

Mercantile Law Question Papers Grade 12 2013

“... a highly valuable contribution to the legal literature. It adopts a useful, modern approach to teaching the young generation of lawyers how to deal with the increasing internationalisation of law. It is also helpful to the practising lawyer and to legislators.” (Uniform Law Review/Revue de Droit Uniforme) Volume 4 of this new edition deals with movable and intangible property law. The book addresses the transformation of the models of movable property in commercial and financial transactions between professionals in the international flow of goods, services, money, information, and technology. In this transnational legal order, the emphasis in the new law merchant or modern lex mercatoria of movable property turns to risk management, asset liquidity, and transactional and payment finality. Particular attention is given to the notion of assets and asset classes, the inclusion of monetary claims, the transformation of assets in production and distribution chains, and the type of user, income and enjoyment rights that can be established in them, when they become proprietary, what that means, the role of party autonomy in the creation and operation of these rights, and how they are handled between professional participants and upon a sale to consumers. The volume compares common law and civil law concepts - the one being geared to improving value, the other to consumption; it then identifies their relevance especially in modern finance, and concludes by indicating future directions. The complete set in this magisterial work is made up of 6 volumes. Used independently, each volume allows the reader to delve into a particular topic. Alternatively, all volumes can be read together for a comprehensive overview of transnational comparative commercial, financial and trade law. The examiner-reviewed F4 Practice and Revision Kit provides invaluable guidance on how to approach the exam and contains past ACCA exam questions for you to try. It highlights how to revise for important syllabus areas such as the law of tort, corporate governance and ethics. BPP Learning Media's ISAC approach will also show you how to earn maximum marks.
