Anthony Burgess draws on his love of music and history in this novel he called “elephantine fun” to write. A grand and affectionate tragicomic symphony to Napoleon Bonaparte that teases and reweaves Napoleon’s life into a pattern borrowed—in liberty, equality, and fraternity—from Beethoven’s Third “Eroica” Symphony, in this rich, exciting, bawdy, and funny novel Anthony Burgess has pulled out all the stops for a virtuoso performance that is literary, historical, and musical.

A new edition of a National Book Award finalist follows a black faith healer whose shrewd observations about human nature are told with the rich lyricism of the oral storytelling tradition. From the acclaimed author of Corregidora, The Healing follows Harlan Jane Eagleton as she travels to small towns, converting skeptics, restoring minds, and healing bodies. But before she found her calling, Harlan had been a minor rock star’s manager and, before that, a beautician. Harlan retraces her story to the beginning, when she once had a fling with the rock star’s ex-husband and found herself infatuated with an Afro-German horse dealer. Along the way she’s somehow lost her own husband, a medical anthropologist now traveling with a medicine woman across eastern Africa. Harlan draws us deeper into her world and the mystery at the heart of her tale: the story of her first healing. The Healing is a lyrical and at times humorous exploration of the struggle to let go of pain, anger, and even love. Slipping seamlessly back through Harlan’s memories in a language rich with the textured cadences of unfiltered dialogue, Gayl Jones weaves her story to its dramatic—and unexpected—beginning.

Memoirs of a Madman

In the 1930s, as her second marriage approaches, a brilliant and independent sculptor faces tensions between her art and everyday life in this novel by the author of *The Good Earth*. This *Proud Heart* narrates the experience of a gifted sculptor and her struggle to reconcile her absorbing career with society's domestic expectations.

Susan Gaylord is talented, loving, equipped with a strong moral sense, and adept at anything she puts her hand to, from housework to playing the piano to working with marble and clay. But the intensity of her artistic calling comes at a price, isolating her from other people—at times, even from her own family. When her husband dies and she remarries, she finds herself once again comparing the sacrifice of solitude to that of commitment. With a heroine who is naturalistic yet compellingly larger than life, *This Proud Heart* is incomparable in its sympathetic study of character. This ebook features an illustrated biography of Pearl S. Buck including rare images from the author's estate.

We were in class when the head-master came in, followed by a "new fellow," not wearing the school uniform, and a school servant carrying a large desk. Those who had been asleep woke up, and every one rose as if just surprised at his work. The head-master made a sign to us to sit down. Then, turning to the class-master, he said to him in a low voice— "Monsieur Roger, here is a pupil whom I recommend to your care; he'll be in the second. If his work and conduct are satisfactory, he will go into one of the upper classes, as becomes his age." The "new fellow," standing in the corner behind the door so that he could hardly be seen, was a country lad of about fifteen, and taller than any of us. His hair was cut square on his forehead like a village chorister's; he looked reliable, but very ill at ease. Although he was not broad-shouldered, his short school jacket of green cloth with black buttons must have been tight about the arm-holes, and showed at the opening of the cuffs red wrists accustomed to being bare. His legs, in blue stockings, looked out from beneath yellow trousers, drawn tight by braces, He wore stout, ill-cleaned, hob-nailed boots. We began repeating the lesson. He listened with all his ears, as attentive as if at a

sermon, not daring even to cross his legs or lean on his elbow; and when at two o'clock the bell rang, the master was obliged to tell him to fall into line with the rest of us. When we came back to work, we were in the habit of throwing our caps on the ground so as to have our hands more free; we used from the door to toss them under the form, so that they hit against the wall and made a lot of dust: it was "the thing." But, whether he had not noticed the trick, or did not dare to attempt it, the "new fellow," was still holding his cap on his knees even after prayers were over. It was one of those head-gears of composite order, in which we can find traces of the bearskin, shako, billycock hat, sealskin cap, and cotton night-cap; one of those poor things, in fine, whose dumb ugliness has depths of expression, like an imbecile's face. Oval, stiffened with whalebone, it began with three round knobs; then came in succession lozenges of velvet and rabbit-skin separated by a red band; after that a sort of bag that ended in a cardboard polygon covered with complicated braiding, from which hung, at the end of a long thin cord, small twisted gold threads in the manner of a tassel. The cap was new; its peak shone.

Jacques Barzun's masterful translation proves that Flaubert's Dictionary of Accepted Ideas--an acid catalogue of the clichés of 19th-century France--is as relevant today as ever.

"Bulgakov's strong point was his ability to amplify the roots of man's dementia, the howls of political pandemonium . . . a lively collection." –The Washington Post Book World Mikhail Bulgakov's Diaboliad and Other Stories, comprised of Diaboliad, No. 13–The Elpit Workers' Commune, A Chinese Tale, and The Adventures of Chichikov, serves as an excellent introduction to this renowned Russian satirist and playwright's work. Black comedy, biting social and political commentary, and Bulgakov's unique narrative exuberance combine to tell the tales of labyrinthine post-Revolution bureaucracy; clashes between science, the intellectual class, and the state; and the high price to be paid for the promised utopian world of Communism in early Soviet Russia. Bulgakov's signature eloquent skewering of the various shortcomings of the world around and within him can be found on every page, and horror and magic interweave in a constant dance of the absurd—a dance that would reach its highest point both stylistically and thematically in Bulgakov's tour de force novel The Master and Margarita. "One of the most original voices of the twentieth century." –The Guardian, UK

"Cosima" tells the story of an aspiring writer growing up in Nuoro, Sardinia during the last decades of the nineteenth century when formal

education for women was rare and literary careers unheard-of. Based on Deledda's own life, the work describes a young woman's struggle against the dismay and disapproval of her family and friends at her creative ambitions. Yet it also reads like a charming fable with details of family life, rural traditions and wild bandits, and it is as much a novel of memory as of character or action. Deledda's characters are poor country folk driven by some predetermined force. Their loves are tragic, their lives as hard and as rigidly controlled as nature itself in the hills of Sardinia. Deledda creates memorable figures who play out their lives against this backdrop of mountains and bare plains, sheepfolds and vineyards. Shimmering in the distance is the sea and escape - for a few - to the Continent or America. In 1926 Grazia Deledda became the second woman and the second Italian to receive the Nobel Prize for Literature. She wrote thirty-three novels, including "Reeds in the Wind," and many books of short stories, almost all set on Sardinia. Her work has become well known to English-speaking readers through Martha King's translations for Italica Press.
