

Online Library Lonely Planet
Japan

Lonely Planet Japan

An enchanting and
fascinating insight into
Japanese landscape,

Online Library Lonely Planet Japan

culture, history and future. Originally written in Japanese, this passionate, vividly personal book draws on the author's experiences in Japan over thirty

Online Library Lonely Planet Japan

years. Alex Kerr brings to life the ritualized world of Kabuki, retraces his initiation into Tokyo's boardrooms during the heady Bubble Years, and tells the

Online Library Lonely Planet Japan

story of the hidden valley that became his home. But the book is not just a love letter. Haunted throughout by nostalgia for the Japan of old, Kerr's book is

Online Library Lonely Planet Japan

part paean to that great country and culture, part epitaph in the face of contemporary Japan's environmental and cultural destruction.

Winner of Japan's 1994

Online Library Lonely Planet Japan

Shincho Gakugei
Literature Prize. Alex
Kerr is an American
writer, antiques
collector and
Japanologist. Lost Japan
is his most famous work.

Online Library Lonely Planet Japan

He was the first
foreigner to be awarded
the Shincho Gakugei
Literature Prize for the
best work of non-fiction
published in Japan.

Online Library Lonely Planet Japan

experience with us!

Lonely Planet presents Japan's most authentic dishes - direct from the kitchens where they were perfected. From street-food vendors to Michelin-starred chefs, Japan's best local cooks share their passion for food and 60 of their region's classic recipes - from

Online Library Lonely Planet Japan

steaming soups and silky ramen
noodles to fresh, hand-rolled sushi.
Recipes include: Takoyaki - octopus
balls Sukiyaki - soy-simmered beef
Okonomiyaki - savoury pancakes
Torinabe - Chicken and vegetable
hotpot Iwashi sushi - Sardine sushi
Tonkatsu - deep-fried breaded pork

Online Library Lonely Planet Japan

cutlet Teppo-jiru - miso soup with crab
Soki soba - Okinawan pork rib ramen
with a pork broth And more! It would
be easy to assume that Japanese
cuisine is all about the food itself. But
no. Or at least, it's not only about the
food. The cuisine of this teeming
archipelago of 3000 islands is a living

Online Library Lonely Planet Japan

part of its culture. In Japan, it's believed that food should be devoured with all five senses: not just smell, taste and sight, but also touch (the texture of the ingredients, the smooth warmth of bamboo chopsticks), and even sound (a high-end ryotei is oddly quiet, the better to appreciate the

Online Library Lonely Planet Japan

experience of eating). Any Japanese meal - from a simple home-cooked fare to the most structured, formal kaiseki - aims to blend each of these elements for balance and nutrition. Unsurprisingly, this provides myriad benefits for our health, as does the act of lingering over our food and

Online Library Lonely Planet Japan

cherishing each mouthful with all our senses - the latter has been proven to aid digestion and portion control. It's clear that meals taken the traditional Japanese way are good for us. That they are such a pleasure to consume, too? Well, that's just a happy coincidence. With sumptuous, original

Online Library Lonely Planet Japan

photography and inside stories and tips from Japan's best local cooks of the history, legend, emotion, and process behind each recipe, From the Source - Japan represents global food at its most thrilling. The perfect book for foodies and travel enthusiasts alike! Also check out: From the Source
