"The Crucible" is a 1952 play by the American playwright Arthur Miller. It is a dramatization of the Salem witch trials that took place in the Province of Massachusetts Bay during 1692 and 1693. Miller wrote the play as an allegory of McCarthyism, when the US government blacklisted accused communists. Miller himself was questioned by the House of Representatives' Committee on Un-American Activities in 1956 and convicted of "contempt of Congress" for refusing to identify others present at meetings he had attended. It was first performed at the Martin Beck Theater on Broadway on January 22, 1953. Miller felt that this production was too stylized and cold and the reviews for it were largely hostile (although The New York Times noted "a powerful play in a driving performance"). Nonetheless, the production won the 1953 "Best Play" Tony Award. A year later a new production succeeded and the play became a classic. It is a central work in the canon of American drama. Fuji Books' edition of "The Crucible" contains supplementary texts: " "Tragedy And The Common Man", an essay by Arthur Miller. " Excerpts from Nathaniel Hawthorne's magnus opus "The Scarlet Letter", a narrative of the Salem Witch trials. " A few selected quotes of Arthur Miller.

"What the future fortunes of [Gramsci's] writings will be, we cannot know. However, his permanence is already sufficiently sure, and justifies the historical study of his international reception. The present collection of studies is an indispensable foundation for this." —Eric Hobsbawm, from the preface Antonio Gramsci is a giant of Marxian thought and one of the world's greatest cultural critics. Antonio A. Santucci is perhaps the world's preeminent Gramsci scholar. Monthly Review Press is proud to publish, for the first time in English, Santucci's masterful introduction to Gramsci's writings. "hegemony" are much used in everyday political discourse. Santucci warns us, however, that these words have been appropriated by both radicals and conservatives for contemporary and often self-serving ends that often have nothing to do with Gramsci's purposes in developing them. Rather what we must do, and what Santucci illustrates time and again in his dissection of Gramsci's writings, is absorb Gramsci's methods. These can be summed up as the suspicion of "grand explanatory schemes," the unity of theory and practice, and a focus on the details of explain historical reality armed with some full-fledged concept, such as hegemony; rather, he examined the minutiae of concrete social, economic, cultural, and political relations as they are lived in by individuals in their specific historical circumstances and, gradually, he acquired an increasingly complex understanding of how hegemony operates in many diverse ways and under many aspects within the capillaries of society." The rigor of Santucci's examination of Gramsci's life and work matches that of the seminal thought of the master himself. Readers will be richly rewarded. Richard III is one of the great Shakespearean characters and roles. James R Siemon examines the attraction of this villain to audiences and focuses on how beguiling, even funny, he can be, especially in the earlier parts of the play. Siemon also places King Richard III in its historical context: as Elizabeth I had no heirs the issue of succession was a very real one for Shakespeare's audience.

"And when I shall die, Take him and cut him out in little stars." This collection of Shakespeare's soliloquies, including both old favourites and lesser-known pieces, shows him at his dazzling best. The hunky young PhD knows all about seduction, but what does he know about love? Reagan Cassidy is settled in her life. She has a thriving interior design firm, an upscale condo, two cats, and a goldfish. As a favor to her uncle, she agrees to team up with his marine archeologist friend to validate and retrieve a nineteenth-century journal, reputedly that of a passenger aboard the doomed schooner Twelfth Sun. Finding a hunky twenty-five-year-old coming out of the shower in her hotel room wasn't part of the deal, but it's hard to complain. . . . Dr. Elijah Cross is cocky and he knows it. He enjoys trading barbs with the lovely Reagan. Barbs, and some innuendo. He can tell she'd rather get back home to her business than stick around for the extended treasure hunt they've been talked into, but he's fine with the situation. At least, until the "clues" start getting personal. Reagan finds Dr. Gorgeous is as skilled in matters of the heart as he is behind the lectern. Throw in a series of clues which mean more to Elijah than he'll explain, several odd-ball competitors out to win the journal, a saboteur, and a lavish seaside mansion, and Reagan has enough trouble keeping her head straight, let alone her heart. WARNING: Younger man, older woman, nautical riddles and romance. 72,000 Words
