Since the mid-nineteenth century, medicine has undergone a revolution, improving the quality and length of human life in the process. With fascinating detail, this volume traces the evolution of treatments for a variety of conditions. Antiseptics and anesthesia made surgery possible and survivable. Vaccines wiped out the lethal illnesses of cholera, typhus, polio, yellow fever, and others. While smallpox was declared officially eradicated in 1980, another devastating disease surfaced on the world stage, HIV/AIDS, to further challenge the development of medical treatments. Today, DNA, artificial intelligence, and stem cell therapy are some of the weapons used to fight against pain and disease. Media literacy terms and questions round out the text and aid readers in analyzing over a century of news coverage.

Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. Atlas Shrugged, a modern classic and Rand ' s most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century ' s leading artists.

¡Hola! Hello! Did you understand this first Spanish word? Yes, you did! Why? Because it was presented to you using a new technique that is making learning languages easier than ever – the Bilingual Reading. We created this book using this technique so that you can learn Spanish in a fast and fun way and whenever you want. How does this work? It is simple: Bilingual Reading works by reading two versions of the same book or text at once. One version will be on the language you want to learn (in this case we will help you to learn Spanish) and the other version will be in your native language or some other language you are comfortable with – here we will use English. Using this method, you will quickly start discovering the meaning of the words in Spanish and accumulating vocabulary that will soon allow you to read texts that are more complex without having to spend hours and hours looking for every word meaning on a dictionary and trying hard to memorize it. In order to make it easier for you to learn Spanish in a fun way, we gathered in a word a very special group of 12 Spanish short stories. These 12 Spanish short stories for beginners were written using straightforward grammar that is comprehensible for beginners and that will help you rapidly gain more Spanish vocabulary and comprehension. Using Spanish English parallel text, this book will increase your bilingual reading comprehension skills and maximize the time you invest in reading. The book is organized as a Spanish learning book: you can start by reading each paragraph of each story in the two languages (in Spanish English parallel text), then move to read the full story in each language, rereading to consolidate the Spanish fundamentals whenever is necessary. This way you will feel the progress of Spanish language learning when moving from story to story and see your Spanish vocabulary grow as your bilingual reading comprehension increases - allows you to learn Spanish easily and more than that, you can learn Spanish in a fast and fun way. You can even dedicate it a few moments every day so you can even learn Spanish in 10 minutes a day if you want! Let's Start?

Isak Dinesen takes up the absorbing story of her life in Kenya begun in the unforgettable Out of Africa, which she published under the name of Karen Bliven. With warmth and humanity these four stories illuminate her love both for the African people, their dignity and traditions, and for the beauty and wildness of the landscape. The first three were written in the 1950s and the last, "Echoes from the Hills", was written especially for this volume in the summer of 1960 when the author was in her seventies. In all they provide a moving final chapter to her African reminiscences. "In Fearless Ivan and His Faithful Horse Double-Hump, Jack Zipes, doyen of folklorists, adapts this classic tale, capturing the charm and excitement of the original. Rendered in the style of traditional Russian folk tales, the story speaks with the voice of the underdog, stily satirizing the hypocrisy of the Russian bureaucracy and ruling classes—a taunt to tyranny that transcends time"—Schindler's List

Capturing the extravagance of the controversial film, this lavishly illustrated photography/film book brilliantly displays the erotically-charged steamy drama of the sex-soaked world of Las Vegas lap dancing, strip clubs, and top-of-the-line topless showgirl revues. Set against the bright lights, glitz, and glamour of the Las Vegas stage, Showgirls is an erotic, exotic, and often gritty expose of life behind the scenes on the strip. Here are portfolios of four distinguished photographers who were invited to the production of this film to capture the shtary world of Las Vegas sex, glamour and spectacle. The more than seventy powerful images—with over fifty in vibrant full-color, the others in rich, quadratone black-and-white—are introduced by the director's candid essays about the artists, and his own approach to moviemaking. 96 photos; 63 color plates, 33 quadratone.
Informed by and against the backdrop of the 2019 European Parliament (EP) elections, this innovative book provides a critical assessment of where Europe stands in terms of the quest to achieve democratic legitimacy. Since the 2014 EP elections, the European Union (EU) has experienced multiple crises, which arguably have undermined its legitimacy. The 2019 EP elections were hence seen as a crucial moment in the EU's attempts to show resilience and regain trust. Using political science and legal frames of analysis, Assessing the 2019 European Parliament Elections provides an understanding and assessment of the current politico-legal framework, and its impact on European elections. Furthermore, using original data, it provides a timely examination of public opinion issue priorities and voting behaviour at the 2019 EP elections in eight countries. Given the critical conjuncture that the 2019 EP elections represent, this volume provides a key contribution to understanding both the dynamics surrounding the elections, as well as voters' responses, and informs debates on European politics, for example, second-order elections, democratic legitimacy and political representation. This book will be of key interest to scholars and students of EU politics, public administration, European studies, European law, and sociology, along with practitioners in politics, journalism, and policy analysis.

The son of a deaf surgeon, Miguel de Cervantes was born near Madrid in 1547. He became a soldier in 1570 and was badly wounded in the Battle of Lepanto. Captured by the Turks in 1575, de Cervantes spent five years in prison. He was freed in 1580 and returned home. De Cervantes finally achieved literary success in his later years, publishing the first part of Don Quixote in 1605. He died in 1616.

One of the threads that runs through Elena Poniatowska's oeuvre is that of foreigners who have fallen in love with Mexico and its people. This is certainly the case of Querido Diego, te abraza Quieta--a brief novel (so short it was originally published in its entirety in Octavio Paz's literary magazine Vuelta). The Russian exile and painter Angelina Beloff writes from the cold and impoverished post-war Paris to Diego Rivera, her spouse of over ten years. Beloff sends these letters to which there is no response during a time when the emancipation of women has broken many of the standard models and the protagonist struggles to fashion her own. Elena Poniatowska has (re)created these letters and within them one finds the unforgettable testimony of an artist and her lover during the valuable crossroads of a new time when Diego Rivera was forging a new life in his native country. In this edition, Nathaniel Gardner comments on the truth and fiction Poniatowska has won together to form this compact, yet rich, modern classic. Using archives in London, Paris and Mexico City (including Angelina's correspondence held in Frida Kahlo's own home) as well as interviews from the final remaining characters who knew the real Angelina, Gardner offers a mediation of the text and its historical groundings as well as critical commentary. This edition will appeal to both students and scholars of Latin American Studies as well as lovers of Mexican Literature and Art in general.
