Fill the year ahead with handcrafted beads that you can make yourself by following tutorials from Bead-Making Lab! Imagine a year in beads. We're talking 52 handmade varieties all handcrafted by you! Bead-Making Lab makes this bounty of bead making possible with instructions for bead designs that run the gamut from sophisticated to playful. Bead-Making Lab is organized by material, and single-spread lab tutorials for each bead design make the book simple to use. The tutorials are brief, accomplishable, and rewarding. Choose from traditional materials like paper mache and polymer clay, or opt for new materials such as resins and shrink plastic. Once you've selected your medium, follow the lab instructions for the bead-making technique of your choice. Try a new technique each week! With how-tos including molding, carving, painting, gluing, drilling beach glass and pebbles, and creating fiber-art beads with felting and embroidery, you'll have a year of unique projects ahead of you. Bead-Making Lab also offers ideas on how to turn your beads into jewelry and gives you a sneak peek at some contemporary bead artisans' best work. Get busy beading, crafters!

A variety of silver bead projects utilizing metal clay.

Bestselling crafts book author Sherri Haab offers a new take on the classic friendship bracelet with 35 fresh, fashionable, and modern designs! A hugely popular rite of passage for girls all over the world, the friendship bracelet has recently become a fashion staple for women of all ages, incorporating various braiding, knotting, weaving, and embellishment materials and techniques. The techniques and materials of the classic friendship bracelet trace their roots to Central and South America, and the fashion world's renewed interest in all things ethnic have transported it to the runway, inspiring celebrities, models, and fashion mavens like Beyonce, Heidi Klum, Lauren Conrad, Bar Rafaeli, and Rita Ora to sport "stacks" of ultra-chic wrist candy and retailers to sell expensive versions. In Charm Love Friendship Bracelets, bestselling crafts book author Sherri Haab offers a new take on the classic friendship bracelet that shows how to make pretty, chic, and wearable polymer clay charms and beads and combine them with traditional knotting/macrame, braiding, wrapping, and other techniques using inexpensive threads, cording, beads, and findings to create 35 fresh, fashionable, and modern designs. The book covers essential supplies, knotting techniques (with step-by-step illustrations), and working with polymer clay. The designs take a timeless classic and give it a new twist with fun, fashion-forward projects that let you customize your creations with easy-to-make polymer clay charms and beads as well as other easy-to-find embellishments.

This book includes ideas for turning common household items into a variety of interesting and creative crafts. Crafters practice comprehension skills as they use text and diagrams to follow the steps for each project. The activities push students to learn and apply domain-specific vocabulary, practice new techniques, and build on concepts that may already be familiar. Other tools, including an index and additional resources, encourage readers to locate information and explore further independently.

Precious metal clay (PMC) is an innovative material that combines the workability of clay with the beautiful finish and durability of precious metals. The material is easy to manipulate and shape by hand to make beads for bracelets, necklaces, and other jewelry. This book contains fifteen projects for creating fine silver beads and a design gallery of 25 additional jewelry pieces. Intro chapters include information about tools and techniques. Projects are organized workshop-style, to build skills cumulatively.

With her unmatched eye for color, color mixing and layering, well-known artist and fan favorite Julie Picarello helps beginners and advanced polymer artisans design, texture and finish gorgeous art beads using relatively simple techniques. In-depth introduction sections cover basics, color inspiration and recipes, and needed tools and materials. The book includes 7 mini projects and 10 finished jewelry projects, while callouts at the beginning of each project let the readers know exactly what specialized techniques will be learned. It's the color that makes polymer clay truly exciting, and this book uses color like you've never seen it before.

It's a great way to have fun and make your own polymer clay beads. You can use the beads to create

personalized jewelry, gifts, decorations, and accessories. You can purchase pre-made beads at a craft shop, but homemade beads can add an artistic touch to your jewelry that is impossible with store-bought beads. You can also create your own unique style and creativity by making your beads, especially once you have mastered the basics and are able to explore more complicated patterns and shapes. It's easy and fun to make beads.

Hand-made jewelry is always in style. So why not go one step further and make your own beads? Polymer clay is the material of choice and you will learn how to use free-form techniques and bead-rolling tools to create several styles. Sculpted effects, simulations of semi-precious stones, photo-image transfers, and use of glitter and organic material mean the beads you make will be unique. All the tools you will need are listed, and finishing techniques, such as sanding, buffing and sealing, are described. Detailed instructions on how to use your own work to create stylish and individual pieces of jewelry, including necklaces, bracelets, and earrings are also included. Basic techniques, such as stringing and fixing clasps, lead on to assembling all the components in designs and styles ranging from contemporary and elegant to simple and plain fun. Beginners and more advanced practitioners alike will find both practical advice and plenty of inspiration.

This beautifully illustrated book, packed with clear step-by-step instructions, will show you how. Polymer clay is the material of choice and you will learn how to use free-form techniques and bead-rolling tools to create several styles. Unusual shapes, sculpted effects, simulations of semi-precious stones, photo-image transfers, and use of glitter and organic material mean the beads you make will be unique. And with practice, they will look professionally hand-crafted. All the tools you will need are listed, and finishing techniques, such as sanding, buffing, and sealing, are described. You will also find detailed instructions on how to use your own work to create stylish and individual pieces of jewelry, including necklaces, bracelets, and earrings.

Basic jewelry-making techniques, such as stringing and fixing clasps, lead on to assembling all the components in designs and styles ranging from contemporary and elegant, to simple and just plain fun. The finished pieces incorporate a whole variety of mixed media to enhance the look of your beads. Technique based, this book is also full of useful information—including a list of suppliers—and will be invaluable to anyone taking up this rewarding and affordable craft. Beginners and more advanced practitioners alike will find both practical advice and inspiration.

Have you ever looked at polymer clay and wished that you knew how to use it? Have you ever desired to make your own beads and other items with clay, but didn't know how? Well, now, the wonderful and fun world of polymer clay is at your fingertips. This guide will teach you all you need to know to become a polymer clay prodigy and add this great craft to your repertoire. Polymer clay is one of the most popular and versatile mediums available to crafters, lending itself to a variety of applications ranging from decorative boxes, mosaics and miniature models to beads, buttons and jewellery. This comprehensive book features step-by-step instruction in over 50 techniques, including exciting ways to work with new materials such as liquid and metal clays. Large, clear photographs demonstrate basic skills such as rolling, colour mixing, marbling, and baking, progressing to more challenging methods of shaping, molding, and sculpting clay to make a wide range of projects. Create intricate patterns using millefiori techniques; embellish your work with metallic powders, gold leaf, stamps, and paint; choose from dozens of recipes for creating faux effects such as jade, amber, lapis lazuli, turquoise, antiqued metal, and mokumé gane. All tools and techniques are clearly explained, and a gallery of work by internationally renowned polymer clay artists demonstrates what can be achieved and provides inspiration for your own work.

Box making has always been one of the perennial favourites of all wood projects and because wooden boxes make such meaningful gifts, this collection of beautiful, durable and functional box projects is sure to please. All of the designs are based on traditional boxes, historically inspired by Shaker, Arts & Crafts, and other popular styles. But this is not a book of exacting reproductions for master craftsmen only, these are attainable interpretations of some of the most enduring box designs, all presented in a step-by-step format, with photos and detailed instructions. The author, a fine-furniture maker, offers tried-and-true tips for avoiding pitfalls as well as alternative design and construction options. Most of the boxes are easy to build, though a few offer challenges. A wide array of design styles and the consistent high level of detail in the projects will appeal to a range of woodworkers.

Use texture, materials, canes, and mixed techniques to create thirty different projects in a variety of modern, sophisticated looks. Techniques for making interesting beads and pendants as well as projects combining these beads into complete sets of jewelry. How to make necklaces, bracelets, rings, earrings, pins, and more.

Work wool magic by rolling it into hard balls, or adding metallic fiber. Coil polymer clay for a real impact. You'll find that the simplest techniques yield incredibly lovely, one of a kind "jewels." "Public libraries...will find this potpourri of projects a distinctive addition to crafts collections."—Library Journal.
