

Michael Armstrong Human Resource Management 12th Edition

Armstrong's Handbook of Strategic Human Resource Management is a complete guide to integrating HR strategies with wider organizational goals and objectives approaches to achieve sustained competitive advantage. Supported by key learning summaries, source reviews and practical real-life examples from organizations including UNICEF and General Motors (GM), it provides coverage of HRM strategies in key areas of the function such as employee engagement, talent management and learning and development, as well as strategic HRM approaches in an international context. This fully revised seventh edition of Armstrong's Handbook of Strategic Human Resource Management contains new chapters on evidence-based strategic HRM, employee wellbeing strategies and HR analytics, as well as additional case studies and updated wider content to reflect the latest research and thinking. It remains an indispensable resource for both professionals and those studying HR qualifications, including undergraduate and masters degrees and the CIPD's advanced level qualifications. Online supporting resources include lecture slides and comprehensive handbooks for lecturers and students which include self-assessment questions, case study exercises, and a glossary and literature review.

HR managers have to serve the interests of their organizations, comprising employees, customers and the community at large as well as shareholders, or, in the public or voluntary sectors, those who have the ultimate responsibility for what the organization does. It also means exercising social responsibility, being concerned for the interests (well-being) of employees and acting ethically with regard to the needs of people in the organization and the community. Armstrong's Essential Human Resource Management Practice provides a complete overview of the practices and processes fundamental to managing people. The text provides a thorough introduction to the core areas of HR including: people resourcing, performance management, learning and development and rewarding people. It also examines the contribution of HR to organizational aims and objectives and how it is integrated within the business. The book is accompanied by online resources for both lecturers and students and adopts an increased focus on employee engagement, a concept which is becoming increasingly prominent in people management, but which is often presented as a mantra without being properly understood; this is examined in detail with reference to recent research. Michael Armstrong's original Handbook of Human Resource Management is the classic text for all those studying HR or who are entering the profession for the first time. In this new title Michael Armstrong provides a condensed text which has been rewritten with the non-HR student or professional in mind, describing and evaluating key HRM concepts such as: HRM itself; strategic HRM; the resource-based view; the choice between best practice and best fit; human capital measurement; motivation theory; emotional intelligence; the flexible firm; the learning organization; and financial

rewards.

A Handbook of Human Resource Management Practice Kogan Page Publishers

Reward management deals with the strategies, policies and processes required to ensure that the value of people and the contribution they make to achieving organizational, departmental and team goals is recognized and rewarded. Armstrong's Handbook of Reward Management Practice is the definitive guide to understanding, developing and implementing effective reward systems. It is aimed at HR practitioners involved in employee reward, and at students who need to understand the importance of reward and how it can be successfully applied across organizations. Updated to reflect the practical implications of the most recent research and discussion on reward management, this edition includes new case studies and chapters on evidence-based reward management, reward risk management and ethical approaches to reward management. This authoritative and engaging book is accompanied by extensive online resources, including PowerPoint slides and notes for tutors, and exercises to help students to test their learning. It is also closely aligned to the CIPD's standards in Reward Management, making it an ideal companion for both practitioners and students undertaking a professional qualification.

Human Resource Management Essentials You Always Wanted To Know

A Quick and Handy Resource for Any Manager or HR Professional

A Handbook of Management and Leadership

Fast, Effective Management Skills that Really Get Results

Armstrong's Handbook of Human Resource Management Practice, 11th Edition

To make an effective contribution, HR specialists have to be good at management, leadership and developing both themselves and others. They also need to be aware of the management and business considerations that affect their work. Armstrong's Handbook of Management and Leadership for HR provides guidance on the processes of management and leadership with particular reference to what HR managers and aspiring managers need to know and do to make a difference. Written by renowned human resources expert and bestselling author Michael Armstrong, Armstrong's Handbook of Management and Leadership for HR covers in one volume the 'Leading, Managing and Developing People' and 'Developing Skills for Business Leadership' Chartered Institute of Personnel and Development (CIPD) modules. It includes numerous practical features such as case studies, practitioner interviews, exercises and clear learning objectives to aid learning. This is the essential book for HR students and professionals looking to broaden their skills and

understanding relating to management and leadership. Online supporting resources include lecture slides, an instructor's manual, a student's manual and a literature review. Human Resources topics are gaining more and more strategic importance in modern business management. Only those companies that find the right answers to the following questions have a sustainable basis for their future success: - How can we attract and select the right talent for our teams? - How can we develop the skills and behaviors which are key for our business? - How can we engage and retain the talent we need for our future? While most other management disciplines have their standards and procedures, Human Resources still lacks a broadly accepted basis for its work. - operational perspective Both the structured collection of reflected real-life experience and the multi-perspective view support readers in making informed and well-balanced decisions. With this handbook, Springer provides a landmark reference work on today's HR management, based on the combined experience of more than 50 globally selected HR leaders and HR experts. Rather than theoretical discussions about definitions, the handbook focuses on sharing practical experience and lessons learned from the most relevant business perspectives: - cultural / emotional perspective - economic perspective - risk perspective

Job evaluation is key to ensuring that employees are compensated fairly for their work. It is therefore essential that HR professionals have a robust process in place so that pay and reward are transparent and defensible within teams and across departments. Armstrong's Job Evaluation Handbook gives HR professionals all the tools they need to assess which approach to job evaluation is most suitable, how to implement it and how to maintain it. Packed with case studies from leading organizations such as Microsoft, Vodafone and the NHS, this guide will provide HR professionals with the ability to answer key questions such as how can we decide what is fair to pay our staff, how can we make sure that work of equal value receives equal pay and how can we make sure that our salaries remain competitive in the market? Armstrong's Job Evaluation Handbook covers everything needed to put effective job evaluation processes in place, including analytical matching and market pricing, developing job grades and defining pay structures. There is also coverage of the latest trends and issues in job evaluation,

such as the decline in points-rated systems and the use of levelling by consultants. Underpinned by original research, this is a book that no HR department can afford to be without.

This eighth edition of the best-selling How to be an Even Better Manager covers 50 essential topics across the three key areas in which any manager needs to be competent: managing people; managing activities and processes; and managing and developing yourself. Thoroughly revised and updated, with nine new chapters providing timely advice on topics such as benchmarking, cost cutting, improving organizational capability and recovering from setbacks, this is an invaluable handbook for current and aspiring managers. How to be an Even Better Manager provides sound guidelines that will help you to develop a broad base of managerial skills and knowledge. Even the most experienced manager needs to keep abreast of new developments and brush up on essential competencies, so this new edition will continue to be an invaluable aid.

Armstrong on Reinventing Performance Management

The Essential HR Handbook

Strategic HRM

Managing People

Handbook of Human Resources Management

Armstrong's Job Evaluation Handbook

The first edition of this book emerged as the definitive guide to reward management and also became an established reference work on human resource management courses around the world. It's not hard to see why. Covering everything you need to know about reward management in a company, the handbook is both highly readable as well as containing an impressive programme of tried and tested techniques for running efficient and motivational reward programmes. The techniques covered include: establishing job values and relativities; developing grade and pay structures; how to reward and review contribution and performance; how to reward special groups; running employee benefit and pension schemes; and so much more. This new edition contains new research conducted by E-Reward, as well as over 30 new case studies and brand new coverage of key topics such as engagement and commitment, bonus schemes and rewarding knowledge workers. If you are involved in developing reward schemes for staff, or are studying human resource management, then this book

will open your eyes to the latest thinking in staff motivation and reward.

How can strategic HRM make a significant impact on bottom-line performance? The authors have drawn on previously unpublished research to provide authentic voices from real-life managers discussing how they set about developing and implementing HR strategies. The research includes interviews with HR Directors and Chief Executives from a variety of organisations including The Children's Society, Homebase and Lloyds TSB. Overall the text demystifies the concept and practice of strategic HRM, placing it firmly within the context of the wider organizational strategy and business goals.

Armstrong looks at the role and responsibility of the line manager as a personnel manager, covering topics such as employee development, performance management, health and safety issues, and the legal framework.

Armstrong's Handbook of Performance Management addresses all areas of performance management, from performance pay and giving feedback to managing underperformers and having difficult conversations, so organizations can optimize staff performance. This fully updated and restructured 6th edition analyzes traditional as well as the latest developments in performance management including the shift from ratings and annual reviews. Veteran HR expert Michael Armstrong examines where these new approaches should be embraced and where traditional methods of performance management may be preferable. Packed with examples, exercises, checklists and new case studies from organizations such as Microsoft, IBM and Expedia, this book remains the most authoritative and engaging textbook on performance management. Supporting online resources for Armstrong's Handbook of Performance Management include an instructor's manual, a student's manual, lecture slides, a glossary of terms and a literature review.

A Handbook of Employee Reward Management and Practice

A Handbook of Personnel Management Practice

Human Capital Management (HCM) has been described as a high-level strategic issue that seeks to analyse, measure and evaluate how people policies and practices create value. Put simply, HCM is about creating and demonstrating the value that great people and great people management add to an organization. This unique book describes how HCM provides a bridge between human resource management and business strategy. It also demonstrates how organizations can use the concepts of human

resource management and the processes involved to enhance the value they obtain from people while continuing to meet their aspirations and needs. Armstrong and Baron explain how to achieve these objectives using various approaches including: Describing the concepts of HCM and how the process works; Examining the practice of HCM with regard to measurement and reporting; Discussing the various applications of HCM with regard to HR strategy formulation, learning and development, knowledge management, performance management, reward management and talent management; and examining the role of HR in HCM and the future of the concept. It also contains an appendix a toolkit which organizations can use to develop their own HCM policies and practices.

Gain a complete understanding of how to develop all the key areas of the HR function with this one-stop shop handbook by the UK's bestselling HRM author.

This market-leading text takes a pragmatic approach emphasizing the strategic role of human resources. Comprehensive, research-based coverage includes all major topics identified on the Human Resource Certification Institutes Content Outline. Coverage includes a global chapter, expanded coverage of diversity, new material on performance management, and current hot topics such as self-directed work teams, shamrock organization, broadbanding, competency-based pay systems, job security, violence in the workplace, and how organizational commitment affects production, quality, and service.

This edition reflects the Institute of Personnel and Development's Autumn 1996 syllabus. Topics covered include: personnel and development management; organizational behaviour, design and development; resourcing; employee reward; and health, safety and welfare. An LPBB/ELBS edition is available.

How to be an Even Better Manager

From Michael Armstrong, HR expert and best-selling author, comes this new edition of the business staple, How to Manage People. Providing valuable insight into the functions and skills required to be an effective manager - from how to manage teams to successful recruitment - it will help you get the best from your staff through motivation, reward and leadership. With three brand new chapters on managing virtual teams, enhancing employee engagement and managing conflict, it is full of easily applicable advice as well as practical tools and checklists. Essential reading for anyone who wants to get the best from their teams, How to Manage People distils the essence of good management into one handy book.

Develop and implement HR strategies which are aligned with wider business strategies to achieve organizational

success.

Human resource management (HRM) came to the fore as a distinctive approach to managing people as late as the mid-1980s. Since then it has assumed enormous significance in the world of organizational and people management.

Optimizing staff performance is a key component of achieving outstanding business results. The new edition of Armstrong's Handbook of Performance Management is an essential companion for improving employee and organizational performance. From performance pay and giving feedback to managing underperformers, this handbook addresses all areas of performance management to enable students and practitioners to understand how to assess, measure and improve performance. This updated seventh edition contains new chapters on the meaning and development of performance management and managing performance with a remote workforce. It also covers performance leadership and multi-source feedback. Packed with examples to show how the theory applies in practice and exercises to consolidate student learning, Armstrong's Handbook of Performance Management remains an indispensable and engaging resource for securing effective performance across all aspects of the organization. Supporting online resources include an instructor's manual, lecture slides, a glossary and a literature review

The SHRM Essential Guide to Employment Law

Achieving Added Value Through People

Strategy & Action

How to Manage People

The Job Evaluation Handbook

A Guide to People Management

Armstrong's Handbook of Human Resource Management is the classic text for all students and practitioners of HRM.

Providing a complete resource for understanding and implementing HR in relation to the needs of the business as a whole, it includes in-depth coverage of all the key areas essential to the HR function. The 12th edition has been radically updated to create a cutting-edge textbook, which encourages and facilitates effective learning. Comprehensive online support material is provided for the instructor, student and now also the practitioner, providing a complete resource for teaching and self-learning. The text has been updated to include all the latest developments in HRM and now includes two new sections covering HR skills and toolkits.

Armstrong's Handbook of Human Resource Management Practice is the bestselling and definitive resource for HRM students and professionals, which helps readers to understand and implement HR in relation to the needs of the business. It covers in-depth all of the areas essential to the HR function such as employment law, employee relations, learning and development,

performance management and reward, as well as the HR skills needed to ensure professional success, including leadership, managing conflict, interviewing and using statistics. Illustrated throughout in full colour and with a range of pedagogical features to consolidate learning (e.g. source review boxes, key learning points, summaries and case studies from international organizations such as IBM, HSBC and Johnson and Johnson), this fully updated 15th edition includes new chapters on the HRM role of line managers, evidence-based HRM, e-HRM and the gender pay gap, further case studies and updated content covering the latest research and developments. Armstrong's Handbook of Human Resource Management Practice is aligned with the Chartered Institute of Personnel and Development (CIPD) profession map and standards and is suited to both professionals and students of both undergraduate degrees and the CIPD's level 5 and 7 professional qualifications. Online supporting resources include comprehensive handbooks for lecturers and students, lecture slides, all figures and tables, toolkits, and a literature review, glossary and bibliography.

Armstrong on Reinventing Performance Management presents a holistic approach to performance management, drawing on Michael Armstrong's vast research and experience. Most organizations have performance management processes in one form or another, but these are often based on formal annual reviews, forced rankings and directly linked to pay decisions. These traditional approaches are often at the expense of ongoing, continuous feedback and focus on looking back at what has or has not been achieved rather than looking forward. Direct links to pay decisions avert attention from people development, and managers often get lost in the bureaucracy of complex forms rather than fully engaging with their people. Armstrong on Reinventing Performance Management details how to build a culture of ongoing feedback and coaching and provides case studies of how this approach to building performance has been effective in organizations including Deloitte, Gap, Expedia and Google. Filled with practical advice, including how to deal with underperformers, it enables organizations to remove overly bureaucratic and ineffective systems based on top-down judgments and ratings, and demonstrates how to get line managers' support for the process focusing on actionable feedback and growth.

There is often a gap between the rhetoric of Strategic Human Resource Management and the reality of strategy in action. This highly regarded book provides unique practical guidance on actually implementing the complex HR strategies that have been formulated by many practitioners, academics and consultants in the past few years. Fully updated, this edition has been largely re-written to incorporate the latest thinking, research and practice on strategic Human Resource Management. It contains completely revised chapters on HRM, HR strategy, the formulation and implementation of strategy, roles in strategic HRM and strategic reward.

Armstrong's Handbook of Reward Management Practice is the definitive guide to understanding, developing and implementing effective reward. It is closely aligned to the CIPD's standard in reward management and is supported by online resources for both lecturers and students. Updated to reflect the practical implications of the most recent research and discussion on reward management, this new fifth edition includes a new chapter on computerized reward management, completely updated chapters on job evaluation, pay structures, merit pay and executive pay, and new case studies. As with all of Armstrong's texts, Armstrong's Handbook of Reward Management Practice truly bridges the gap between academic and practitioner and is, therefore ideally suited to anyone studying for a professional qualification in HR, of which Reward is often a core part, in particular the CIPD's intermediate and advanced level qualifications. Online supporting resources include lecture slides, an instructor's manual and a student's manual complete with a glossary, bibliography and literature review.

Strategic human resource management has been taken up by academics, consultants and practitioners alike. However, the integration of human resource strategy with overall business strategy is often easier in theory than in practice. Armstrong's Handbook of Strategic Human Resource Management provides a bridge between theory and practice, and offers a guide both to formulating human resource strategies and to implementing them. Fully updated, this edition incorporates the latest thinking, research and practice on strategic Human Resource Management and contains completely revised chapters on HRM, HR strategy, the formulation and implementation of strategy, roles in strategic HRM and strategic reward. This indispensable book includes coverage of international aspects of strategic human resource management. It also reflects important developments in HR strategies linked with those issues that affect HRM on a day-to-day basis, including human capital management, corporate social responsibility, organization development, employee engagement and talent management. Including a new chapter on organizational effectiveness, Armstrong's Strategic

Human Resource Management sets out a strategic framework for HRM; a framework for implementing SHRM in action; and a section on HR strategies. Case studies, checklists, practical examples and a strategic HR toolkit make this book an extremely practical resource for all those who are involved in putting complex strategy into practice in order to effect positive and productive change.

Gain a complete understanding of the theory and practice of L&D for students and practitioners alike covering the fundamentals of learning and development, new developments, learning cultures and strategic L&D.
