While the black and white racial experience has been delineated over the years, the ethnic realities of Latinos have received minimal attention. Therefore, with Latinos projected as the upcoming U.S. population majority, the central goal of this book is to document the Latino experience in the world of academia, focusing primarily, but not exclusively, on first-generation Latino students in higher education, delineating the dynamics of the educational journey, while situating their experiences within the ethnic community, the overall American society, and the international community. The text focuses on (1) ethnic realities including Latino student access to higher education, retention, graduation rates, and career success; (2) analysis of historic trends; (3) extensive review of prior empirical studies; (4) a holistic portrayal of education in the U.S.; (5) a qualitative study conducted in an institution of higher education in Texas, placing the stories of participating Latino students in theoretical context; (6) vivid documentation of historically entrenched racial ideologies in American education; (7) exploration of potential solutions to historical and contemporary barriers confronting Latino students; (8) development of a model of empowerment for Latino students; (9) information for the establishment of a balanced educational system; (10) accountability of higher education institutions; (11) review of revolutionizing education in the midst of current globalization; and (12) venturing into the future of Latino education in the overall American experience. Finally, the book seeks to examine not only America's racism that is evident, but also the structural, cultural, and ideological forces that have influenced and continue to perpetuate the current educational situation for Latinos. Despite the continuous addition of regulatory initiatives concerning corporate human rights responsibilities, what we witness more often than not is a situation of corporate impunity for human rights abuses. The Bhopal gas leak - examined as a site of human rights violations rather than as a mass tort or an environmental tragedy - illustrates that the regulatory challenges that the victims experienced in 1984 have not yet been overcome. This book grapples with and offers solutions to three major regulatory challenges to obligating companies to comply with human rights norms whilst doing business, and asks; why companies should adhere to human rights, what these responsibilities are, and how to ensure that companies comply with their responsibilities. Building on literature in the fields of law, human rights, business ethics, management, regulation and philosophy, this book proposes a new 'integrated theory of regulation' to overcome inadequacies of the existing regulatory framework in order to humanize business. This book will be of interest to scholars, students, researchers, policy makers and human rights activists working in the fields of Law, Business and Human Rights.

An exposition of the Prophet Muhammad's teaching that the inner life must pass through three stages: affirmation of faith with the tongue, then the mind, and finally the heart. The Muslim Testimony of Faith, that 'there is no deity save God', is at once the essence and the highest principle of Islam. This book is a demonstration, by one of the greatest recipients of the Prophet's heritage of knowledge, of how the whole spectrum of Islamic thought and worship unfolds naturally from these few words.

A famous celebrity chef, Dr. Lekshmi Nair, thoroughly believes that cooking food is as enjoyable as eating. In this book she describes directions to create delicious vegetarian and non-vegetarian dishes, variety rice items, different types of soups and squashes, yummy cakes and crispy snacks.

M.S. Subbulakshmi's life was one of extraordinary achievement. Although she was portrayed in many ways - as a musician who sought and achieved an all-India appeal; a philanthropist and supporter of noble causes; an icon of style; a woman of piety and devotion; and a friend and associate of the good and the great - she was first and foremost a classical vocalist of the highest rank, of unmatched gifts, who lives on in the musical history of India. *Of Gifted Voice* looks at her life and times, and the great musical tradition she belonged to and to which she brought so much, against the larger backdrop of the developments in the world of Carnatic music. It describes how music came to be performed in concerts; the impact the gramophone, the radio and the talkie had on music; the decline of the traditional performing families; and the appearance of women on public platforms. The book also delves into Subbulakshmi's brush with films as well as her concert style and that of her celebrated contemporaries. Though her story has often been told, we know little of the woman behind the image and the musician behind the public persona. *Of Gifted Voice* attempts, with warmth and keen-eyed perception, to understand the music, the history, the artiste and her incomparable presence.

The jackal has a bad reputation in the animal world. Devious, selfish, dishonest and boastful, his aspirations are high, but his talents few. He seldom repays a favour. Should such a creature be tolerated? Only so long as he uses his cunning for the good of the community, says the wisdom of these Jataka tales which were written as early as the period between 3rd century BC and 5th century AD.

The Kama Sutra The Standard Work on Human Sexual Behavior By Vatsyayana Translated from the Sanscrit In Seven Parts, with Preface, Introduction and Concluding Remarks. New Edition The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vaatsyayana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. "Kama" which is one of the four goals of Hindu life, means desire including sexual desire the latter being the

subject of the textbook, and "sutra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual. Contrary to popular perception, especially in the western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life. The Kama Sutra is the oldest and most notable of a group of texts known generically as Kama Shastra (Sanskrit: Kama Sastra). Historians attribute Kamasutra to be composed between 400 BCE and 200 CE. John Keay says that the Kama Sutra is a compendium that was collected into its present form in the 2nd century CE.

In the literature of all countries there will be found a certain number of works treating especially of love. Everywhere the subject is dealt with differently, and from various points of view. In the present publication it is proposed to give a complete translation of what is considered the standard work on love in Sanscrit literature, and which is called the `Vatsyayana Kama Sutra', or Aphorisms on Love, by Vatsyayana. While the introduction will deal with the evidence concerning the date of the writing, and the commentaries written upon it, the chapters following the introduction will give a translation of the work itself. It is, however, advisable to furnish here a brief analysis of works of the same nature, prepared by authors who lived and wrote years after Vatsyayana had passed away, but who still considered him as

the great authority, and always quoted him as the chief guide to Hindoo erotic literature. Besides the treatise of Vatsyayana the following works on the same subject are procurable in India: The Ratirahasya, or secrets of love The Panchasakya, or the five arrows The Smara Pradipa, or the light of love The Ratimanjari, or the garland of love The Rasmanjari, or the sprout of love The Anunga Runga, or the stage of love also called Kamaledhiplava, or a boat in the ocean of love. The author of the 'Secrets of Love' was a poet named Kukkoka. He composed his work to please one Venudutta, who was perhaps a king. When writing his own name at the end of each chapter he calls himself 'Siddha patiya pandita', i.e. an ingenious man among learned men. The work was translated into Hindi years ago, and in this the author's name was written as Koka. And as the same name crept into all the translations into other languages in India, the book became generally known, and the subject was popularly called Koka Shastra, or doctrines of Koka, which is identical with the Kama Shastra, or doctrines of love, and the words Koka Shastra and Kama Shastra are used indiscriminately. The work contains nearly eight hundred verses, and is divided into ten chapters, which are called Pachivedas. Some of the things treated of in this work are not to be found in the Vatsyayana, such as the four classes of women, the Padmini, Chitrini, Shankini and Hastini, as also the enumeration of the days and hours on which the women of the different classes become subject to love, The author adds that he wrote these things from the opinions of Gonikaputra and Nandikeshwara, both of whom are mentioned by Vatsyayana, but their works are not now extant. It is difficult to give any approximate idea as to the year in which the work was composed. It is only to be presumed that it was written after that of Vatsyayana, and previous to the other works on this subject that are still extant. Vatsyayana gives the names of ten authors on the subject, all of whose works he had consulted, but none of which are extant, and does not mention this one. This would tend to show that Kukkoka wrote after Vatsya, otherwise Vatsya would assuredly have mentioned him as an author in this branch of literature along with the others.

On 25 July 2001, Bandit Queen Phoolan Devi who had become an MP by then was shot dead as she got out of her car near the gate of her New Delhi residence. Sher Singh Rana, Dheeraj Rana, and Rajbir were accused of the crime. Twenty-five-year-old Rana allegedly surrendered in Dehradun and confessed to the murder, saying he was avenging the deaths of twenty-two Kshatriyas at Phoolan's hands in Behmai. Then he escaped from Tihar Jail in 2004 to reach Afghanistan via Bangladesh in order to reclaim the relics of the last Hindu ruler Prithviraj Chauhan from his grave there. He was captured again from Kolkata in April 2006 and sent to Rohini Jail in Delhi. He is still lodged there since the matter is sub judice. Jail Diary is Rana's story in his own words. It begins on the day of his escape from Tihar and goes back and forth in time describing his childhood in small-town India, the beginning of his political career during college days, his induction into Eklavya Sena through which he was introduced to Phoolan, his days as a liquor vendor in Haridwar, and his nerve-wracking adventures as someone who broke one of the highest security prisons in Asia to pursue what, to his mind, was an act of honour.

In the present publication it is proposed to give a complete translation of what is considered the standard work on love in Sanscrit literature, and which is called the 'Vatsyayana Kama Sutra, ' or Aphorisms on Love, by Vatsyayana. NAMED A BEST BOOK OF THE YEAR BY BOOKPAGE AND LIBRARY JOURNAL The Crimson Petal and the White meets Fight Club: A page-turning novel set in the world of female pugilists and their patrons in late eighteenth-century England. Moving from a filthy brothel to a fine manor house, from the world of street fighters to the world of champions, The Fair Fight is a vivid, propulsive historical novel announcing the arrival of a dynamic new talent. Born in a brothel, Ruth doesn't expect much for herself beyond abuse. While her

sister's beauty affords a certain degree of comfort, Ruth's harsh looks set her on a path of drudgery. That is until she meets pugilist patron George Dryer and discovers her true calling—fighting bare knuckles in the prize rings of Bristol. Manor-born Charlotte has a different cross to bear. Scarred by smallpox, stifled by her social and romantic options, and trapped in twisted power games with her wastrel brother, she is desperate for an escape. After a disastrous, life-changing fight sidelines Ruth, the two women meet, and it alters the perspectives of both of them. When Charlotte presents Ruth with an extraordinary proposition, Ruth pushes dainty Charlotte to enter the ring herself and learn the power of her own strength. A gripping, page-turning story about people struggling to transcend the circumstances into which they were born and fighting for their own places in society, *The Fair Fight* is a raucous, intoxicating tale of courage, reinvention, and fighting one's way to the top.

Neuropsychotherapy is intended to inspire further development and continual empirical updating of consistency theory. It is essential for psychotherapists, psychotherapy researchers, clinical psychologists, psychiatrists, neuroscientists, and mental-health professionals. Profoundly important and innovative, this volume provides necessary know-how for professionals as it connects the findings of modern neuroscience to the insights of psychotherapy. Throughout the book, a new picture unfolds of the empirical grounds of effective psychotherapeutic work. Author Klaus Grawe articulates a comprehensive model of psychological functioning-consistency theory-and bridges the gap between the neurosciences and the understanding of psychological disorders and their treatment. Neuropsychotherapy illustrates that psychotherapy can be even more effective when it is grounded in a neuroscientific approach. Cutting across disciplines that are characteristically disparate, the book identifies the neural foundations of various disorders, suggests specific psychotherapeutic conclusions, and makes neuroscientific knowledge more accessible to psychotherapists. The book's discussion of consistency theory reveals the model is firmly connected to other psychological theoretical approaches, from control theory to cognitive-behavioral models to basic need theories.
