A Novella in the World of Kate Daniels

Mercenary Kate Daniels knows all too well that magic in post-Shift Atlanta is a dangerous business. But nothing she’s faced could have prepared her for what’s to come in this heart-stopping novel in the #1 New York Times bestselling series. Kate and the former Beast Lord Curran Lennart are finally making their relationship official. But there are some steep obstacles standing in the way of their walk to the altar. Kate’s father, Roland, has kidnapped the demigod Saiman and is slowly bleeding him dry in a never-ending bid for power. A Witch Oracle has predicted that if Kate marries the man she loves, Atlanta will burn and she will lose him forever. And the only person Kate can ask for help is long dead. The odds are impossible. The future is grim. But Kate Daniels has never been one to play by the rules...

Two years after his untimely death, Matthew Swift finds himself breathing once again, lying in bed in his London home. Except that it’s no longer his bed, or his home. And the last time this sorcerer was seen alive, an unknown assailant had gouged a hole so deep in his chest that his death was irrefutable...despite his body never being found. He doesn’t have long to mull over his resurrection, though, or the changes that have been wrought upon him. His only concern now is vengeance. Vengeance upon his monstrous killer and vengeance upon the one who brought him back.

The Edge lies between worlds, on the border between the Broken, where people shop at Walmart and magic is a fairytales-and the Weird, where blueblood aristocrats rule, changelings roam, and the strength of your magic can change your destiny... Cerise Mar and her unruly clan are cash poor but land rich, claiming a large swathe of the Mire, the Edge swamplands between the state of Louisiana and the Weird. When her parents vanish, her clan’s long-time rivals are suspect number one. But all is not as it seems. Two nations of the Weird are waging a cold war fought by feint and espionage, and their conflict is about to spill over into the Edge—and Cerise’s life . William, a changeling soldier who left behind the politics of the Weird, has been forced back into service to track down a rival nation’s spymaster. When William’s and Cerise’s missions lead them to cross paths, sparks fly—but they’ll have to work together if they want to succeed...and survive.

A collection of supernatural school stories includes new tales featuring telepathic waitress Sookie Stackhouse and Boston’s angelic private investigator, Remy Chandler.

Essays that chronicle some of life’s biggest dramas: marriage, divorce, and the quest for the perfect fashion accessory. On the surface, Kate Carroll de Gutes’ debut collection of essays considers her sexuality, gender presentation, and the end of her marriage. But, as editor Judith Kitchen says, “peel it back, begin to take it apart, semantically and linguistically and personally, and it all comes clear.” Kate Carroll de Gutes invites readers to become collaborators in essays about issues we all face: growing up, identity, love, loss, and sometimes, the quest for the perfect fashion accessory. With wit matched by self-compassion and empathy, the essays offer a lesson on the inevitable journey back to the places we all began. “On every page, de Gutes reminds us that we all traverse life’s roads with one eye fixed on the receding and mirrored past.” - Stephanie Kallos, best-selling author of Broken for You.

She runs a quaint Victorian Bed and Breakfast in a small Texas town, owns a Shi-tzu named Beast, and is a perfect neighbor, whose biggest problem should be what to serve her guests for breakfast. But Dina is...different: Her broom is a deadly weapon; her Inn is magic and thinks for itself. Meant to be a lodging for otherworldly visitors, the only permanent guest is a retired Galactic aristocrat who can't leave the grounds because she's responsible for the deaths of millions and someone might shoot her on sight. Under the circumstances, normal is a bit of a stretch for Dina. And now, something with wicked claws and deepwater teeth has begun to hunt at night... Feeling responsible for her neighbors, Dina decides to get involved. Before long, she has to juggle dealing with the annoyingly attractive, ex-military, new neighbor, Sean Evans -- an alpha-strain werewolf -- and the equally arresting cosmic vampire soldier, Arland, while trying to keep her inn and its guests safe. But the enemy she's facing is unlike anything she's ever encountered before. It's smart, vicious, and lethal; and putting herself between this creature and her neighbors might just cost her everything."--Page 4 of cover.
