Callum: A Noughts and Crosses Short Story

Miss Aldridge Regrets

The long-awaited autobiography of one of the world's greatest children's writers, and an empowering and inspiring account of a life in books. Malorie Blackman OBE is one of Britain's best loved and most widely-read writers. For over thirty years, her books have helped to shape British culture, and inspired generations of younger readers and writers. The Noughts and Crosses series, started in 2000, sparked a new and necessary conversation about race and identity in the UK, and are already undisputed classics of twenty-first-century children's literature. She is also a writer whose own life has been shaped by books, from her childhood in south London, the daughter of parents who moved to Britain from Barbados as part of the Windrush Generation, and who experienced a childhood that was both wonderful and marred by the everyday racism and bigotry of the era. She was told she could not apply to study her first love, literature, at university, in spite of her academic potential, but found a way to books and to a life in writing against a number of obstacles. This book is an account of that journey, from a childhood surrounded by words, to the 83 rejection letters she received in response to sending out her first project, to the children's laureateship. It explores the books who have made her who she is, and the background to some the most beloved and powerful children's stories of today. It is an illuminating, inspiring and empowering account of the power of words to change lives, and the extraordinary life story of one of the world's greatest writers.

Charlie Dean is a style-obsessed girl who eats, sleeps, and breathes fashion. John Thomas-Smith is a boy who forges metal sculptures in his garage and couldn't care less about clothes. Both are gunning for a scholarship to the private art high school that could make all their dreams come true. Whoever wins the fashion competition will win the scholarship—and only one can win. Told in the alternating voices of Charlie's and John's journals, this hilarious and poignant YA novel perfectly captures what it's like to have an artistic drive so fierce that

Nathan is part of a community heading in the opposite direction. A violent war is spreading through space so they’re heading for a peaceful patch from where they will plan an uprising. But on their journey, Nathan’s ship is attacked and most of the community killed. Only a few survive, thanks to Vee and Aidan, who rescue them, bringing them on board their ship. Nathan and Vee are instantly attracted to each other, and in the midst of all the dramas and hostilities of this newly occupied ship, they fall head-over-heels in love. But not everyone is happy with their relationship. Someone is sowing rumours of Nathan’s infidelity, Vee’s flaws, and putting the lives of everybody on board at risk . . .

"Would make Agatha Christie proud... Irresistible and smart." -Fiona Davis, New York Times bestselling author of *The Magnolia Palace Named A Most Anticipated Mystery of Summer by Betches*, *Essence*, *Crime Reads* and more! The glittering RMS Queen Mary. A nightclub singer on the run. An aristocratic family with secrets worth killing for. London, 1936. Lena Aldridge wonders if life has passed her by. The dazzling theatre career she hoped for hasn't worked out. Instead, she's stuck singing in a sticky-floored basement club in Soho, and her married lover has just left her. But Lena has always had a complicated life, one shrouded in mystery as a mixed-race girl passing for white in a city unforgiving of her true racial heritage. She's feeling utterly hopeless until a stranger offers her the chance of a lifetime: a starring role on Broadway and a first-class ticket on the Queen Mary bound for New York. After a murder at the club, the timing couldn't be better, and Lena jumps at the chance to escape England. But death follows her onboard when an obscenely wealthy family draws her into their fold just as one among them is killed in a chillingly

familiar way. As Lena navigates the Abernathy's increasingly bizarre family dynamic, she realizes that her greatest performance won't be for an audience, but for her life. With seductive glamor, simmering family drama, and dizzying twists, Louise Hare makes her beguiling US debut.

Introducing a witty and unique voice poised to take the literary world by storm. For fans of *The Borrowers*, *Munmun* and *The Truckers*. Everybody became a bit mean. A bit individual. Units. That's all humanity could say for itself - well, it couldn't actually, because it was made up of too many, um, units. And then there were the elderly, who could never bear to be so isolated, yet isolated they were. It was cruel, really it was. And kids - not that many people had them any more - they seemed to be born sitting in one of those egg-shaped chairs, only seeing what was right in front of them. So, the government asked a doctor, that famous one, to get a team together and figure it all out. He did.

Everyone got a playmate. Well, everyone who wanted one, could buy a playmate. About a foot tall, they stood, naked (except in winter), very affectionate, not too intelligent. Mute, but cute - exactly what every home needs. Something to love, little units of love. *The Biggerers* is set in a dystopian future where our two heroes, Bonbon and Jinx, spend their days gathering stones and feathers for their basket, and waiting to be fed by their owners. But it's not long before getting sick, falling in love and wondering why they can't eat with a spoon pushes them to realise they are exactly the same as their owners...only smaller.

"Open Water is tender poetry, a love song to Black art and thought, an exploration of intimacy and vulnerability between two young artists learning to be soft with each other in a world that hardens against Black people."—Yaa Gyasi, author of Homegoing In a crowded London pub, two young people meet. Both are Black British, both won scholarships to private schools where they struggled to belong, both are now artists—he a photographer, she a dancer—and both are trying to make their mark in a world that by turns celebrates and rejects them. Tentatively, tenderly, they fall in love. But two people who seem destined to be together can still be torn apart by fear and violence, and over the course of a year they find their relationship tested by forces beyond their control. Narrated with deep intimacy, Open Water is at once an achingly beautiful love story and a potent insight into race and masculinity that asks what it means to be a person in a world that sees you only as a Black body; to be vulnerable when you are only respected for strength; to find safety in love, only to lose it. With gorgeous, soulful intensity, and blistering emotional

intelligence, Caleb Azumah Nelson gives a profoundly sensitive portrait of romantic love in all its feverish waves and comforting beauty. This is one of the most essential debut novels of recent years, heralding the arrival of a stellar and prodigious young talent.

"With echoes of Romeo and Juliet, Noughts & Crosses is an electrifying, bittersweet love story set in a society divided by racial bigotry and a world rocked by terrorism." "Sephy (a Cross) is the daughter of the Deputy Prime Minister. Callum is the son of a Nought agitator. United by a shared sense of injustice as children, and separated by intolerance as they grow up, their desire to be together begins to eclipse all family loyalty - sparking a political crisis of unimaginable proportions." "Premiered by the Royal Shakespeare Company, Noughts & Crosses has been adapted for the stage by Dominic Cooke from Malorie Blackman's best-selling novels."--BOOK JACKET.
