrets* is a mountaineering autobiography like no other. Writing anecdotally, Diemberger provides an abstract look into his life and climbing career that is both fascinating and awe-inspiring to navigate. Known for surviving the 1986 K2 disaster – an account described in harrowing detail in his award-winning book *The Endless Knot* – Diemberger provides a captivating insight into his earlier climbs in *Summits and Secrets*. From climbing his first peak in the Tyrol mountains of Austria, to the epoch-making first ascent of Broad Peak with Hermann Buhl in 1957, and then summiting Dhaulagiri in 1960, where he became one of only two people to have made first ascents of two mountains over 8,000 metres, Diemberger recounts his

experiences with wit, honesty and an infectious enthusiasm: 'Every climber knows the thrill ... the unique inexplicable tension, which the regular shapes of the mountain world awake in him: huge pyramids, enormous rectangular slabs, piled-up triangles of rock, white circles, immense squares – the thrill of simplicity of shape and outline and the excitement of mastering them, to an unbelievable extent, by his own efforts, his own power ... ' Summits and Secrets is a must-read for those wanting an insight into the life and achievements of one of the toughest high-altitude climbers the world has ever known.

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the

unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing,

heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

Despite her tiny frame, faltering English and lack of experience, Lili lands a job on board the Rebel, the only woman on the boat. Out on the open sea, everything is heightened: colours are more vivid, sounds are louder and the work is harder than anything she's ever known. The terrifying intensity of the ocean is addictive to the point of danger. But Lili is not alone: in her fellow crewmembers she finds kindred spirits – men living on the edge, drawn to extremes. Based on Catherine Poulain's own experiences, and written in taut, muscular prose, *Woman at Sea* cuts through the noise of life and straight to the heart of our innermost longings.*

Born on the muddy outskirts of Sofia, Kapka Kassabova grew up under Communism, got away just as soon as she could, and has loved and hated her homeland in equal measure ever since. In this illuminating and entertaining memoir, Kapka revisits Bulgaria and her own muddled relationship to it, travelling back to the scenes of her childhood, sampling its bizarre tourist sites, uncovering its centuries' old history of bloodshed and blurred borders, and capturing the absurdities and idiosyncrasies of her own and her country's past. From the author of The Tenth Gift comes another story of exotic, foreign lands, entwining storylines spanning generations, and the quests to overcome love lost. "My dear Isabelle, in the attic you will find a box with your name on it." Isabelle's estranged archeologist father dies, leaving her a puzzle. In a box she finds some papers and a mysterious African amulet — but their connection to her remains unclear until she embarks on a trip to Morocco to discover how the amulet came into her father's possession. When the amulet is damaged and Isabelle almost killed in an accident, she fears her curiosity has got the better of her. But Taib, her rescuer, knows the dunes and their peoples, and offers to help uncover the amulet's extraordinary history, involving Tin Hinan — She of the Tents — who made a legendary crossing of the desert, and her beautiful descendant Mariata. Across years and over hot, shifting sands, tracking the Salt Road, the stories of Isabelle and Taib, Mariata and her lover, become entangled with that of the lost amulet. It is a tale of souls wounded by history and of love blossoming on barren ground. From the Hardcover edition.

The great Icelandic novel by the Nobel Prize-winning novelist Halldór Laxness 'There are good books and there are great books and there may be a book that is something still more: it is the book of your life' New York Review of Books First published in 1946, this is a humane, epic novel set in rural Iceland. Bjartus is a sheep farmer determined to eke a living from a blighted patch of land. Nothing, not merciless weather, nor his family, will come between him and his goal of financial independence. Only Asta Solillja, the child he brings up as his daughter, can pierce his stubborn heart. As she grows up, keen to make her own way in the world, Bjartus's obstinacy threatens to estrange them forever. Written by the Nobel prize-winner dubbed the 'Tolstoy of the North', this is a magnificent portrait of the eerie Icelandic landscape and one man's dogged struggle for independence. 'I defy anyone to finish Halldór Laxness's Independent People without wetting the pages with tears' Jonathan Franzen, Guardian 'The greatest Icelandic novel and surely one of the best books of the 20th century' Hallgrímur Helgason, Guardian

influenced their writing. Editors Bill Morgan and David Stanford shed new light on this intimate and influential friendship in this fascinating exchange of letters between Kerouac and Ginsberg, two thirds of which have never been published before. Commencing in 1944 while Ginsberg was a student at Columbia University and continuing until shortly before Kerouac's death in 1969, the two hundred letters included in this book provide astonishing insight into their lives and their writing. While not always in agreement, Ginsberg and Kerouac inspired each other spiritually and creatively, and their letters became a vital workshop for their art. Vivid, engaging, and enthralling, *Jack Kerouac and Allen Ginsberg: The Letters* provides an unparalleled portrait of the two men who led the cultural and artistic movement that defined their generation.

Ted Simon is the author of the classic travel book *JUPITER'S TRAVELS*. It documents his four-year journey round the world by motorbike, travelling through Europe, Africa, South and North America, and Asia. A number one bestseller in the late 1970s, it is still regarded as one of the greatest motorcycle books - indeed, one of the greatest travel books - ever written. In 2001, at the age of 69, Ted Simon decided to retrace his journey, and *DREAMING OF JUPITER* is the result. It took him two and a half years - during which time he revisited all the countries he had travelled through in the 1970s. He found much had

changed, and he reflects upon the increased poverty, political upheavals, environmental issues and indeed the changes in himself. But ultimately, DREAMING OF JUPITER is a hugely inspiring read with a positive message at its heart - that even at the age of 70 you can still set off on an adventure, and be surprised and excited by what life throws at you along the way.
