A 2019 NEWBERY HONOR BOOK "A gripping, nuanced story of the human cost of conflict appropriate for both children and adults." —Kirkus, starred review In the vein of Inside Out and Back Again and The War That Saved My Life comes a poignant, personal, and hopeful tale of India's partition, and of one girl's journey to find a new home in a divided country It's 1947, and India, newly independent of British rule, has been separated into two countries: Pakistan and India. The divide has created much tension between Hindus and Muslims, and hundreds of thousands are killed crossing borders. Half-Muslim, half-Hindu twelve-year-old Nisha doesn't know where she belongs, or what her country is anymore. When Papa decides it's too dangerous to stay in what is now Pakistan, Nisha and her family become refugees and embark first by train but later on foot to reach her new home. The journey is long, difficult, and dangerous, and after losing her mother as a baby, Nisha can't imagine losing her homeland, too. But even if her country has been ripped apart, Nisha still believes in the possibility of putting herself back together. Told through Nisha's letters to her mother, The Night Diary is a heartfelt story of one girl's search for home, for her own identity...and for a hopeful future.

The astonishing, uplifting story of a real-life Indiana Jones and his humanitarian campaign to use education to combat terrorism in the Taliban's backyard Anyone who despairs of the individual's power to change lives has to read the story of Greg Mortenson, a homeless mountaineer who, following a 1993 climb of Pakistan's treacherous K2, was inspired by a chance encounter with impoverished mountain villagers and promised to build them a school. Over the next decade he built fifty-five schools—especially for girls—that offer a balanced education in one of the most isolated and dangerous regions on earth. As it chronicles Mortenson's quest, which has brought him into conflict with both enraged Islamists and uncomprehending Americans, Three Cups of Tea combines adventure with a celebration of the humanitarian spirit.

STATISTICAL METHODS FOR PSYCHOLOGY surveys the statistical techniques commonly used in the behavioral and social sciences, particularly psychology and education. To help students gain a better understanding of the specific statistical hypothesis tests that are covered throughout the text, author David Howell emphasizes conceptual understanding. This Eighth Edition continues to focus students on two key themes that are the cornerstones of this book's success: the importance of looking at the data before beginning a hypothesis test, and the importance of knowing the relationship between the statistical test in use and the theoretical questions being asked by the experiment. New and expanded topics—reflecting the evolving realm of statistical methods—include effect size, meta-analysis, and treatment of missing data. "The signature undertaking of the Twenty-Second Edition was clarifying the QC practices necessary to perform the methods in this manual. Section in Part 1000 were rewritten, and detailed QC sections were added in Parts 2000 through 7000. These changes are a direct and necessary result of the mandate to stay abreast of regulatory requirements and a policy intended to clarify the QC steps considered to be an integral part of each test method. Additional QC steps were added to almost half of the sections."—Pref. p. iv

ONE OF NPR'S BEST BOOKS OF 2019 From the award-winning author of Together Tea— debut novel hailed as "compassionate, funny, and wise" by Jill Davis, bestselling author of Girls' Poker Night—comes a powerful love story exploring loss, reconciliation, and the quirks of fate. Roya is a dreamy, idealistic teenager living in 1953 Tehran who, amidst the political upheaval of the time, finds a literary oasis in kindly Mr. Fakhr's neighborhood book and stationery shop. She always feels safe in his dusty store, overflowing with fountain pens, shiny ink bottles, and thick pads of soft writing paper. When Mr. Fakhr, with a keen instinct for a budding romance, introduces Roya to his other favorite customer—handsome Bahman, who has a burning passion for justice and a love for Rumi's poetry—she loses her heart at once. And, as their romance blossoms, the modest little stationery shop remains their favorite place in all of Tehran. A few short months later, on the eve of their marriage, Roya agrees to meet Bahman at the town square, but suddenly, violence erupts—a result of the coup d'état that forever changes their country's future. In the chaos, Bahman never shows. For weeks, Roya tries desperately to contact him, but her efforts are fruitless. With a sorrowful heart, she resigns herself to never seeing him again. Until, more than sixty years later, an accident of fate leads her back to Bahman and offers her a chance to ask him the questions that have haunted her for more than half a century: Why did he leave? Where did he go? How was he able to forget her? The Stationery Shop is a beautiful and timely exploration of devastating loss, unbreakable family bonds, and the overwhelming power of love.

"You think you know me. You think you want to know me. But trust me, Miss Lang. Pursuing me will be the worst mistake you ever make. I'm broken beyond repair....and I take great pleasure in breaking everyone else around me." Ophelia Lang needs money, and she needs it bad. Her parent's restaurant is going under, and ever since she lost her job teaching third grade elementary, scraping enough cash together to pay the bills has proven almost impossible. Her parents are on the brink of losing their home. The vultures are circling overhead. So when Ophelia is offered an interview for a well-paid private tutoring gig in New York, how can she possibly say no? Ronan Fletcher is far from the overweight, balding businessman Ophelia expected him to be. He's young, handsome, and wealthy beyond all reason. He's also perhaps the coldest, rudest person she's ever met, and has a mean streak in him a mile and a half wide. A hundred grand is a lot of money, however, and if tolerating his frosty temperament, his erratic mood swings and whatever else he throws at her means she'll get paid, then that is what Ophelia will do. Her new boss is keeping secrets, though. Awful, terrible secrets. The ghosts of Ronan Fletcher's past are about to turn Ophelia's future upside down, and she can't even see it coming.

When a misunderstanding leads to his suspension from school, Miles begins to question his abilities. After all, his dad and uncle were Brooklyn jack-boys with criminal records. Maybe kids like Miles aren't meant to be superheroes. Maybe Miles should take his dad's advice and focus on saving himself. As Miles tries to get his school life back on track, he can't shake the vivid nightmares that continue to haunt him. Nor can he avoid the relentless buzz of his spidey-sense every day in history class, amidst his teacher's lectures on the historical "benefits" of slavery and the importance of the modern-day prison system. But after his scholarship is threatened, Miles uncovers a chilling plot, one that puts his friends, his neighborhood, and himself at risk. It's time for Miles to suit up.

*"[A] fast-paced yarn that nimbly soars above the Irish crime fiction genre Kidd clearly knows very well." —New York Times Book Review "[A] supernaturally skillful debut." —Vanity Fair "A delicious, gratifying and ageless story." —New York Journal of Books Abandoned on the steps of an orphanage as an infant, Dublin charmer Mahony assumed all his life that his mother had simply given him up. But at the bar suggesting that foul play had led to the disappearance of his mother, he decides to return to the rural Irish village where he was born to learn what really happened twenty-six years earlier. From the moment he sets foot in Mulderigg, Mahony's presence turns the village upside down. His uncanny familiar face and outsider's ways cause a stir among the locals, who receive him with excitement (the women), and suspicion (the pious). It seems that his mother, Orla Sweeney, had left quite an impression on this little town—dearly beloved to some, a scourge and a menace to others. But who would have had reason to get rid of her for good? Determined to find answers, Mahony solicits the help of brash pot-stirrer and retired actress Mrs. Cauley, and the two concoct an ingenious plan to investigate. What begins as a personal mission gradually becomes a quiet revolution: a young man and his town uniting against corruption of power, against those who seek to freeze their small worlds in time, to quash the sinister tides of progress and modernity come hell or high water.
