*Combattuta tra l'amore per il figlio, il vincolo matrimoniale e la passione per un altro uomo, Anna Karenina sarà travolta da un conflitto tanto drammatico da trascendere i confini del personaggio per divenire emblematico. Una tragedia che la accomunerà ad altre tormentate figure di donne, come Madame Bovary, per citare la più famosa. Ispirandosi con inconfondibile potenza creativa a un fatto di cronaca, Tolstoj trasferisce in Anna Karenina l'ansia e il desiderio di chiarezza etica che dominarono la sua vita. Costruito con un raffinato gioco d'incastri narrativi e tuttavia con la consueta scorrevolezza stilistica dei capolavori tolstojani, il romanzo presenta una bruciante problematica morale, lasciando al lettore il giudizio definitivo. La storia di Anna Karenina è stata ed è oggetto di trasposizioni cinematografiche e televisive a cominciare da quella che vide nei panni della protagonista Greta Garbo. Lev Nikolaevič Tolstoj nacque a Jasnaja Poljana nel 1828 e morì ad Astapovo nel 1910. È considerato uno dei massimi rappresentanti del realismo letterario dell'Ottocento. Fra le sue opere maggiori ricordiamo I racconti di Sebastopoli, Guerra e pace, La morte di Ivan Il'ic, La sonata a Kreutzer e Resurrezione. Di Tolstoj la Newton Compton ha pubblicato Anna Karenina, Guerra e pace e La sonata a Kreutzer.*

The Red and the Black Stendhal - First published in 1830, The Red and the Black, is widely considered the masterpiece of 19th century French author Marie-Henri Beyle, known more commonly by his pen name, Stendahl. It follows the ambitions of Julien Sorel, a young man raised in the French countryside who wishes to rise above his provincial station by climbing the social ranks of Parisian society. Through a series of events, Juliens talent and hard work give way to deception and hypocrisy when he realizes the limitations for advancement of a sincere and honest man of humble origins. Although Julien achieves much which he aspires to, ultimately his pride gets the better of him when he commits a violent crime of passion, leading to his tragic downfall. Through the deep psychological introspection of Julien we see Stendhals unique literary genius, the remarkable way in which he allows readers to live in the minds of his characters. Set against the backdrop of the July Revolution of 1830, The Red and the Black is a narrative which embodies the rich social conflict of that time. This edition is translated with an introduction by Horace B. Samuel.

Selected as a Book of the Year 2016 in the Guardian Reunion is a little-known but perfect novel with fans including Ian McEwan, John Boyne, Deborah Moggach, David Nicholls, Meg Rosoff and Sarah Perry. On a grey afternoon in 1932, a Stuttgart classroom is stirred by the arrival of a newcomer. Middle-class Hans is intrigued by the aristocratic new boy, Konradin, and before long they become best friends. It's a friendship of the greatest kind, of shared interests and long conversations, of hikes in the German hills and growing up together. But the boys live in a changing Germany. Powerful, delicate and daring, Reunion is a story of the fragility, and strength, of the bonds between friends. 'Exquisite' Guardian 'I loved Reunion and found it very moving' John Boyne WITH AN AFTERWORD BY RACHEL SEIFFERT

*Les Fleurs du mal* is a volume of French poetry by Charles Baudelaire. First published in 1857, it was important in the symbolist and modernist movements. The poems deal with themes relating to decadence and eroticism.

*Anthony Burgess draws on his love of music and history in this novel he called "elephantine fun" to write. A grand and affectionate tragicomic symphony to Napoleon Bonaparte that teases and reweaves Napoleon's life into a pattern borrowed—in liberty, equality, and fraternity—from Beethoven's Third "Eroica" Symphony, in this rich, exciting, bawdy, and funny novel Anthony Burgess has pulled out all the stops for a virtuoso performance that is literary, historical, and musical.*

*We were in class when the head-master came in, followed by a "new fellow," not wearing the school uniform, and a school servant carrying a large desk. Those who had been asleep woke up, and every one rose as if just surprised at his work. The head-master made a sign to us to sit down. Then, turning to the class-master, he said to him in a low voice—"Monsieur Roger, here is a pupil whom I recommend to your care; he'll be in the second. If his work and conduct are satisfactory, he will go into one of the upper classes, as becomes his age." The "new fellow," standing in the corner behind the door so that he could hardly be seen, was a country lad of about fifteen, and taller than any of us. His hair was cut square on his forehead like a village chorister's; he looked reliable, but very ill at ease. Although he was not broad-shouldered, his short school jacket of green cloth with black buttons must have been tight about the arm-holes, and showed at the opening of the cuffs red wrists accustomed to being bare. His legs, in blue stockings, looked out from beneath yellow trousers, drawn tight by braces. He wore stout, ill-cleaned, hob-nailed boots. We began repeating the lesson. He listened with all his ears, as attentive as if at a sermon, not daring even to cross his legs or lean on his elbow; and when at two o'clock the bell rang, the master was obliged to tell him to fall into line with the rest of us. When we came back to work, we were in the habit of throwing our caps on the ground so as to have our hands more free; we used from the door to toss them under the form, so that they hit against the wall and made a lot of dust: it was "the thing." But, whether he had not noticed the trick, or did not dare to attempt it, the "new fellow," was still holding his cap on his knees even after prayers were over. It was one of those head-gears of composite order, in which we can find traces of the bearskin, shako, bilcock hat, sea-kin cap, and cotton night-cap; one of those poor things, in fine, whose dumb ugliness has depths of expression, like an imbecile's face. Oval, stiffened with whalebone, it began with three round knobs; then came in succession lozenges of velvet and rabbit-skin separated by a red band; after that a sort of bag that ended in a cardboard polygon covered with complicated braiding, from which hung, at the end of a long thin cord, small twisted gold threads in the manner of a tassel. The cap was new; its peak shone.*

In this gripping novella, French literary master Gustave Flaubert revisits one of the most dramatic events of the Bible and presents his own imaginative spin on the tale. The Herodias of the story's title is a princess who has concocted a devious plan to compel her husband to fall in love with her young daughter from a previous union, Salome. Once Salome has won his heart, Herodias instructs her to request the execution of John the Baptist.

Jacques Barzun's masterful translation proves that Flaubert's Dictionary of Accepted Ideas--an acid catalogue of the clichés of 19th-century France--is as relevant today as ever.

Louise J. Kaplan challenges the traditional view that perversion represents deviant sexual behavior in this "fascinating and ambitious new study".--The New York Times Book Review. "This masterful study breaks new ground in our understanding of sexuality, gender roles and the way modern society trivializes erotic expression".--Publishers Weekly.

Madame Bovary is the French writer Gustave Flaubert's debut novel. The story focuses on a doctor's wife, Emma Bovary, who has adulterous affairs and lives beyond her means in order to escape the banalities and emptiness of provincial life. Though the basic plot is rather simple, even archetypal, the novel's true art lies in its details and hidden patterns. Flaubert was a notorious perfectionist and claimed always to be searching for le mot juste ("the precise word"). Long established as one of the greatest novels ever written, the book has often been described as a "perfect" work of fiction. Henry James writes: "Madame Bovary has a perfection that not only stamps it, but that makes it stand almost alone; it holds itself with such a supreme unapproachable assurance as both excites and defies judgment." Giorgio de Chirico said that in his opinion "from the narrative point of view, the most perfect book is Madame Bovary by Flaubert".

In the 1930s, as her second marriage approaches, a brilliant and independent sculptor faces tensions between her art and everyday life in this novel by the author of The Good Earth. This Proud Heart narrates the experience of a gifted sculptor and her struggle to reconcile her absorbing career with society's domestic expectations. Susan Gaylord is talented, loving, equipped with a strong moral sense, and adept at anything she puts her hand to, from housework to playing the piano to working with marble and clay. But the intensity of her artistic calling comes at a price, isolating her from other people—at times, even from her own family. When her husband dies and she remarries, she finds herself once again comparing the sacrifice of solitude to that of commitment. With a heroine who is naturalistic yet compellingly larger than life, This Proud Heart is incomparable in its sympathetic study of character. This ebook features an illustrated biography of Pearl S. Buck including rare images from the author's estate.

Madame Bovary

A play about marriage, lust, adultery, corruption and deceit - all aided by the Mandrake Infusion. It is Machiavelli's greatest sex farce, and a landmark of the Italian Renaissance. This adaptation opened at the Jack Studio Theatre in London on 28 May 2013. "I'm not sure what liberties were applied in bringing a hit from the 1520s to the 21st century stage, but Mandrake had a timeless yet timely about it - like a smart Shakespearean production. It was fresh and contemporary brimming with universal and relevant themes and a humour that's stood the test of time." Chris Osburn Tikichris.com. "Howard Colyer's latest twist on a classic is a wonderfully watchable romp that packs a political punch to go with its comic cuts." Gary Naylor Broadwayworld.com

In Robinson Crusoe, Crusoe washes up on an uninhabited island on the North American coast. He lives there for twenty-eight years, documenting his physical and spiritual growth in his journal. Then one day a British ship sails by the island, and he is rescued. In the mid 17th century, Robinson Crusoe begins his career as a sailor, against the wishes of his parents, who would prefer him to go into law. Crusoe survives a deadly shipwreck in the Caribbean and manages to set up a camp for himself on an uninhabited island. Much of the story follows the time Crusoe spent building his shelter and other things to make his life more comfortable. He documents his gardening, goat raising, and hunting, as well as his religious reflections.

"Cosima" tells the story of an aspiring writer growing up in Nuoro, Sardinia during the last decades of the nineteenth century when formal education for women was rare and literary careers unheard-of. Based on Deledda's own life, the work describes a young woman's struggle against the dismay and disapproval of her family and friends at her creative ambitions. Details of family life, rural traditions and wild bandits, and it is as much a novel of memory as of character or action. Deledda's characters are poor country folk driven by some predetermined force. Their loves are tragic, their lives as hard and as rigidly controlled as nature itself in the hills of Sardinia. Deledda creates memorable figures who play out their lives again and again on plains, sheepfolds and vineyards. Shimmering in the distance is the sea and escape - for a few - to the Continent or America. In 1926 Grazia Deledda became the second woman and the second Italian to receive the Nobel Prize for Literature. She wrote thirty-three novels, including "Reeds in the Wind," and many books of short stories, almost all set on Sardinia. Her

Presentation Discovering the two great cosmic principles. As we get used to observing and listening to nature, we come into contact with the soul of the different kingdoms and elements, such as that of water and fire. Water is the symbol of the raw material, the matrix of life, and this life came out of the water thanks to the principle of fire, symbol of the spirit, which set this matter in motion. So life on earth was also born from the action of fire on water. In this work these two elements are considered as the two principles of creation, like the feminine - the horizontal line - and the masculine - the vertical line; from these two assembled lines is born the symbol of the cross whose origin dates back to the oldest antiquity. Numerous analogies and explanations clarify the meanings and influences of these elements on the physical, psychological, psychic and spiritual levels. 'Our psychic life is shaped and moulded every day by the forces and influences we allow to enter and impregnate us. This is why it is essential to have a store of lovely pictures that we can conjure up in our minds often, pictures that are with us day and night, so that our thoughts may be constantly in touch with all that is most elevated, pure and sacred. And what is more beautiful, more poetic or more full of meaning than water and fire, and the different forms in which they appear to us? You can fill your whole life with these pictures, and absorb them until they impregnate every cell of your body.'
