to the Directorate General of Health Services at the Ministry of Health and Family Welfare. Prior to 2019, the test was administered by the Central Board of Secondary Education (CBSE) in partnership with Prometric Testing Pvt Ltd headquartered in the USA. NEET-UG replaced the All India Pre Medical Test (AIPMT) and all individual MBBS exams conducted by states or colleges themselves in 2013. However, many colleges and institutes had taken a stay order and conducted private examinations for admission to their MBBS and BDS courses. NEET-UG is a single entrance test for admissions to more than

1 mark is deducted for every wrong answer. No marks are deducted if the candidate has not attempted a question. The total time duration is of 3 hours. NEET UG syllabus consists of concepts taught in standard 11 and 12 in the Indian School Systems. (Physics, Chemistry, Biology and Maths) NEET-UG is currently conducted (2019 and onwards) by the National Testing Agency (NTA). Formerly, it was conducted by the Central Board of Secondary Education, from 2013 to 2018.

you want to get an edge over others, here is a tip, master NEET Chemistry concepts. Chemistry demands the attention of students in understanding reactions and concrete basic understanding but once done it only gets easier from there. NEET is amongst one the most prestigious medical entrance exams in India. With just a few months left for the examination, it becomes quite challenging for students to cover all the concepts included in the NEET syllabus thoroughly. However, a proper study plan designed as per the latest examination pattern

and the syllabus can help students to prepare all the important concepts in shorter time duration. Given below are few useful tips that can assist the students in tackling multiple-choice questions in NEET exam accurately. In most of the multiple choice questions, the options are designed in a very tricky and confusing manner. In most of the cases, all the given options seem to be correct in some aspect. Therefore, the students are advised to read the entire question very carefully. Try to accumulate all the information provided in the question effectively

Some of the questions asked in the NEET exam are entirely memory-based; therefore, the students are advised to memorize the common names, scientific names, concepts and important definitions. Around 40% of the questions asked in the NEET exam are application-based. Therefore, students need to focus more on the concepts along with its applications in order to score well in the examination. Chemistry topics broadly can be grouped into – Organic, Inorganic and Physical chemistry. Organic Chemistry is a

vast section and holds the maximum weightage. Its concepts and principles are important. One needs to be conversant with properties of groups, conversions, recognizing organic compounds etc. Interlinking between different chapters from organic chemistry can be of great help. The students must primarily focus on reading NCERT textbooks. Several times the questions asked in NEET exam are taken directly from the NCERT textbooks. Initially avoid answering those questions for which you are not confident because your wrong answer may

reduce your final score. In order to utilize your time appropriately, divide the three hours of examination time as per your comfort among Physics, Chemistry, and Biology. Initially, focus on attempting all easy questions and later on pick the difficult ones. By this way, your confidence will be elevated and you will also get more time to answer hard questions. Practice previous years' question papers/mock tests and sample papers to get an idea on how to answer MCQ questions efficiently. Preparing at an early stage is what an MCQ exam requires. Avoid

NEET is amongst one the most prestigious medical entrance exams in India. With just a few months left for the examination, it becomes quite challenging for students to cover all the concepts included in the NEET syllabus thoroughly.

However, a proper study plan designed as per the latest examination pattern and the syllabus can help students to prepare all the important concepts in shorter time duration. Given below are few useful tips that can assist the students in tackling multiple-choice questions in NEET exam accurately. In most of the multiple choice questions, the options are designed in a very

tricky and confusing manner. In most of the cases, all the given options seem to be correct in some aspect. Therefore, the students are advised to read the entire question very carefully. Try to accumulate all the information provided in the question effectively because in some of the cases you can easily evaluate the correct answers from the question itself. If you are muddled by the given options, then, give each option a true and false test. Instead of getting confused, consider all the possibilities and neglect the incorrect options. Hence, in this way, the most appropriate answer could be easily spotted. Use a step wise

approach to solve conceptual and complex questions. Several times Matching type Questions are asked where the students are required to find the mismatched or the correctly matched option. Some of the questions asked in the NEET exam are entirely memory-based; therefore, the students are advised to memorize the common names, scientific names, concepts and important definitions. Around 40% of the questions asked in the NEET exam are application-based. Therefore, students need to focus more on the concepts along with its applications in order to score well in the

examination. The students must primarily focus on reading NCERT textbooks. Several times the questions asked in NEET exam are taken directly from the NCERT textbooks. Initially avoid answering those questions for which you are not confident because your wrong answer may reduce your final score. In order to utilize your time appropriately, divide the three hours of examination time as per your comfort among Physics, Chemistry, and Biology. Initially, focus on attempting all easy questions and later on pick the difficult ones. By this way, your confidence will be elevated and you will also get

depth, that was when I conceived the idea of writing such a book myself. I have written this book purely from the perspective of a hemat-oncologist and by relying on the highest quality material. The standard textbooks, NCCN guidelines and high impact journals were referenced for every question. The result is this book, which will serve the purpose of equipping the exam going (NEET-SS and board review, along with any other entrance exam where questions about hematology are asked) doctors with the right tool to test and build their knowledge. As the knowledge in the field of hematology is
