The Camper Van Bible is THE definitive glovebox bible for anyone who owns or 'would die for' a camper van. In this book Martin Dorey, acknowledged camper van expert and presenter of BBC2's 'One Man and His Campervan', delves headfirst into the nitty gritty of camping and camper vans. The book covers all aspects of the camper van life, including: - Owning and living day to day with a camper van (LIVE) - Cooking and eating in your camper (EAT) - Sleeping in your camper (SLEEP) - Keeping you and your van going (REPEAT) Packed with stunning photography, and oodles of vital, definitive and authoritative information, plus some tasty recipes too, this book will be essential for both dreamers and do-ers alike. It will appeal to all areas of the market, from the Classic VW owners and the owners of modern VWs to owners of all makes of camper vans, smaller motorhomes, and the tented camper markets too. Heed the advice, drool over the pictures. Then go and do it.

***Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.***
