exam! After

nearly 20

years of

teaching Lewis

Morris

discovered a

startling

fact: Most

students

didn't
struggle with
the subject,
they struggled
with the
language. It
was never
about brains
or ability.
His students
simply didn't
have the

knowledge of
the specific
language

needed to
succeed.

Through experi-
mentation and
research, he
discovered
that for any
subject there
was a list of

words, that,

when mastered,

unlocked a

student's

ability to

progress in

the subject.

Lewis called

this set of

vocabulary the
