"This book seeks to reinvigorate the teaching of writing by harkening back to the original principles of the writing workshop, offering teachers a meaningful way to teach children how to write with enthusiasm and expertise. The author argues that we must focus again on genuine curiosity, individual choice, big blocks of time, quality conversations, and powerful children's literature"--

*Lucy Calkins and her colleagues at the Reading and Writing Project have helped thousands of educators design their own pathways to the Common Core. Now, with Pathways to the Common Core, they are ready to help you find your way. Designed for teachers, school leaders, and professional learning communities looking to navigate the gap between their current literacy practices and the ideals of the Common Core, Pathways to the Common Core will help you: understand what the standards say, suggest, and what they don't say; recognize the guiding principles that underpin the reading and writing standards; identify how the Common Core's infrastructure supports a spiraling K-12 literacy curriculum; and scrutinize the context in which the CCSS were written and are being unrolled. In addition to offering an analytical study of the standards, this guide will also help you and your colleagues implement the standards in ways that lift the level of teaching and learning throughout your school.*

*With hit books that support strategic reading through conferring, small groups, and assessment, Jen Serravallo gets emails almost daily asking, "Isn't there a book of the strategies themselves?" Now there is. "Strategies make the often invisible work of reading actionable and visible," Jen writes. **This book is about teaching writing and the gritty particulars of teaching adolescents. But it is also the planning, the thinking, the writing, the journey: all I've been putting into my teaching for the last two decades. This is the book I wanted when I was first given ninth graders and a list of novels to teach. This is a book of vision and hope and joy, but it is also a book of genre units and minilessons and actual conferences with students. -Penny Kittle**  
**What makes the single biggest difference to student writers? When the invisible machinery of your writing processes is made visible to them. Write Beside Them shows you how to do it. It's the comprehensive book and companion video that English/language arts teachers need to ensure that teens improve their writing.**

**Across genres, Penny Kittle presents a flexible framework for instruction, the theory and experience to back it up, and detailed teaching information to help you implement it right away. Each section of Write Beside Them describes a specific element of Penny's workshop: Daily writing practice: writer's notebooks and quick writes Instructional frameworks: minilessons, organization, conferring, and sharing drafts Genre work: narrative, persuasion, and writing in multiple genres Skills work: grammar, punctuation, and style Assessment: evaluation, feedback, portfolios, and grading All along the way, Penny demonstrates minilessons that respond to students' immediate needs, and her Student Focus sections profile and spotlight how individual writers grew and changed over the course of her workshop. In addition, Write Beside Them provides a study guide, reproducibles, writing samples from Penny and her students, suggestions for nurturing your own writing life, and a helpful FAQ. Best of all, the online videos take you right inside Penny's classroom, explicitly modeling how to make the process of writing accessible to all kids. Penny Kittle's active coaching and can-do attitude alone will energize your teaching and inspire you to write with your students. But her strategies, expert advice, and**

Instruction in this series is organized around four grade-specific units of study at each level and a book of if/then curricular plans. The four units of study at each grade level are organized around opinion, information, and narrative writing. Each unit of study contains 18-22 sequential sessions subdivided into three to four bends, with each bend walking you step-by-step through the entire writing process from planing and drafting to revising and editing and eventually to publication. The grade-specific book *If ... then ... curriculum* : assessment-based instruction supports targeted instruction and differentiation with alternative assessment-based units. Each includes five to eight concise units of study for you to strategically teach before, after (or in-between) the core curriculum based on your students needs.

## ***Launching the Writing Workshop***

*"Writing allows each of us to live with that special wide-awakeness that comes from knowing that our lives and our ideas are worth writing about." -Lucy Calkins Teaching Writing is Lucy Calkins at her best-a distillation of the work that's placed Lucy and her colleagues at the forefront of the teaching of writing for over thirty years. This book promises to inspire teachers to teach with renewed passion and power and to invigorate the entire school day. This is a book for readers who want an introduction to the writing workshop, and for those who've lived and breathed this work for decades. Although Lucy addresses the familiar topics-the writing process, conferring, kinds of writing, and writing assessment- she helps us see those topics with new eyes. She clears away the debris to show us the teeny details, and she shows us the majesty and meaning, too, in these simple yet powerful teaching acts. Download a sample chapter for more information.*

This middle grade book is an excellent choice for tween readers in grades 5 to 6, especially during homeschooling. It's a fun way to keep your child entertained and engaged while not in the classroom. Writers are just like everyone else—except for one big difference. Most people go through life experiencing daily thoughts and feelings, noticing and observing the world around them. But writers record these thoughts and observations. They react. And they need a special place to record those reactions. Perfect for classrooms, *A Writer's Notebook* gives budding writers a place to keep track of all the little things they notice every day. Young writers will love these useful tips for how to use notes and jottings to create stories and poems of their own.*
