Hillary Clinton, speech before the AFL-CIO convention in Philadelphia - ABC News, April 06, 2016 Impassioned words tailored to warm the hearts of an American electorate disgruntled over increasing inequality and unemployment, even while corporate America grows fatter at their expense? Or empty election rhetoric not worth the paper the speech was written on? Can a President, whose campaign has largely been funded by the 'billionaire class' and Wall Street really 'walk the talk' on corporate crime? The book raises this among many other questions as it attempts a

Gender and Politics on the Road to the White House

Madam President 2

A Novel

This timeless classic from T. Novan and Blayne Cooper is funny, realistic and endearing. Devlyn Marlowe, the first woman President of the United States, has just

been elected. Breaking with the tradition of hiring a political writer to chronicle her administration, President Marlowe selects one Lauren Strayer, a professional biographer with a reputation for absolute honesty. There's a slight problem with Devlyn's plan, though. Lauren wants nothing to do with what she sees as a political hack job. It takes some serious persuading, but the Commander-in-chief is an eloquent negotiator, and Lauren reluctantly agrees to take the job, provided she

truly has editorial freedom. So, armed with her computer, her incredibly ugly Pug and fair bit of trepidation, Lauren finds herself in residence at 1600 Pennsylvania Avenue. There, amidst the harrowing and demanding life of the First Family, Lauren begins to understand and eventually love the complex woman who is both leader of a great nation and loving single parent to three rambunctious children. Victoria Pierce is not the person she claims to be. As a beautiful farm girl, living

in desolation on the Oklahoma range, she escapes her draconian "parents," hitchhikes to San Francisco, and enlists in the United States Marine Corps. After surviving the rigors of basic training, Victoria is promoted through the ranks from Private to Brigadier General. Throughout her evolution, General Pierce and United States Senator Sam Eagan carry on a torrid love affair. Victoria joins Sam's campaign for president, first as his military consultant and later as his vice presidential

candidate. No one, not even Sam Eagan, is aware of Victoria's clandestine past, except for one anonymous and demented caller. During the presidential campaign, Victoria befriends reporter Grace Brandon, but Grace becomes increasingly suspicious of Victoria's urban sophistication which belies an agrarian past. This leads Grace into investigative reporting that eventually unravels the truth about Victoria's past. However, before Grace can get to the bottom of the story, Sam and Victoria win

the presidential election. Not long afterwards, Victoria ascends to the office of acting president under the 25th amendment. Grace finally completes her investigation and convinces her editor to release a bombshell of a story. America is shocked. Victoria reacts. Will the story require Victoria to resign or can she survive the revelation? Looks at the average American voter's opinion of Hillary Clinton, whether regarding her personality, private life, or professional career, and gauges whether

the polarizing candidate has a chance to win the 2008 presidential election.

This is Washington DC and there's only one she here. A smart, standalone, contemporary romance from New York Times and USA Today bestselling author Tara Sue Me. For Independent Anna Fitzpatrick, being President of the United States means she's finally in a place to make a difference. Known for her intellect and charm, she never appears anything other than calm. After getting dumped by the man

she'd been living with once he learned of her presidential bid, Anna vows to remain single throughout her term. It's an easy task, after all, no man has ever made her feel the way her law school classmate did years ago. Or at least the way he made her feel until he walked away without so much as a goodbye. Navin Hazar is content being one of the nation's top news anchors. It may not be the plan he had for his life, but plans don't always go as anticipated. Like his plan for no one to find out he knows

Anna personally or did know her, once upon a time. For twelve years, they've been able to ignore each other, but her election to the highest office changes everything. And when Navin inadvertently lands on Anna's Press Pool, they realize the only thing more aggravating than politics is love.

timely novel of domestic and political intrigue that is impossible to put down.

When will the United States elect its first woman president? Many political observers believed that Hillary Clinton would win the White House in 2008, and many still believe she is a strong contender for 2016. Yet, while many believe that electing the first woman president is not a question of if, but who and when, media speculation on the topic has yet to move it from an interesting talking point to political reality. The question remains: Just how close are we to breaking this final political glass

Read Free Madam President

ceiling? By merging the two literatures of women and politics (especially women as candidates) and presidential campaigns and elections, a winning strategy for women candidates can emerge by analyzing what political science research tells us from past campaigns and what we can expect in the future. Still Paving the Way for Madam President shows the progress women candidates have made as they have moved from symbolic candidates to viable candidates and in 2016, the Democratic nominee. This study shines a light on the persistent obstacles that face women

Read Free Madam President

candidates and offers insight into what it will take to finally shatter the seemingly impenetrable political glass ceiling. First Lady, Carol Walters is in exile in Europe traveling with her son Andrew who helped her escape from the clutches of her husband's administration after they discovered that she was divorcing her husband the president in a contentious election year. Together they drive to Paris where she spends her days sightseeing in the city of her dreams. Andrew meets a young woman at the Sorbonne and Carol meets Claude, a debonair vintner. When Carol realizes

**Hyperion
AN INSTANT NEW YORK
TIMES BESTSELLER! The
definitive biography of
Nancy Pelosi, the most
powerful woman in
American political
history, written by New
York Times bestselling
author and USA Today**

Washington bureau chief Susan Page. Featuring more than 150 exclusive interviews with those who know her best—and a series of in-depth, news-making interviews with Pelosi herself—MADAM SPEAKER is unprecedented in the scope of its exploration of Nancy Pelosi's remarkable life and of her indelible impact on American politics. Before she was Nancy Pelosi, she was Nancy D'Alesandro. Her father was a big-city mayor and her mother his

political organizer; when she encouraged her young daughter to become a nun, Nancy told her mother that being a priest sounded more appealing. She didn't begin running for office until she was forty-six years old, her five children mostly out of the nest. With that, she found her calling. Nancy Pelosi has lived on the cutting edge of the revolution in both women's roles and in the nation's movement to a fiercer and more polarized politics. She has

established herself as a crucial friend or formidable foe to U.S. presidents, a master legislator, and an indefatigable political warrior. She took on the Democratic establishment to become the first female Speaker of the House, then battled rivals on the left and right to consolidate her power. She has soared in the sharp-edged inside game of politics, though she has struggled in the outside game—demonized by conservatives, second-

guessed by progressives, and routinely underestimated by nearly everyone. All of this was preparation for the most historic challenge she would ever face, at a time she had been privately planning her retirement. When Donald Trump was elected to the White House, Nancy Pelosi became the Democratic counterpart best able to stand up to the disruptive president and to get under his skin. The battle between Trump and Pelosi, chronicled in this

book with behind-the-scenes details and revelations, stands to be the titanic political struggle of our time. Catherine Thimmesh's inspiring look at the role of women in American politics—past, present, and future—is now available with updated sections on Hillary Rodham Clinton, Condoleezza Rice, and Nancy Pelosi. From the time our government was being formed, women have fought their way from behind the scenes to

In It to Win
We Love You, Madam
President**

Profiles five women who ran for major party nominations in their quest to become president of the United States, chronicling their efforts to break the "glass ceiling" in politics. Scholars and pundits alike have spent more than a little time speculating

Read Free Madam President

about why Hillary Clinton lost the presidency to Donald Trump in 2016. Their conclusions may differ, but few would disagree that Clinton's nomination by a major party changed the political landscape in significant ways-nor that the results of the 2016 election provoked a large number of women to run for office at all levels of government. The genie is out of the bottle. In this context, the authors of Madam President? critically analyze the barriers facing women on the road to the White House-from gender stereotyping to biased media coverage, the conflation of masculinity and the presidency, gendered conceptions of leadership, and more.

"One of the most diverting political bios in recent memory." --

Entertainment Weekly Revised and

Read Free Madam President

updated with a new epilogue, Madam Secretary is the moving and inspiring memoir of one of the most distinguished public figures in American history, seven-time New York Times bestselling author and former Secretary of State Madeleine Albright. A national bestseller on its first publication in 2003, Madam Secretary is the riveting personal story of former Secretary of State Madeleine Albright. For eight years, during Bill Clinton's two presidential terms, Albright was an active participant in some of the most dramatic events of our time—from the pursuit of peace in the Middle East to NATO's humanitarian intervention in Kosovo. In this thoughtful memoir, one of the most admired women in American history shares her remarkable story,

Read Free Madam President

including thoughts on her upbringing in Czechoslovakia and her role as a wife and mother, and provides an insider's view on global affairs during this period of extraordinary turbulence. Madam Secretary offers an inimitable blend of Albright's warm humor, personal recollection, and riveting insight on events that shaped our nation and our world. From fugitive to presidential candidate, Viki's life has gone from one extreme to the other. With the help of her friends she's sure to survive this change too. The only thing that stands in her and the people of Givon's way is the old regime. Change to them won't come easily, so Viki's going to have to use all of her skills if she's going to survive it.
