Addressing the potential for confusion about basic Christian claims and beliefs, Gerald O'Collins sets out to relaunch fundamental theology as a discipline by presenting a coherent vision of basic theological questions and positions that lay the ground for work in specific areas of systematic theology.

Rethinking Fundamental Theology examines central theological questions: about God, human experience and, specifically, religious experience; the divine revelation coming through the history of Israel and through the life,

O'Collins concludes with some reflections on theological method. Written with the scholarship and accessibility for which O'Collins is known

Tobias is the entity who first appeared to Geoffrey Hoppe on an airplane in 1997. Tobias is an angelic being who has lived many lifetimes on Earth and came back through the angelic realms for what he calls the "biggest evolution of consciousness humanity has ever experienced." He lovingly assists those who are going through spiritual transformations, seeking to integrate their divinity with their humanity, and rediscovering the God within. His spiritual and inspirational messages have been delivered through Geoffrey and Linda Hoppe for many years. Journey of the Angels is an allegory told by Tobias through the Hoppes--his

most powerful and positive statement yet: The key to spiritual transformation lies in the absolute surrender to the love of self, and in the total acceptance of everything we have chosen to experience in the density of this third-dimensional realm.

"Ascension occurred in the moment when I said, 'I Am That I Am, and I love everything about myself--without shame, without guilt, without reservation, without ifs, ands or buts.' Ascension occurred when I surrendered into who I actually am, rather than to the aspects I had created trying to pretend I was something else. Ascension occurred when I knew within my heart that I am, I always was, and I always will be. "We came to forget, to remember, and finally, to know. A simple and profound message for those who choose to go beyond limited thoughts and beliefs into a new understanding of reality. This book by Adamus Saint-Germain is filled with insightful and practical information about living as true Masters in the New Energy. His simple and profound messages provides the guideposts for those who choose to go beyond limited thoughts and beliefs into a new understanding of reality. Well-known channelers Geoffrey and Linda Hoppe share the spiritual messages of Adamus Saint-Germain, the ascended master and teacher from the angelic Crimson Council, in Live Your Divinity. Saint Germain has manifested in many lifetimes, expressing various identities in many adventures on Earth: from a rebellious rabbi in the time of Jesus to Mark Twain.

File Type PDF Live Your Divinity Inspiration For New Consciousness

Many believe that Adamus St. Germain is here today to teach us about new consciousness and new energy. In Live Your Divinity, the wisdom of Adamus comes through loud and clear in the plain-talking voice of Geoffrey Hoppe. Culled from Adamus's messages given before live audiences around the world, these excerpts relay that, ultimately, personal growth and spiritual development can only be realized through an increased awareness of the very experience the reader is already having on their path of awakening. Among the messages: Everything is simple and it's already within you. Your dreams are messages from your divine, parts of you that exist in the other realms. Your "lost love" and "soul mate" is you. You have already ascended and now you're going backwards in time to experience how you got there. There is no need for

File Type PDF Live Your Divinity Inspiration For New Consciousness

redemption, only acceptance. Live Your Divinity is for those who are waking up and hungry for channeled information from the ascended masters. It reinforces, clarifies, validates, and encourages--bringing readers increased awareness as they move through the Awakening Zone.

Living Your Divine Life takes you beyond the monumental "peak experience", beyond priceless "enlightenment", and beyond human thought- to effortless living, nonstop miracles, God- conscious (Christ-in-us) reality, and ceaseless joy as your natural state. Before we learned to walk or feed ourself with a spoon, we have to acquire these now second nature "information-processing" skills that originate beyond the conscious mind. Equally, if we want to realize the highest state of our being, happiness and prosperity, we can also bring these

File Type PDF Live Your Divinity Inspiration For New Consciousness

second nature (effortless, source code) skills into our daily lives. This mathematical source code, which scientists call the laws of nature, is the DNA of life or the software of God's inner structure. Living Your Divine Life shows you how to access that second nature "source code" on a constant basis. The words of Moses, Jesus, Muhammad, Einstein, Bohr, Bohm, Wheeler, the Buddha, and many others reinforce this truth. We can observe "effortless" living in the inner workings of our own body and in the movements of electrons, stars and galaxies. By Living Your Divine Life, you can experience peace beyond peace and absolute knowledge at the center of yourself- by unfolding the Godhead within splendor of yourself.

voice of Christo Sahbays, an itinerant metaphysician from northwest Arkansas who is gathering popularity as a mediator for a spirituality of living the Truth of our being. This initial entry in the author's new MY SPIRITUAL AWARENESS SERIES features metaphorical translations of parables and holy Scripture to enlighten, inspiring followers to heal themselves by first healing their perspectives on life. As a master metaphysician, Christo shakes the foundation upon which most have constructed their personal mythology of religious doctrine. He then leads them to a sense of Oneness that focuses their house of consciousness toward those inner whispers of Truth rather than on the illusions of outward authorities that often lead to a purposeless, unfulfilled life. Building on this first offering, other writings that continue the MY SPIRITUAL

Other books in process deal with such topics as the metaphysical meaning of Jesus and his disciples, the Sermon on the Mount, some of the various "newfound" Gospels, and those portions of the remaining three Gospels that do not replicate the content of the Gospel of John--all placed in a practical perspective.

Adamus defines the four primary levels of energy including Core (soul), Crystalline, Cosmic and Earth while educating the reader about how the various levels are used by our consciousness to manifest our stage-of-life.
