Ex-cop Isaac Rhodes is a tough and intimidating private investigator with a talent for kicking in doors and knocking bail jumpers' heads together. His only soft spot is for his partner, Nate Washington—though Wash makes him anything but soft. He's silently lusted after Wash for a year, until his desire drives him to finally come out to his partner. This confession leads to Wash admitting a few secrets of his own, unleashing needs that result in hot, sweaty, sexy, man-on-man intimacy. Rhodes is elated...until Wash admits he's unsure if he's willing to endure the often prejudice-filled life of an outed gay man. Crushed, Rhodes backs off. But one missing child case—and a gun to Wash's head—convinces Rhodes to do whatever it takes to get his man. From best-selling author Melanie A. Smith comes the first book in a new series of steamy contemporary medical romance standalone novels about life lessons that break all the rules. Some lessons are more fun when learned the hard way... What's the first rule of nurse's club? That's right: Never date a doctor. Which Sasha Suvorin has no intention of doing anyway, since she's a nurse at Rutherford Hospital by day and working on her master's degree by night. Who has time for dating, much less dating someone you work with? Bad idea much? That is, until the sexy British Dr. Caleb Thompson starts at her hospital. It also doesn't help that he's exactly her type with his dark hair, blue eyes, and rockin' bod. Or that he's not your typical arrogant and bossy surgeon. But Sasha isn't so easily convinced, and she soon discovers Dr. Hottie has a past that puts a stop to whatever she might have been feeling before anything ever starts between them. Unfortunately, working together means facing temptation. Every. Single. Day. Is Sasha strong enough to resist what might just be the perfect man? And if she gives in, will Cal's past stay in the past? Sasha may be used to playing it safe, but life has a way of teaching its lessons ... one way or another.

[Siren Menage Everlasting: Consensual BDSM Contemporary Cowboys Menage a Trois, MFM, bondage, spanking, sex toys, HEA] Rachel Cosgrove's life takes an interesting turn when she meets two reluctant heroes who turn out to be not-so-reluctant Doms. Brandon Gillespie and Trace Langley have been friends since Brandon's mom married the doctors Jessop. The men knew when they met what they eventually wanted. Now they know they very much want that with Rachel. Their protective instincts are incensed that Rachel's ex-husband left her when their daughter, Libby, was diagnosed with cancer at age nine. Now one year free of cancer, Libby is growing into a happy, healthy young woman—one that the men feel an instant connection with. Before long, they know she's the daughter of their hearts. Then Rachel's ex-husband somehow gets it in his head that his ex-wife has come into a fortune. His life in shambles since he deserted his family, Buck Cosgrove decides he's going to track his wife down and get from her what he believes is his due.

When Dr. Darren Drake catches his Certified Nurse Assistant smoking behind the clinic and gushing on the phone about him, he decides she requires punishment: an embarrassing examination including anal play. Playing around with an employee opens him up for sexual harassment charges or getting kicked out of his practice, but when Chloe asks for more, he just can't resist. Despite working in an OB/Gyn clinic, Chloe hates doctors. Their know-it-all God-playing rubs her the wrong way—until the man she refers to as Dr. Dreamy shows her giving up control might fulfill fantasies of submission she never knew she had. He seems to enjoy torturing her in the most delicious ways, but he also reduces her to stammers and blushes, which makes it hard to get to know one another. Can he use his dominance to remove all semblance of control, leaving her with no option but to obey and show her true heart? Over the past half-century Doctor Who has defined science fiction television. The women in the series—from orphans and heroic mothers to seductresses and clever teachers—flourish in their roles yet rarely surmount them. Some companions rescue the Doctor and charm viewers with their technical brilliance, while others only scream for rescue. The villainesses dazzle with their cruelty, from the Rani to Cassandra and Missy. Covering all of the series—classic and new—along with Class, K9, Torchwood, The Sarah Jane Adventures, novels, comics and Big Finish Audio adventures, this book examines the women archetypes in Doctor Who.

Great things come in small packages. This little package in the form of a book(let) is power packed just like the author, who is now just arriving at her sixtieth birthday, though she looks closer to thirty-nine (ha!). This small but intense ride of a book is a good-hearted thumbing of the nose at the big six-o. This book is designed to uplift and motivate the reader to overcome their obstacles and blockages and is an aching this and that for learning how to make their time on this spinning orb as dynamic and full of joy as possible. A perfect tonic for those reaching these vaunted heights in age or those who just want to stay young in spirit,

this book has a little bit of everything—from attitude/gratitude workshops to daily practical wellness tips, to visualization, to more helpful versions of the ABCs, to illuminating discussions of the joys (not) of menopause. What more do you need? Enjoy the ride!

Getting pregnant? A big deal. Getting pregnant by your handsome, hands-on personal physician? An even bigger deal. And don't forget, he has a business partner who loves being in on the action as well. I've put off seeing a doctor for a long time, so when I finally work up the nerve, I decide to go for the best. Doctors Ryder Stephenson and Ranger Stevens have a very exclusive practice on Park Avenue. They're two incredibly gorgeous, rich as all hell plastic surgeons with a helluva magic touch. Except, my consultation goes off the rails. My physicians are completely irresistible, and the temperature in the exam room heats up until it's near sizzling. We're damn near breaking the law. But you know what I really want? A baby. ... And the doctors are only too happy to oblige. They tell me to come back for another consultation ... and another ... and another ... until soon, I'm a mommy-to-be. Yeah, whoops. This wasn't supposed to happen. But now, I want it all, and the gorgeous, huge, growly physicians won't stop until I'm mommy to a dozen of their children! We're off the reservation with crazy, over-the-top insta-love between two gorgeous doctors and a sassy curvy girl that will make you want to put on a flimsy hospital gown. There are no swords that cross because the story is all about her. Not responsible for thermometers that break. Reader beware. As with all my books, this one is safe, with no cheating, and a HEA guaranteed.

[Siren Menage Everlasting: Erotic Romance, Contemporary, Romantic Suspense, Cowboys/Western, MFM, HEA] ICU nurse Jessica Landry won the hearts of the people of Lusty for her tender care of one of their own. Kate Benedict takes the nurse under her wing, and when she sees the signs of burnout, she convinces Jessica to come to Lusty for a vacation. When her employer grants her an open ended sabbatical, Jessica packs her bags and travels the hour from her apartment to there. She begins to wonder if she's in Lusty for more than a rest when Grandma Kate introduces her to Eric and Blake Benedict. She's never been socially active, but something about those two architects seems to wake up all that is woman within her. She never imagined that she'd be romanced by two men. But then, she never imagined that some unknown someone would threaten her life, either. Cara Covington is a Siren-exclusive author.
