Appreciating Melodrama: Theory and Practice in Indian Cinema and Television seeks to identify and appreciate the continual influence of the ancient Sanskrit drama treatise, the *Natyashastra*, and its theory of aesthetics, the *rasa* theory, on the unique narrative attributes of Indian cinema. This volume of work critically engages with a representative sample of landmark films from 100 years of Indian film history across genres, categories, regions and languages. This is the first time a case study-based rigorous academic

review of popular Indian cinema is done using the Indian aesthetic appreciation theory of rasa (affect/emotion). It proposes a theoretical model for film appreciation, especially for content made in the melodramatic genre, and challenges existing First World/Euro-American film criticism canons and notions that privilege cinematic 'realism' over other narrative forms, which will generate passionate debates for and against its propositions in future studies and research on films. This is a valuable academic reference book for students of film and theatre, world cinema and Indian cinema studies, South Asian studies and culture, Indology and the 'Sociology of Cinema' studies. It is a must-have reference text in the curriculum of both practical-oriented acting schools, as well as courses and modules focusing on a theoretical study of cinema, such as film criticism and appreciation, and the history

of movies and performance studies.

India is the largest film producing country in the world and its output has a global reach. After years of marginalisation by academics in the Western world, Indian cinemas have moved from the periphery to the centre of the world cinema in a comparatively short space of time.

Bringing together contributions from leading scholars in the field, this Handbook looks at the complex reasons for this remarkable journey. Combining a historical and thematic approach, the Handbook discusses how Indian cinemas need to be understood in their historical unfolding as well as their complex relationships to social, economic, cultural, political, ideological, aesthetic, technical and institutional discourses. The thematic section provides an up-to-date critical narrative on diverse topics such as audience, censorship, film distribution,

film industry, diaspora, sexuality, film music and nationalism. The Handbook provides a comprehensive and cutting edge survey of Indian cinemas, discussing Popular, Parallel/New Wave and Regional cinemas as well as the spectacular rise of Bollywood. It is an invaluable resource for students and academics of South Asian Studies, Film Studies and Cultural Studies.

In *Once Upon A Prime Time*, Ananth Mahadevan pens the memoirs of his journey on Indian television. From first hand experiences with film makers who were the founding fathers of television serials, to today's consumerism driven shows, he has tasted them all. The book reads like an autobiography yet covers virtually every major player who was responsible for the nostalgia that Indian television now evokes. It incorporates exclusive moments with many celebrities

and award winning directors. Join the actors on their sets as they perform for television and learn about the stories that made the shows come to life. Covering artistes and makers who impacted our world, such as Amitabh Bachchan, Hrishikesh Mukherjee, Sai Paranjpye, Basu Chatterjee, Kundan Shah, Ravi Chopra, Ramesh Sippy , Farooque Shaikh, Aziz Mirza, Gulzar and Govind Nihalani. The book is in all probability, the first ever story of Indian television. Besides taking one down memory lane, this could be a throwback for all those connected with the medium, past and present. It gives you a feeling of travelling through time and watching history being made – behind the scenes. "The book reads like an autobiography, but covers every major player who was responsible for the nostalgia that Indian television now evokes." - Hema Malini

This book is a critical history of Marathi cinema, from its formative years in the 1920s till the end of 1990s. It is the first work to explore the industrial and aesthetic dynamics of Marathi cinema, and elaborate on the idea of region as performance using the framework of critical socio-spatial analysis. Against the dominance of Hindi cinema, the Marathi film industry, as a regional film practice in India, has developed within a cultural

and spatial liminality. This historical situation of the Marathi film industry is formulated here as the shaping and dispersal of a vernacular cultural space; and is traced over a period of seven decades, across genres like the saint-film, social melodramas, and the tamasha film, as well as in urban and mofussil sites of film circulation. The book aims to be a useful resource for students, researchers, and general readers, while attending to a lack of scholarly inquiries on this important regional film culture.

There was a time when Doordarshan was the only channel on television in India, but today, hundreds of channels broadcast programs day and night. In India today, there are many channels based on sports, news, film, documentary, and music. There was a time when television programs could be viewed only through television sets, but today, through devices such as computers, laptops, and mobiles, viewers can watch their favorite programs at their convenient location, and time. The main objective of this book written on Indian television is to make students aware of the history and

In 2012, the Bombay High Court celebrated the 150th year of its existence. As one of three high courts first set up in colonial India in 1862, it functioned as a court of original and appellate jurisdiction

during the British Raj for over 80 years, occupying the topmost rung of the judicial hierarchy in the all-important Bombay Presidency. Yet, remarkably little is known of how the court functioned during the colonial era. The historiography of the court is quite literally anecdotal. The most well known books written on the history of the court focus on humorous (at times, possibly apocryphal) stories about 'eminent' judges and 'great' lawyers, bordering on hagiography. Examining the backgrounds and lives of the 83 judges-Britons and Indians-who served on the Bombay High Court during the colonial era, and by exploring the court's colonial past, this book attempts to understand why British colonial

Memoir of one of India's most prominent businessmen The pioneer who gate-crashed his way to the top Subhash Chandra, the promoter of Essel/ Zee Group, is an unlikely mogul. Hailing from a small town in Haryana, where his family ran grain mills, Chandra has been a perennial outsider, repeatedly aiming high and breaking into businesses where he was considered an interloper. Starting work as a teen to pay off family debts, Chandra had to rely on bluff, gumption and sheer hard

toil to turn things around. A little bit of luck and political patronage saw him make a fortune in rice exports to the erstwhile USSR. Always a risk-taker, Chandra then had the vision of getting into broadcasting early, even as established media players failed to see its potential. His Zee TV, India's first private Indian TV channel, changed the rules of the game and tickled the fancy of a public starved of entertainment. Several gutsy initiatives followed, though not all of them were successful. Chandra's attempts to launch satellite telephony and a cricket league came a cropper. But the man continues to reinvent

himself; he is now also focusing on infrastructure and smart cities.

This is an unusually candid memoir of a truly desi self-made businessman who came to Delhi at age twenty with seventeen rupees in his pocket. Today, he has a net worth of \$6.3 billion and annual group revenues of about \$3 billion.

I must admire the wonderful effort put in by well known personality Milind Gunaji in putting together this praiseworthy venture in the form of a travel guide. Maharashtra is the state I belong to and hold very close to my heart. It has always been my desire to explore it in greater detail and visit all the places which lend to its heritage. However due to my various work commitments,

this desire of mine has remained largely unfulfilled. However through this book I will find the opportunity of fulfilling this desire at least through its pages which have been put together by Milind. Indeed there could be no better gift that he could have given his home state, our beloved Maharashtra. My congratulations to Milind and the entire team behind the release of this book.? And we are dear friends bonded by our love for nature. I roam the jungles photographing wild animals. But Milind goes off the beaten track and gives us an altogether new picture of a

Jagdish Maali, Film maker and photographer Regional Language Television in India Profiles and Perspectives Taylor & Francis This book shows how transnational media operate in the contemporary world and what their impact is on film, television, and the larger global culture. Where a company is based geographically no longer determines its outreach or output. As media consolidate and partner across national

and cultural boundaries, global culture evolves. The new transnational media industry is universal in its operation, function, and social impact. It reflects a shared transnational culture of consumerism, authoritarianism, cultural diversity, and spectacle. From Wolf Warriors and Sanju to Valerian: City of 1000 Planets and Pokémon, new media combinations challenge old assumptions about cultural imperialism and reflect cross-boundary collaboration as well as boundary-breaking cultural interpretation. This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text, the Ganesa Purana, one of two Puranas dedicated to the important elephant-headed god. In this book the reader is given many narratives about Ganesas ascent to earth in order to kill demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about

Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god. The translation is preceded by a long introduction offering a geographical and historical context for the GanesaPurana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner.
