

Massey Ferguson 2 Row Planter Manual

Herbicides are one of the most widely used groups of pesticides worldwide for controlling weedy species in agricultural and non-crop settings. Due to the extensive use of herbicides and their value in weed management, herbicide research remains crucial for ensuring continued effective use of herbicides. Presently, a wide range of research continues to focus on improved herbicide use and weed biology. The authors of *Herbicides, Agronomic Crops and Weed Biology* cover multiple topics concerning current valuable herbicide research.
