I practise my shock-horror face in the mirror for the seventh time. 'My husband, he's . . . dead.' Bethan Phillips has only one thing on her mind: killing her rich and elderly husband for his fortune. But after

several thwarted attempts, it is a horrific accident while holidaying together in Snowdonia that takes Humphrey down. Now she must pretend he's alive, continuing social gatherings alone under the guise he is undertaking business abroad. Because someone witnessed her leaving Humphrey to die, and should the police investigate his death they'll discover the series of 'accidents' he's survived in the

new perspectives, looking at contemporary conflict through the lens of the past. Through his haunting depiction of historical bloodshed, including the Trojan War, the fall of the Roman Republic, and the Wars of the Roses, Shakespeare illuminates more recent political violence, ranging from the British occupation of Ireland to the Spanish Civil War, the Balkans War, and the past several decades of U. S. military engagement in Iraq and Afghanistan. Can a war be just? What is the relation between the ruler and the ruled? What motivates ethnic violence? Shakespeare's plays serve as the frame for careful explorations of perennial problems of human co-existence: the politics of honor, the ethics of diplomacy, the responsibility of non-

Making moonshine, working blue-collar jobs, picking fights in bars, chasing women, and living hardscrabble lives . . . Clayton and Safford Hall were born in the backwoods of Virginia in 1919, in a place known as The Hollow. Incredibly, they became legends in their day, rising from mountain-bred poverty to pickin' and yodelin' all over the airwaves of the South in the 1930s and 1940s, opening shows for the Carter Family, Roy Rogers, the Sons of the Pioneers, and even playing the most coveted stage of

all: the Grand Ole Opry. They accomplished a lifetime's worth of achievements in less than five years—and left behind only a few records to document their existence. Fortunately, Ralph Berrier, Jr., the grandson of Clayton Hall and a reporter for the Roanoke Times, brings us their full story for the first time in IF TROUBLE DON'T KILL ME. He documents how the twins' music spread like wildfire when they moved from The Hollow to Roanoke at age twenty, and how their popularity was inflamed by their onstage zaniness, their roguish offstage shenanigans, and, above all, their ability to play old-time country music. But just as they

Why Do They Kill Me?

Ann Rule's Crime Files Vol. 9

"Hip-Hop Tried 2 Kill Me" is a real life testimony of how the trappings of this industry can cause a man to lose his soul if he's not careful. This compelling and gripping must read is for anyone who claims to live their lives for Hip-Hop. Only the strong survive, and Fleetwood lives to tell his story.

The dark side of love is no fairy tale.... And while we may like to believe that crimes of the heart only victimize those who aren't careful, this page-turning collection of must-read accounts

Theatre Of Extremes Theatre

*will convince you otherwise.
America's #1 true-crime writer,
Ann Rule reveals how lovers
become predators, how sex and
lust can push ordinary people to
desperate acts, and how
investigators and forensics
experts work to unravel the most
entangled crimes of passion.
Extracting behind-the-scenes
details, Rule makes these volatile
relationships utterly real, and
masterfully re-creates the ill-fated
chains of events in such cases as
the ex-Marine and martial arts
master who seduced vulnerable
women and then destroyed their
lives...the killer whose calling
card was a single bloodred*

rose...the faithless wife who manipulated and murdered without conscience...the blind date that set the stage for a killer's brutality...and more. In every case, the victim -- young and innocent or older and experienced -- unknowingly trusted a stranger with the sociopathic skill to hide their dark motives, until it was too late to escape a web of deadly lies, fatal promises, and homicidal possession.

Mirabelle's past is shrouded in secrecy, from her parents' tragic deaths to her guardians' half-truths about why she can't return to her birthplace, Beau Rivage.

Desperate to see the town, Mira runs away—and discovers a world she never could have imagined. In Beau Rivage, nothing is what it seems—the strangely pale girl with a morbid interest in apples, the obnoxious playboy who's a beast to everyone he meets, and the chivalrous guy who has a thing for damsels in distress. Here, fairy tales come to life, curses are awakened, and ancient stories are played out again and again. But fairy tales aren't pretty things, and they don't always end in happily ever after. Mira has a role to play, a fairy tale destiny to embrace or resist. As she

struggles to take control of her fate, Mira is drawn into the lives of two brothers with fairy tale curses of their own...brothers who share a dark secret. And she'll find that love, just like fairy tales, can have sharp edges and hidden thorns.

these give evidence of how emotional, outraged, and hysterical theatre critics react when challenged by unexpectedly shocking and indigestible performances. It may come as a surprise that the above extracts are neither part of one single critique, nor do they refer to one single play. The first quote refers to Edward Bond's Saved (1965), whereas the second one refers to the late Sarah Kane's Blasted (1995). Not incidentally, both playwrights were accused by numerous irritated critics of

committing the same unacceptable affront: They were reproached for depicting the most disgusting forms of violence on stage, merely for the sake of paying tribute to violence itself. "Violence shapes and ob-ssesses our society, and if we do not stop being violent we have no future (...) It would be immoral not to write about violence" (Bond 1978: 3). Although accepting and in fact admiring Bond's decision to comment on his own work, Sarah Kane was always very reluctant about

making "authorised" statements concerning her work. Nevertheless, she did provide equally comprehensible or even convincing reasons for putting violence on stage: "If you are saying you can't represent something," Richard Peirce, veteran campaigner against shark abuse, tackles another controversy in this new book, that of lion breeding and canned hunting - a huge and growing industry. Cubs are often taken from their mothers when only days old to promote repeat breeding,

and are sold into the petting industry. When they grow too big for petting, many are sent to tourist attractions where 'walking with lions' is offered; when they outgrow this use they are at the end of the lion production line and are executed in small enclosures by canned hunters, or simply shot by lion breeders for the value of their carcass - up to R100,000 (approximately \$8,500 USD). This book tells the true stories of two male lions, Obi and Oliver, rescued from breeding farms. An investigatory road

list, and his personal essay assignment (having to keep a journal). More than anything, though, he wrestles with himself and the fears that come with growing up. It's not until Miles begins a mutually beneficial friendship with a new elderly neighbor—whom his sisters spy on and suspect of murder—that he begins to find some understanding of lives different than his own, of the plain acceptance of true friends, and, maybe, just a little of himself in time to start a whole new year. When you're green, you grow, he learns. But when you're ripe, you rot.

With tenderness and tenacity, Timmy Reed's prose—written in a confessional tone via Miles's journal—captures the anguish and grit of adolescence, and the potential of growing up. From the author of Play Me Backwards and I Kissed a Zombie and I Liked It comes a “narrative brimming with delightfully macabre irreverence” (Kirkus Reviews, starred review) about one teen's unusual summer job as a ghost tour guide in Chicago. Megan Henske isn't one to heed warnings... When the last letters in her alphabet cereal are D, I, and E, she doesn't

crawl right back into bed. When her online girlfriend won't text a photo, she just sends more of herself. And when she realizes that Cynthia, her boss at a Chicago ghost tour company, isn't joking about making stops more haunted by euthanizing people there, she doesn't quit her job—she may even help. But soon she learns people in the murdermonger industry are being murdered, and doesn't know who it is doing it. Could it be the head of the rival tour company? Or could it be someone near and dear to Megan? After she realizes
