Written for the layperson, this book contains a wide range of legal references and offers practical advice for collectors, dealers, and artists. Chapters discuss art as it is defined by customs authorities, as it exists as an international movement, as it suffers under conditions of war, and as an investment. They also address issues like auctions, authentication, insurance, taxes, aid to the arts, copyright, and freedom of expression. Annotation copyrighted by Book News Inc., Portland, OR

**This book, in its four editions, pioneered the emphasis on revenues and earnings recognition and realization which has been the story of the accounting difficulties of the past decade. The author has insisted on rigorous understanding of fundamentals and underlying principles, as well as the dynamics of accounting finance and law which lead to the issues lawyers face in the modern service economy today. Although the current popular interest in accounting fraud and planned changes in oversight give an impression of new issues, this work is further evidence of timeliness in well received teaching materials.**
