In the near future sci-fi world of Qualityland, algorithms help create an idyllic life for its citizens, but what if the perfect world wasn't built for you? Welcome to QualityLand, the best country on Earth. Here, a universal ranking system determines the social advantages and career opportunities of every member of society. An automated matchmaking service knows the best partners for everyone and helps with the break up when your ideal match (frequently) changes. And the foolproof algorithms of the biggest, most successful company in the world, TheShop, know what you want before you do and conveniently deliver to your doorstep before you even order it. In QualityCity, Peter Jobless is a machine scrapper who can't quite bring himself to destroy the imperfect machines sent his way, and has become the unwitting leader of a band of robotic misfits hidden in his home and workplace. One day, Peter receives a product from TheShop that he absolutely, positively knows he does not want, and which he decides, at great personal cost, to return. The only problem: doing so means proving the perfect algorithm of TheShop wrong, calling into

question the very foundations of QualityLand itself. Qualityland, Marc-Uwe Kling's first book to be translated into English, is a brilliantly clever, illuminating satire in the tradition of Kurt Vonnegut, Douglas Adams, and George Orwell that offers a visionary, frightening, and all-too funny glimpse at a near future we may be hurtling toward faster than it's at all comfortable to admit. So why delay any longer? TheShop already knows you're going to love this book. You may as well head to the cash register, crack the covers, and see why that is for yourself.

Love, romance, and friendship abound in this three-in-one omnibus edition of Lurlene McDaniel's bestselling inspirational young adult novels, all of which explore the timeless question "Can love survive, now and forever?" I'll Be Seeing YouCarley Mattea never expected to become friends with a boy as handsome as Kyle Westin—especially not in the hospital. His doctors don't know whether he'll get his vision back, and he's deeply depressed. Carley can relate. She's been scarred by a facial deformity, but she's keeping that a secret from Kyle. She's worried that if his bandages are removed and he sees her, it will be the end of their relationship. Carley wants what's best for Kyle. But what will that mean for Carley? Don't Die, My LoveJulie Ellis and Luke Muldenhower describe themselves as "meant for each other." Now in high school, they are deeply in love. Luke is a talented football player and is sure to receive an athletic scholarship to a top college, and Julie

intends to follow. When Luke gets a virus, Julie persuades him to see a doctor. The test results are devastating. But Julie believes their love is stronger than anything. Or is it? A Rose for Melinda Jesse and Melinda have been friends since the first grade. When Jesse and his mom move to California, he and Melinda bridge the miles with e-mail. When Melinda suddenly falls ill and her plans to become a prima ballerina are shattered, Jesse travels to see her, to be by her side. As their bond grows stronger, Melinda wonders whether she and Jesse can be more than just friends—and whether a new love could be enough to save her.

The Konoe and Kagetsu families have been fighting like cats and dogs for generations. Masaya Konoe and Yuma Kagetsu attend the same high school and are known to all as arch rivals, but do they really hate each other? Masaya still cherishes a childhood memory of a time when Yuma shared a treasure with him. Now they share a secret attraction.

Forget the 10,000 hour rule— what if it's possible to learn the basics of any new skill in 20 hours or less? Take a moment to consider how many things you want to learn to do. What's on your list? What's holding you back from getting started? Are you worried about the time and effort it takes to acquire new skills—time you don't have and effort you can't spare? Research suggests it takes 10,000 hours to develop a new skill. In this nonstop world when will you ever find that much time and energy? To make matters worse, the early hours of practicing something new are always the most frustrating. That's why it's difficult to learn how to speak a new language, play an instrument, hit a golf ball, or shoot great photos. It's so much easier to watch TV or surf the web . . . In *The First 20 Hours*, Josh Kaufman offers a systematic approach to rapid skill acquisition— how to learn any new skill as quickly as possible. His method shows you how to deconstruct complex skills, maximize productive practice, and remove common learning barriers. By completing just 20 hours of focused, deliberate practice you'll go from knowing absolutely nothing to performing noticeably well. Kaufman personally field-tested the methods in this book. You'll have a front row seat as he develops a personal yoga practice, writes his own web-based computer programs, teaches himself to touch type on a nonstandard keyboard, explores the oldest and most complex board game in history, picks up the ukulele, and learns how to windsurf. Here are a few of the simple techniques he teaches: Define your target performance level: Figure out what your

desired level of skill looks like, what you're trying to achieve, and what you'll be able to do when you're done. The more specific, the better. Deconstruct the skill: Most of the things we think of as skills are actually bundles of smaller subskills. If you break down the subcomponents, it's easier to figure out which ones are most important and practice those first. Eliminate barriers to practice: Removing common distractions and unnecessary effort makes it much easier to sit down and focus on deliberate practice. Create fast feedback loops: Getting accurate, real-time information about how well you're performing during practice makes it much easier to improve. Whether you want to paint a portrait, launch a start-up, fly an airplane, or juggle flaming chainsaws, The First 20 Hours will help you pick up the basics of any skill in record time . . . and have more fun along the way.

For fans of Sarah Dessen and Mary H.K. Choi, this lyrical and emotionally driven novel follows Alina, a young aspiring dancer who suffers a devastating injury and must face a world without ballet—as well as the darker side of her former dream. Alina Keeler was destined to dance, but then a terrifying fall shatters her leg—and her dreams of a professional ballet career along with it. After a summer healing (translation: eating vast amounts of Cool Ranch Doritos and binging ballet videos on YouTube), she is forced to trade her pre-professional dance classes for normal high school, where she reluctantly joins the school musical. However, rehearsals offer more than she expected—namely Jude, her annoyingly attractive castmate she just might be falling for. But to move forward, Alina must make peace with her past and face the racism she experienced in the dance industry. She wonders what it means to yearn for ballet—something so beautiful, yet so broken. And as broken as she feels, can she ever open her heart to someone else? Touching, romantic, and peppered with humor, this debut novel explores the tenuousness of perfectionism, the possibilities of change, and the importance of raising your voice.

Ultimate Ukulele Songbook

At the elementary or secondary level, students can use the ukulele to explore everything from music theory, improvisation, composition, and ear training, to repertoire that includes contemporary popular music. At a lesser expense than any other instrument which can do as much, the ukulele is perfect for breathing fresh air into any music program.

This groundbreaking work, specially designed for the music classroom, combines traditional and popular literature in a method that both teaches the ukulele and develops music literacy. Assuming no prior knowledge, the leveled content allows students to track their progress and teachers to reward benchmark achievements. Many popular pieces are written in the same key as their common recordings, allowing students to play along if they wish, and no singing parts use notation symbols that have not already been formally introduced. The book teaches students both how to read and write music on the treble staff but also offers opportunities to follow chord charts, improvise, and play by ear. By encouraging the development of these transferrable skills, Uke Can Do It 2 provides a solid foundation for lifelong music-making!

A book of seventy famous songs for the beginning ukulele player that uses just six different notes. (C-D-E-F-G-A) Easy to read over-sized notation includes two versions of each song - one with letters inside the note-heads and one with

In the best tradition of southern storytelling, Uke Rivers Delivers features raconteurs as beguiling as the tales they tell. These lyrical, darkly humorous monologues portray a range of denizens of the American South desperately trying to come to grips with their inherited pasts. A Confederate reenactor receives a message from the beyond to lay to rest the remains of Stonewall Jackson's horse. A docent at Washington and Lee University's Lee Chapel offers prim instruction on the facts and legends about "the General" with both reverence and irony. The young son of a lewd, alcoholic, self-dubbed evangelist acquires the wits -- and the will -- for survival by protecting the family's sunflower crops. A midget ukulele virtuoso is so surprised by his own

eruption into violence that he can attribute it only to genetics. One of Jeff Davis's fellow cross-dressers; the killer of John Wilkes Booth; a Rebel deserter whose superior exacts his pound of flesh -- all these characters and more, through their twisted and torn vernaculars, seek understanding and revival in R. T. Smith's superb collection. The classic collection of Dr. King's sermons that fuse his Christian teachings with his radical ideas of love and nonviolence as a means to combat hate and oppression. As Martin Luther King, Jr., prepared for the Birmingham campaign in early 1963, he drafted the final sermons for *Strength to Love*, a volume of his most well known homilies. King had begun working on the sermons during a fortnight in jail in July 1962. While behind bars, he spent uninterrupted time preparing the drafts for works such as "Loving Your Enemies" and "Shattered Dreams," and he continued to edit the volume after his release. *Strength to Love* includes these classic sermons selected by Dr. King. Collectively they present King's fusion of Christian teachings and social consciousness and promote his prescient vision of love as a social and political force for change.

Christmas Songs for Ukulele (Songbook)

Hate to Love You

I began listening to Celtic music in the early 90's when a friend introduced me to Fiona Ritchie's NPR radio program, The Thistle and Shamrock. I'd already become aware of some session tunes through the pennywhistle primer my father had given me in the 80's

(when he was still a well, active musician and would play duets with me at family Christmas parties), but I had never before heard recordings of the masters of the whistle, fiddle, harp and uilleann pipes. Needless to say, it was a revelation. Shortly thereafter it seemed like the entire world was listening to the lilting jigs and high-stepping dance tunes in the wake of 1995's Riverdance phenomenon. I loved most everything I heard in that period, from the very traditional, but incredibly virtuosic playing of The Chieftains to the dreamy Celtic-inspired pop of Enya, to the amazing blend of the two extremes by artists like Loreena McKennitt. Fast forward to 2010s . . . Ever since I started writing and arranging for the ukulele I've been planning this book; one that combines my love of traditional Celtic music with my love of the reentrant ukulele (gCEA), which sounds fantastic on solo dance tunes played in the campanella-style (where you try to avoid playing two consecutive notes on the same string to give the sonic illusion of playing on a harp). I'd like to acknowledge Alistair Wood for introducing me to this style of playing as well as three other inspiring arrangers of Celtic tunes for uke: Jonathan Lewis, Rob MacKillop and Wilfried Welti (though I've avoided their books while working on this title to avoid any unintentional borrowing). If you love this style, please check out their work as well! How were the 'Top 25' Celtic session tunes chosen out of the thousands of tunes and variations that are available? Quite simply, I went to the top two sites for traditional tunes and chose to arrange the 25 most bookmarked tunes. Hardly scientific, but a good measure of tune popularity nonetheless. I hope you enjoy the results! Slainte mhaith (good health)! M. Ryan Taylor

There are some places, however, where a repetition of a note on separate strings was not practical. * Slur marks have been used in the staff notation to indicate places you may wish to use a hammer-on, pull-off or slide. * A number of the arrangements go up to the 14th fret. I realize not all players have more than 12 frets, but I think enough do to warrant the inclusion. Steve Harvey, the host of the nationally syndicated Steve Harvey Morning Show, can't count the number of impressive women he's met over the years, whether it's through the "Strawberry Letters" segment of his program or while on tour for his comedy shows. Yet when it comes to relationships, they can't figure out what makes men tick. Why? According to Steve it's because they're asking other women for advice when

no one but another man can tell them how to find and keep a man. In *Act Like a Lady, Think Like a Man*, Steve lets women inside the mindset of a man and sheds light on concepts and questions such as: The Ninety Day Rule: Ford requires it of its employees. Should you require it of your man? The five questions every woman should ask a man to determine how serious he is. And much more . . . Sometimes funny, sometimes direct, but always truthful, *Act Like a Lady, Think Like a Man* is a book you must read if you want to understand how men think when it comes to relationships.

Cinderella goes to the con in this fandom-fueled twist on the classic fairy tale romance—now with a special Starfield bonus scene! Part romance, part love letter to nerd culture, and all totally adorbs, *Geekerella* is a fairy tale for anyone who believes in the magic of fandom.

Geek girl Elle Wittimer lives and breathes Starfield, the classic sci-fi series she grew up watching with her late father. So when she sees a cosplay contest for a new Starfield movie, she has to enter. The prize? An invitation to the ExcelsiCon Cosplay Ball, and a meet-and-greet with the actor slated to play Federation Prince Carmindor in the reboot. With savings from her gig at the Magic Pumpkin food truck (and her dad ' s old costume), Elle ' s determined to win...unless her stepsisters get there first. Teen actor Darien Freeman used to live for cons—before he was famous. Now they ' re nothing but autographs and awkward meet-and-greets. Playing Carmindor is all he ' s ever wanted, but the Starfield fandom has written him off as just another dumb heartthrob. As ExcelsiCon draws near, Darien feels more and more like a fake—until he meets a girl who shows him otherwise.
