*Begun when the author was only eighteen, and conceived from a nightmare, Frankenstein is the deeply disturbing story of a monstrous creation which has terrified readers since its first publication in 1818. The novel has seared its way into the popular imagination, and established itself as one of the pioneering works of modern science fiction.*

*A Penny for a Hundred is beloved children's book author Ethel Pockocki's timeless tale of culture shock in rural Maine during the Second World War. It is 1944 and nine-year-old Clare will finally be able to help with the potato harvest—up until now, she was only able to earn the "penny a hundred" her father paid her to pick potato bugs off the plants. But this year, with so many local men off fighting the war, German POWs are brought in to help with the harvest. Clare's not sure what to expect from the strangers, but it soon becomes clear that these men are not so different from young American soldiers—they are relieved to be out of the fighting, but sad to be so far from home. For Christmas, Clare is determined to recreate at least one familiar tradition for Peter, a POW who has befriended her. Their gifts for one another strengthen the bonds of their friendship and help both the POWs and Clare's family enjoy a memorable Christmas Eve. Even amid the hardships of war, they find much to give each other.*

*In a little Irish town like Kenmare, there's no need to worry whether people will discover your secrets. They already have. For Mary, that means being remembered for her tragic losses, even if she'd rather get on with her life. For her cousin Ivan, as close as a brother, the gossip is all about how his wife took the kids and ran off with her new lover. For Mary's friend Penny, it's an old romance that didn't work out quite right, and a current affair with a bottle of vodka. Then Sam Sullivan rents the cottage next door to Mary, and within hours the whole town is talking about the film-star-handsome American. When Sam hurts his back while helping his new neighbor and spends the next week confined to a mattress on her floor, gossip runs rampant. But neither Kenmare nor Mary know about the secrets Sam is so successfully hiding.... For Mary's circle of friends, Sam's arrival marks more than one change. And Mary -- whose unlucky history has kept her apart from the crowd much of her life -- has finally found a man with whom she feels she might truly connect. But so long as both are captive to memories they dare not reveal, the past is a barrier that will keep them forever alone. In this powerful novel, Anna McPartlin perfectly captures the drama, the emotion, and the laughter of a small Irish community, for those who fit in -- and those who don't. Apart from the Crowd mixes wit and insight to create an engrossing tale that will keep you reading to the very last page.*

*Get ready for the new Showtime horror series 'Penny Dreadful' coming this May with Volume 4 of the Penny Dreadful Multipacks! Included in this bundle: 'Frankenstein' (1818 Version) by Mary Shelley; 'The String of Pearls' (Sweeney Todd) by James Malcolm Rymer and 'The Lady or the Tiger' by Frank Stockton. Plus, original essay 'What is a Penny Dreadful?' 'Frankenstein' (1818 Version) by Mary Shelley This is the original, 1818 text. In 1831, the more traditionally first "popular" edition in one volume appeared. This version of the story was heavily revised by Mary Shelley who was under pressure to make the story more conservative, and included a new, longer preface by her, presenting a somewhat embellished version of the genesis of the story. This edition tends to be the one most widely read now but many scholars prefer the 1818 text, arguing that it preserves the spirit of Shelley's original publication. 'The String of Pearls' (Sweeney Todd) by James Malcolm Rymer 'The String of Pearls' - the original tale of Sweeney Todd, a classic of British horror - was first published as a weekly serial in 1846-7 by Edward Lloyd, the King of the Penny Dreadfuls. The main antagonist of the story is the infamous Sweeney Todd, "the Demon Barber of Fleet Street," who here makes his literary debut. The tale became a staple of Victorian melodrama. It was the subject of a 1959 ballet by English composer Sir Malcolm Arnold and, in 1979, a Tony award-winning Broadway musical by Stephen Sondheim and Hugh Wheeler. The musical was adapted for the screen in 2007 as a musical film, directed by Tim Burton and starring Johnny Depp. After 157 years of obscurity, here it is, the book that started it all, presented for the first time in stunning E-book format with original illustrations and extras. 'The Lady or the Tiger' by Frank Stockton "The lady, or the tiger?" has come into the English language as an allegorical expression, a shorthand indication or signifier for a problem that is unsolvable. The phrase started here, in the title of this short story that had the world talking when it was first published in The Century magazine in 1882. Its fame has long since faded but its capacity to make an impact on the reader remains. Its ending remains one of the greatest conundrums in literature.*

Three nineteenth-century literary giants—Bram Stoker, Mary Shelley, and Oscar Wilde—in one outstanding volume of Victorian gothic horror. In the 1800s, penny dreadfuls were cheap English stories that featured lurid, disturbing, and tantalizing content. These horror serials cost a penny per issue, hence their name. Penny dreadfuls often paid homage to—and even inspired—many of the more famous narratives of the horror genre. Born of the penny dreadful tradition and originally published at a time when dramatic scientific discoveries sparked a cultural fixation on the paranormal, these stories remain timeless in their uncanny ability to prey upon our primal fear of that which is strange, violent, and unknown. This book contains three haunting tales and a bonus story: Dracula by Bram Stoker Dracula's Guest by Bram Stoker (Dracula's original first chapter, not published until after Stoker's death) Frankenstein by Mary Shelley The Picture of Dorian Gray by Oscar Wilde Curl up with The Penny Dreadfuls on a dark, moonless night and rediscover these chilling classics!

Between the thick trees, inky eyes follow her as she moves. Their smiles growing. The Log House is a character driven horror novel about revenge and survival. With a morally ambiguous main character, things lurking in the darkness and a story that spirals ever onwards towards the place it all began. Mary, Penny, and the log house.

Eclectic Hair with Granny and Me highlights the beauty and diversity of Black hair. It encourages the reader to explore the history, culture, and function of Black hair in society. For each hairstyle, there is a discussion of how it is made, its function, its possible African origin, Granny Mary's and Penny's experiences with it, and famous people who wore it. Ultimately, this book encourages the Black child to feel pride in having eclectic hair. After completing this book, the reader will accomplish three main goals: 1. Learn about the history, diversity, and functions of Black hair and hairstyles. 2. Understand how Black culture is inscribed in, on, and through Black hair and hairstyles. 3. Show respect for the diversity and uniqueness of Black hair.

On any given day, a visitor to Mary Shorey's classroom will find elementary students using a variety of learning tools, from books to wikis and blogs, to pose critical questions about the world and take action to make a difference in the lives of others. Whether sponsoring a book drive for victims of Hurricane Katrina, using a multimedia presentation to persuade the principal to adopt their recycling plan, or challenging a senior citizen's eviction, it's all in a day's work for Mary's students. Her young learners are becoming conscious consumers, creative thinkers, and effective communicators even while fulfilling the mandated curriculum and Common Core Standards. As Shorey and coauthor Penny Silvers write in Many Texts, Many Voices, "Critical literacy requires that the reader/consumer examine multiple perspectives and ask, 'Whose interests are being served?' and 'Whose voice is heard--or silenced?'...Rather than an addition to a lesson or curriculum, critical literacy is a way of thinking, communicating, analyzing, and living a literate life. Critical literacy also implies the possibility of taking some kind of social action in order to support a belief, make a difference, or simply help during a time of need." Always mindful of what is appropriate for young children, Shorey and Silvers continually search

for opportunities to embed critical literacy and inquiry in the everyday lives of primary students. Through a rich array of rubrics, sample lessons, text sets, unit designs, and professional resources, Silvers and Shorey share their reflective practices so that all teachers can use print, visual, and digital tools to transform student learning.

Picturing the "Pregnant" Magdalene in Northern Art, 1430-1550

(Stevens') Directory of Southampton, and neighbourhood

**Our Doss family includes many other families, but primarily the Penny, Crump, Clements, Goodnight, Stephens, and Jobe families. The descendants of Joel Doss and his wife Mary Penny experienced wars, epidemics, natural disasters, accidents, recessions and depressions, and even murder. These stories tell of our family in the American Revolution, the Civil War, where they migrated, what occupations they followed, and which churches and community organizations they joined and supported. All facts, based on historical records and newspaper accounts, are fully cited according to genealogy's best practices. The book has an every name index.**

**Examining innovations in Mary Magdalene imagery in northern art 1430 to 1550, Penny Jolly explores how the saint's widespread popularity drew upon her ability to embody oppositions and embrace a range of paradoxical roles: sinner-prostitute and saint, erotic seductress and holy prophet. Analyzing paintings by Rogier van der Weyden, Quentin Massys, and others, Jolly investigates artists' and audiences' responses to increasing religious tensions, expanding art markets, and changing roles for women. Using cultural ideas concerning the gendered and pregnant body, Jolly reveals how dress confirms the Magdalene's multivalent nature. In some paintings, her gown's opening laces betray her wantonness yet simultaneously mark her as Christ's spiritually pregnant Bride; elsewhere 'undress' reconfirms her erotic nature while paradoxically marking her penitence; in still other works, exotic finery expresses her sanctity while celebrating Antwerp's textile industry. New image types arise, as when the saint appears as a lovesick musician playing a lute or as a melancholic contemplative, longing for Christ. Some depictions emphasize her intercessory role through innovative pictorial strategies that invite performative viewing or relate her to the mythological Pandora and Italian Renaissance Neoplatonism. Throughout, the Magdalene's ambiguities destabilize readings of her imagery while engaging audiences across a broad social and religious spectrum.**

**This book is about the life of a penny, from the year it was made and the first person to take ownership of it, all the way to its last owner, who happens to be the same person. It is about decades of many adventures, both happy and sad, overcoming hardship and adversity, and the various feelings of understanding one's purpose and place in life. It is about being loved, the desire we all have to belong and feel accepted, and what it really means to have a place to call home. Through the penny, we learn that it does not matter where you live or have lived. Your loved ones are your true home. God has a plan to help us realize there is always hope in finding your true home.**

Penny had been channeling Mother Mary for 20 years and written three books with her. In 2014 Mother Mary came to Penny again and asked her to bring through her teachings on sacred relationships to be included in another book. "The teachings passed down through the priestess trainings in the Great Pyramid are being brought forth but there is a critical element that is missing - the connection with the heart and the upper chakras. In order to have a full integration of mind, body, and spirit, it is necessary to integrate not only the masculine and feminine, but to realize the full expression of these qualities in our divine blueprint. This requires healing of the wounds in the lower chakras that can be accomplished with conscious sexual union and appropriate energy practices, but it also requires an engagement of the Loving energy of the heart through the full expression of unconditional Love. It is through this door that access to the higher chakras is integrated into form Penny did not currently have a beloved in her life, but Mother Mary said he was coming to "rekindle fires left smoldering in previous lifetimes." Cool!she thought and she agreed. He showed up as promised and thus began an extraordinary adventure in the exploration of Hieros Gamos, the Sacred Union of the Divine Feminine and Divine Masculine. Penny shares in intimate detail the ups and downs of how they incorporated her teachings into their lives in creating a new paradigm of loving experience. This is their story...

Amidst a period of suffering, Penny Abbruzzese hears that the Virgin Mary was appearing to six children at Medjugorje in Bosnia-Herzegovina. Wondering if Our Lady can comfort her still-grieving heart, Penny journeys on a pilgrimage to Medjugorje, unaware that this journey and search for healing would change her life in ways she could never have imagined. Along the way, she is inspired to look into the depths of her soul and ask questions about her faith. Do people really believe in miracles? Are apparitions real and can they truly change someone's life? Once there, she miraculously received the grace to communicate with Our Lady, hearing from her, "Mary gives you hope." Our Lady's ongoing messages propel Penny to a new way of life. Her heart is opened with a new focus on helping people she had once ignored--the lost souls, the sick, and the disabled. In response, Penny leads more than 100 pilgrimages with countless pilgrims, witnessing abundant grace and many miracles. She finds the answer to all her questions: yes, miracles and healings do happen. This book

tells the story of Penny's 36-year journey in which she gives her life for others, finding hope and the faith to share that hope with those she encounters along the way. Penny's story is one that will inspire anyone to believe that miracles do happen, even on a journey of trials and tears.

Bob and Penny Lord write about the apparitions of Mary, contending that each of them has significance for larger numbers than the fortunate few to whom she has appeared.

Annual Report

Mary is feeling sad because she has nothing to wear to the party. A fairy flies in through Mary's window and tries to help, but things don't go as planned. Often referred to as a proto-feminist, early modern English philosopher and rhetorician Mary Astell was a pious supporter of monarchy who wrote about gender equality at a time when society tightly constrained female agency. This diverse collection of essays situates her ideas in feminist, historical, and philosophical contexts. Focusing on Astell's work and thought, this book explores the degree to which she can be considered a "feminist" in light of her adherence to Cartesianism, Christian theology, and Tory politics. The contributors explore the philosophical underpinnings of Astell's outspoken advocacy for the autonomy and education of women; examine the intricacies underlying her theories of power, community, and female resistance to unlawful authority; and reveal the similarities between her own philosophy of gender and sexual politics and feminist theorizing today. A broad-ranging look at one of the most important female writers of the seventeenth and eighteenth centuries, this volume will be especially valuable to students and scholars of feminist history and philosophy and the early modern era. Aside from the editors, the contributors are Kathleen A. Ahearn, Jacqueline Broad, Karen Detlefsen, Susan Paterson Glover, Marcy P. Lascano, Elisabeth Hedrick Moser, Christine Mason Sutherland, and Nancy Tuana.

"Smart and funny, with characters so real and vulnerable, you want to send them care packages. I loved this book." —Rainbow Rowell From debut author Mary H.K. Choi comes a compulsively readable novel that shows young love in all its awkward glory—perfect for fans of *Eleanor & Park* and *To All the Boys I've Loved Before*. For Penny Lee, high school was a total nonevent. Her friends were okay, her grades were fine, and while she'd somehow landed a boyfriend, they never managed to know much about each other. Now Penny is heading to college in Austin, Texas, to learn how to become a writer. It's seventy-nine miles and a zillion light years away from everything she can't wait to leave behind. Sam's stuck. Literally, figuratively, emotionally, financially. He works at a café and sleeps there too, on a mattress on the floor of an empty storage room upstairs. He knows that this is the god-awful chapter of his life that will serve as inspiration for when he's a famous movie director but right this second the seventeen bucks in his checking account and his dying laptop are really testing him. When Sam and Penny cross paths it's less meet-cute and more a collision of unbearable awkwardness. Still, they swap numbers and stay in touch—via text—and soon become digitally inseparable, sharing their deepest anxieties and secret dreams without the humiliating weirdness of having to, you know, see each other.

With nothing left to lose, an Oxford don, an English lord, a society physician, and a French art dealer go after Harvey Metcalf, the expert in international stock fraud who took their money. Reprint.

City dweller John McCall never expected to be out in the High Sierras of 1868 on a wild-goose chase to find the Chiltons' supposedly lost grandson. But now that he's out here, things have gotten even more complicated, mostly due to wildcat Penny Scott. She's not like any woman he's ever met—comfortable in the woods, with a horse, and with a gun. When Penny and John are taken against their will by a shadowy figure looking for evidence they don't have, both realize they've stumbled into something dangerous and complicated. With their friends and family desperately searching for them, Penny and John must make a daring escape. When they emerge back into the real world, they are confronted with a kidnapper who just won't stop. They must bring a powerful, ruthless man to justice, even as this city man and country woman fight a very inconvenient attraction to each other.
