Negative theology is the attempt to describe God by speaking in terms of what God is not.

Historical affinities between Jewish modernity and negative

This is a substantial new edition of a successful textbook which

continues to have a sensible and 'easy to read' style. Each

Chapter has a past/present/future theme with a real strategic approach.

Strategic Operations Management shows operations as combining

products and services into a complete offer for the customer. Services are therefore seen as key and are integrated throughout the material in each chapter.

Manufacturing, service supply and other key factors are all shown to be in place. In an era where companies are fond of talking about core competences but
