When an essay is due and dreaded exams loom, this title offers students what they need to succeed. It provides chapter-by-chapter analysis, explanations of key themes, motifs, and symbols, a review quiz and essay topics. It is suitable for late-night studying and paper writing.

Class-tested and coherent, this textbook teaches classical and web information retrieval, including web search and the related areas of text classification and text clustering from basic concepts. It gives an up-to-date treatment of all aspects of the design and implementation of systems for gathering, indexing, and searching documents; methods for evaluating systems; and an introduction to the use of machine learning methods on text collections. All the important ideas are explained using examples and figures, making it perfect for introductory courses in information retrieval for advanced undergraduates and graduate students in computer science. Based on feedback from extensive classroom experience, the book has been carefully structured in order to make teaching more natural and effective.

Slides and additional exercises (with solutions for lecturers) are also available through the book's supporting website to help course instructors prepare their lectures.

The Tragical History of the Life and Death of Doctor Faustus

Lesson Plans Eol 2000 G 12

The tragedy of Romeo and Juliet - the greatest love story ever.

'That very great play, Pericles,' as T. S. Eliot called it, poses formidable problems of text and authorship. The first of the Late Romances, it was ascribed to Shakespeare when printed in a quarto of 1609, but was not included in the First Folio (1623) collection of his plays. This bookexamines rival theories about the quarto's origins and offers compelling evidence that Pericles is the product of collaboration between Shakespeare and the minor dramatist George Wilkins, who was responsible for the first two acts and for portions of the 'brothel scenes' in Act 4. Pericles serves asa test case for methodologies that seek to define the limits of the Shakespeare canon and to identify co-authors. A wide range of metrical, lexical, and other data is analysed. Computerized 'stylometric' texts are explained and their findings assessed. A concluding chapter introduces a new technique that has the potential to answer many of the remaining questions of attribution associated with Shakespeare and his contemporaries.

Carefully edited for modern readers to allow for easier reading Obsessed with the secret of creation, Swiss scientist Dr. Victor Frankenstein cobbles together a body he's determined to bring to life. And one fateful night, he does. When the creature opens his eyes, the doctor is repulsed: his vision of perfection is, in fact, a hideous monster. Dr. Frankenstein abandons his creation, but the monster won't be ignored, setting in motion a chain of violence and terror that shadows Victor to his death. Mary Shelley's Frankenstein, a gripping story about the ethics of creation and the consequences of trauma, is one of the most influential Gothic novels in British literature. It is as relevant today as it is haunting.

An electrifying new study that investigates the challenges of the Bard's inconsistencies and flaws, and focuses on revealing—not resolving—the ambiguities of the plays and their changing topicality A genius and prophet whose timeless works encapsulate the human condition like no other. A writer who surpassed his contemporaries in vision, originality, and literary mastery.

A man who wrote like an angel, putting it all so much better than anyone else. Is this Shakespeare? Well, sort of. But it doesn't tell us the whole truth. So much of what we say about Shakespeare is either not true, or just not relevant. In This Is Shakespeare, Emma Smith—an intellectually, theatrically, and ethically exciting writer—takes us into a world of politicking and copycatting, as we watch Shakespeare emulating the blockbusters of Christopher Marlowe and Thomas Kyd (the Spielberg and Tarantino of their day), flirting with and skirting around the cutthroat issues of succession politics, religious upheaval, and technological change. Smith writes in strikingly modern ways about individual agency, privacy, politics, celebrity, and sex.

Instead of offering the answers, the Shakespeare she reveals poses awkward questions, always inviting the reader to ponder ambiguities.

From the Mystery Writers of America Grand Master, this tale of death at the Dolphin Theatre has "wit, charm, and oodles of atmosphere" (Kirkus Reviews). Among theater folk, "the Scottish play" is considered unlucky, so much so that tradition requires anyone who utters its proper name backstage to leave the building, spin around, spit, curse, and then request permission to re-enter. As director Peregrine Jay directs a production of Shakespeare's great work at the Dolphin Theater, misfortune does indeed abound, including some ugly practical jokes—and a grisly death for the leading man. It's up to Foderick Alleyn to find out who has blood on their hands . . . "No playwright could devise a better curtain." —Los Angeles Times "As always she writes most elegantly." —Daily Telegraph "The doyenne of traditional mystery writers." —The New York Times

Hiding from the Nazis in the "Secret Annexe" of an old office building in Amsterdam, a thirteen-year-old girl named Anne Frank became a writer. The now famous diary of her private life and thoughts reveals only part of Anne's story, however. This book completes the portrait of this remarkable and talented young author. Tales from the Secret Annex is a complete collection of Anne Frank's lesser-known writings: short stories, fables, personal reminiscences, and an unfinished novel. Here, too, are portions of the diary originally withheld from publication by her father. By turns fantastical, rebellious, touching, funny, and heartbreaking, these writings reveal the astonishing range of Anne Frank's wisdom and imagination—as well as her indomitable love of life. Anne Frank's Tales from the Secret Annexe is a testament to this determined young woman's extraordinary genius and to the persistent strength of the creative spirit.

The New Cambridge Shakespeare appeals to students worldwide for its up-to-date scholarship and emphasis on performance. The series features line-by-line commentaries and textual notes on the plays and poems. Introductions are regularly refreshed with accounts of new critical, stage and screen interpretations. This second edition of The Merchant of Venice retains the text and Introduction prepared by M. M. Mahood and features a new introductory section by Charles Edelman. Where Mahood focuses in her Introduction on the expectations of the play's first audience and on our modern experience of seeing and hearing the drama performed, Edelman explores the play's sexual politics. He also foregrounds recent scholarship on the position of Jews in Shakespeare's time and surveys the international scope and diversity of theatrical interpretations of the text in the 1980s and 1990s. He pays particular attention to the ways in which directors and actors tackle the troubling figure of Shylock.

The Masque of the Red Death Edgar Allan Poe - The story is said in the most enthralling manner that it makes it very interesting as well as introspective. Even though it appears to be very literal but the crux of the matter is all about the inevitability of death. The prince thought that with his power and position he could defy the plague that caused death in his kingdom. But eventually even he is not spared because on the figurative level it is not a plague but death itself, that does not spare anyone. Prince Prospero's intentions and preparations did not stand a chance when death decided to take him on.

This revision of Bloom's taxonomy is designed to help teachers understand and implement standards-based curriculums. Cognitive psychologists, curriculum specialists, teacher educators, and researchers have developed a two-dimensional framework, focusing on knowledge and cognitive processes. In combination, these two define what students are expected to learn in school. It explores curriculums from three unique perspectives-cognitive psychologists (learning emphasis), curriculum specialists and teacher educators (C & I emphasis), and measurement and assessment experts (assessment emphasis). This revisited framework allows you to connect learning in all areas of curriculum. Educators, or others interested in educational psychology or educational methods for grades K-12.

Sophie's World

Army Public Schools PGT & TGT screening Test 2022 English (12 Practice Sets)

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

After defeating enemies in battle, Roman citizens celebrate in the streets as Julius Caesar and his entourage make their way through the city. As Caesar passes a soothsayer, he receives an ominous warning: "Beware the ides of March," which he immediately disregards. Meanwhile, some of his closest followers are convinced their leader has become too powerful and plot his removal. Plutarch 's Lives of the Noble Grecians and Romans was Shakespeare 's primary source for Julius Caesar. This Standard Ebooks edition is based on William George Clark and William Aldis Wright 's 1887 Victoria edition, which is taken from the Globe edition. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

The Tempest / the Works of William Shakespeare Illustrated

The Way to Rainy Mountain, 50th Anniversary Edition

The Way to Rainy Mountain recalls the journey of Tai-me, the sacred Sun Dance doll, and of Tai-me's people in three unique voices: the legendary, the historical, and the contemporary. It is also the personal journey of N. Scott Momaday, who on a pilgrimage to the grave of his Kiowa grandmother traversed the same route taken by his forebears and in so doing confronted his Kiowa heritage. It is an evocation of three things in particular: a landscape that is incomparable, a time that is gone forever, and the human spirit, which endures. Celebrating fifty years since its 1969 release, this new edition offers a moving new preface and invites a new generation of readers to explore the Kiowa myths, legends, and history with Pulitzer Prize-winning author N. Scott Momaday.

'And when I shall die, Take him and cut him out in little stars.' This collection of Shakespeare's soliloquies, including both old favourites and lesser-known pieces, shows him at his dazzling best. One of 46 new books in the bestselling Little Black Classics series, to celebrate the first ever Penguin Classic in 1946. Each book gives readers a taste of the Classics' huge range and diversity, with works from around the world and across the centuries - including fables, decadence, heartbreak, tall tales, satire, ghosts, battles and elephants.

The Tempest is a play by William Shakespeare, probably written in 1610-1611, and thought to be one of the last plays that Shakespeare wrote alone. After the first scene, which takes place on a ship at sea during a tempest, the rest of the story is set on a remote island, where the sorcerer Prospero, a complex and contradictory character, lives with his daughter Miranda, and his two servants—Caliban, a savage monster figure, and Ariel, an airy spirit. The play contains music and songs that evoke the spirit of enchantment on the island. It explores many themes, including magic, betrayal, revenge, and family. In Act IV, a wedding masque serves as a play-within-the play, and contributes spectacle, allegory, and elevated language.

Foreword by David Didau. Samuel Elliott has been the pupil from hell. He knows what he needed from his teachers in order to turn his life around - and in this book he shares that knowledge with hard-pressed colleagues who just want to do their best for their pupils. In ASBO Teacher Samuel offers no-nonsense principles hewn from the chalkface of the modern British classroom: ideas and approaches that have worked for the author in the most challenging settings and with the most testing pupils. Covering a range of issues spanning behaviour management, lesson structure, resource preparation and narratives in the classroom, the book is a blueprint for becoming a particular kind of teacher - one who has high expectations, a concern for pupil well-being, and a knack for ushering learners into more effective learning.

Daemonologie-ii full Daemonologie. In Forme of a Dialogue, Divided into three Books: By the High and Mighty Prince, James &c.-was written and published in 1597 by King James VI of Scotland (later also James I of England) as a philosophical dissertation on contemporary necromancy and the historical relationships between the various methods of divination used from ancient black magic. This included a study on demonology and the methods demons used to bother troubled men while touching on topics such as werewolves and vampires. It was a political yet theological statement to educate a misinformed populace on the history, practices and implications of sorcery and the reasons for persecuting a witch in a Christian society under the rule of canonical law. This book is believed to be one of the main sources used by William Shakespeare in the production of Macbeth. Shakespeare attributed many quotes and rituals found within the book directly to the Weird Sisters, yet also attributed the Scottish themes and settings referenced from the trials in which King James was involved.
