Mental Maths

Secrets of Mental Math

Singapore Math Preschool Workbook Ages 3-5

The three photocopiable titles in the Mental Maths in Minutes series provide a systematic approach to teaching and learning number facts. Each Mental Maths sheet is split into four columns - teachers photocopy the sheet, then slice the copies to provide strips of questions to give to the children. The children are timed for one minute and achieve a score according to the number of questions that they get correct. Specific skills such as addition, subtraction, doubling, halving, multiplying and dividing are addressed repeatedly, but each time at a higher level of understanding and children are encouraged to improve upon their own scores.

This fun range of Maths and English activity books really helps to boost your child s progress at every stage of their learning. The series builds important skills in line with their learning at school."

Maths Ages 5-7

Mental Maths Practice

Practise & Learn: Mental Maths (Ages 5-7)

These simple math secrets and tricks will forever change how you look at the world of numbers. Secrets of Mental Math will have you thinking like a math genius in no time. Get ready to amaze your friends—and yourself—with incredible calculations you never thought you could master, as renowned “mathemagician” Arthur Benjamin shares his techniques for lightning-quick calculations and amazing number tricks. This book will teach you to do math in your head faster than you ever thought possible, dramatically improve your memory for numbers, and—maybe for the first time—make mathematics fun. Yes, even you can learn to do seemingly complex equations in your head; all you need to learn are a few tricks. You’ll be able to quickly multiply and divide triple digits, compute with fractions, and determine squares, cubes, and roots without blinking an eye. No matter what your age or current math ability, Secrets of Mental Math will allow you to perform fantastic feats of the mind effortlessly. This is the math they never taught you in school.
