*Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The "freak," Manson Reed: her favorite victim. But a lot changes after high school.A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game?Only revenge?Only a dare?Or is it something more?*

Alain Badiou experienced that primitive terror when he, with his young friends, made up a game called "The Stroke of Midnight." The furtive discovery of the dark continent of sex in banned magazines, the beauty of black ink on paper, but also the mysteries of space and the grief of mourning: these are some of the things we encounter as the philosopher takes us on a trip through the private theater of his mind, at the whim of his memories. Music, painting, politics, sex, and metaphysics: all contribute to making black more luminous than it has ever been.*

**This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.**

**Rochester has long been known for its leadership in optics, copying and photography. However, there were also more than 20 shoe manufacturers at one time; plus, the city was a major men’s clothing center and the country’s leading manufacturer of buttons. Many other national and international products also got their start in Rochester. Over the decades, author and historian Donovan Shilling has amassed a vast collection of these products, company photos and advertising material. He selected more than 165 Rochester born companies to feature in this “scrapbook.” You may remember some and you may have just heard of others. One thing’s for sure, though, you won’t want to lay this book down until you read all the way from A. H. Shipman (machinery) to Zweigles (sausage products).**
